Written by noted dental hygiene educator Demetra Logothetis the first edition won a 2012 PROSE Honorable Mention award. This edition adds a new chapter on children and adolescent patients plus new coverage of anesthetic agents and advanced techniques. With colorful and detailed illustrations showing dental anatomy and hundreds of clinical photos of injection techniques as well as discussions of the Human Needs Paradigm to promote patient centered care this reference prepares you for success on board exams and confidence in practice. Clear approachable writing style makes it easier to learn proper techniques and gain confidence acknowledging not only the patient's fear of injection but also the fears of the inexperienced clinician. An outstanding art program features more than 500 full color photographs and illustrations. Technique and Procedures boxes provide illustrated step by step instructions for performing specific procedures including indications contraindications nerves and teeth affected operator and patient positioning insertion point penetration amount of anesthetic and working time. Color coded anesthesia boxes match the color scheme developed and used by the ADA American Dental Association and help in choosing the best agent for the type of anesthesia required providing images selection tips precautions and maximum dosing information. Review questions at the end of each chapter provide the opportunity to assess your understanding and the Evolve companion website provides a 55 question mock examination and chapter practice quizzes. Case studies make it easier to apply concepts to the clinical setting and to develop problem solving skills. Dental Hygiene Considerations boxes summarize key points and tips for optimal care. Key terms are highlighted within the text and defined in the glossary. Learning objectives begin each chapter and set goals for what you will accomplish they also help you study for examinations. A focus on the Human Needs Theory relates the administration of local anesthesia and dental hygiene care to the eight human needs. Summary tables and boxes help you review and study concepts procedures and techniques.
