Trump - Antidote to Western Decline? Vamsee Kiran Dondapati, 2024-08-22 The decline of Western civilization isn't just a theory it's a reality unfolding before our eyes Trump stands as the antidote pushing back against globalism and restoring sovereignty to the people The book *Trump Antidote to Western Decline* is a powerful exploration of the forces eroding Western civilization and a bold defense of the values that once made it great In a world increasingly dominated by globalism cultural erosion and economic stagnation this book argues that Donald Trump's vision offers a path to renewal and strength Through an in depth analysis of his policies case studies from nations facing similar challenges and a compelling narrative of the battle for the West's soul this book challenges readers to rethink the future of Western society Whether you see Trump as a savior or a disruptor one thing is clear his impact on the West will be felt for generations to come Prepare to be stirred challenged and inspired to consider what it takes to restore the greatness of Western civilization Grassroots Economies

Susana Narotzky, 2020-10-20 The austerity crisis has radically altered the economic landscape of Southern Europe But alongside the decimation of public services and infrastructure lies the wreckage of a generation's visions for the future In Greece Italy Spain and Portugal there is a new difficult reality of downward mobility *Grassroots Economies* interrogates the effects of the economic crisis on the livelihood of working people providing insight into their anxieties Drawing on a wide range of ethnographic material it is a distinctive comparative analysis that explores the contradictions of their coping mechanisms and support structures With a focus on gender the book explores values and ideologies including dispossession and accumulation Ultimately it demonstrates that everyday interactions on the local scale provide a significant sense of the global Future Survey Annual 1985 Michael Marien, 1987-01-01 *Summary Report of Hearings on "revitalization and the U.S. Economy"*, 1982 **Quality in Higher Education** Brent D. Ruben, 2018-04-24 The concept of quality in higher education is by no means a new one By one set of definitions or another colleges and universities throughout the world have always held the pursuit of excellence as their primary goal Why then has the quality approach developed and popularized in industry and how increasingly applied in health care and government receiving so much attention in higher education at this moment What does this perspective add to the approaches to excellence with which they have long embraced These are the two primary questions that this book seeks to address Chapters and contributors include *The New Productivity* by Peter F Drucker *World War II and the Quality Movement* by J M Juran *The Quality Approach to Higher Education* Context of Concepts for Change by Brent Ruben *The Big Questions in Higher Education Today* by L Edwin Coate *An American Approach to Quality* by Marilyn R Zuckerman and Lewis J Hatala *Quality in Higher Education* Critical Issues in Definition and Assessment

by Brent Ruben and Ten Areas for Future Research in Total Quality Management by A Blanton Godfrey The volume is graced with an opening essay by Francis L Lawrence president of Rutgers University Higher education is in the public spotlight today due to the many challenges it now faces rising tuition costs frustration about a tight job market for graduates calls for increased faculty productivity concerns about political correctness and criticisms regarding the use of grant and research funds among others Quality in Higher Education is a particularly timely book that will greatly benefit educators university administrators students and sociologists and all those who are interested in higher education today Enterprise Zones and Economic Revitalization (H.R. 6) United States. Williams, Jan Windebank, 2017-03-02 Governments in Western Europe and North America have placed job creation initiatives at the heart of their policy for revitalizing deprived neighbourhoods However relying on this alone is problematic and these governments are becoming increasingly interested in finding ways of enabling communities to help themselves Drawing upon original in depth studies of self help activities in both deprived and affluent neighbourhoods in UK cities this book examines why the populations of deprived neighbourhoods are more likely to be excluded not only from the labour market but also from adopting self help practices in response to their situation It also identifies the barriers which discourage participation in self help projects A combination of policies are advocated bringing together innovative bottom up initiatives such as LETS time currencies and Employee Mutuals with top down policies such as Active Citizens Credits This book instead suggests a fresh and positive approach towards revitalizing deprived neighbourhoods based on seeking the full engagement rather than merely the full employment of deprived populations **Political Science Revitalized** Michael Haas, 2017-07-28 Political

science has been described as a jigsaw puzzle with many specializations and subfields that do not talk to one another This book offers a solution that will advance the field from mid level theory to engage in cross fertilization through metatheoretical paradigms The book begins with a history of political science from the nineteenth century to the present followed by a paradigmatic history of political science including 6 metatheories in the pre behavioral era 12 in the behavioral era and the 4 major and several minor paradigms being developed today The book advances the goal of David Easton by proposing a neobehavioral political science including multimethodological innovations cross testing of paradigms and tenets of a new political science that can rise to become a truly theoretical science Each paradigm is diagramed to demonstrate the key concepts and their causal interconnections Political Science Revitalized Filling the Jigsaw Puzzle with Paradigms poses an exciting and provocative argument for the future of the vast field of political science **International Higher**
