Williams,2015-12-16 Defining the Caymanian Identity analyzes the factions and schisms surging throughout the multicultural multi ethnic and polarized Cayman Islands to identify who or what is considered a Caymanian In the modern world where Caymanian traditions have all but been eclipsed or forgotten often due to incoming overpowering cultural sensibilities it is a challenge to know where traditional Caymanian culture begins and modern Caymanian culture ends With this idea in mind Christopher A Williams investigates the pervasive effects of globalization multiculturalism economics and xenophobia on an authentic if dying indigenous Caymanian culture This book introduces and expounds the provocative solution that the continued prosperity of the Cayman Islands and their so called indigenous people may well depend on a synergistic moral link between Caymanianness and foreignness between Caymanianness and modernity *Shakespeare and the Just War Tradition* Professor Paola Pugliatti,2013-04-28 Brought to light in this study is a connection between the treatment of war in Shakespeare s plays and the issue of the just war which loomed large both in religious and in lay treatises of Shakespeare s time The book re reads Shakespeare s representations of war in light of both the changing historical and political contexts in which they were produced and of Shakespeare s possible connection with the

culture and ideology of the European just war tradition But to discuss Shakespeare's representations of war means for Pugliatti not simply to examine his work from a literary point of view or to historicize those representations in connection with the discourses and the practice of war which were produced in his time it also means to consider or re consider present day debates for or against war and the kind of war ideology which is trying to assert itself in our time in light of the tradition which shaped those discourses and representations and which still substantiates our moral view of war

Criminality and Narrative in Eighteenth-Century

England Hal Gladfelder, 2003-04-01 Stories of transgression Gilgamesh Prometheus Oedipus Eve may be integral to every culture's narrative imaginings of its own origins but such stories assumed different meanings with the burgeoning interest in modern histories of crime and punishment in the later decades of the seventeenth century In *Criminality and Narrative in Eighteenth Century England* Hal Gladfelder shows how the trial report providence book criminal biography and gallows speech came into new commercial prominence and brought into focus what was most disturbing and most exciting about contemporary experience These narratives of violence theft disruptive sexuality and rebellion compelled their readers to sort through fragmentary or contested evidence anticipating the openness to discordant meanings and discrepant points of view which characterizes the later fictions of Defoe and Fielding Beginning with the various genres of crime narrative Gladfelder maps a complex network of discourses that collectively embodied the range of responses to the transgressive at the turn of the eighteenth century In the book's second and third parts he demonstrates how the discourses of criminality became enmeshed with emerging novelistic conceptions of character and narrative form With special attention to Colonel Jack Moll Flanders and Roxana Gladfelder argues that Defoe's narratives concentrate on the forces that shape identity especially under conditions of outlawry social dislocation and urban poverty He next considers Fielding's double career as author and magistrate analyzing the interaction between his fiction and such texts as the aggressively polemical *Enquiry into the Causes of the Late Increase in Robbers* and his eyewitness accounts of the sensational Canning and Penlez cases Finally Gladfelder turns to Godwin's Caleb Williams Wollstonecraft's *Maria* and Inchbald's *Nature and Art* to reveal the degree to which criminal narrative by the end of the eighteenth century had become a necessary vehicle for articulating fundamental cultural anxieties and longings Crime narratives he argues vividly embody the struggles of individuals to define their place in the suddenly unfamiliar world of modernity

Torn Out by the Roots Hilda Vitzthum, 1993-01-01 The enemies of the people must be torn out by the roots read a sign Hilda Vitzthum observed in a public building shortly before her arrest in 1938 Her husband a Russian engineer employed in the construction of a huge steelworks in western Siberia was an enemy of the people a member of the educated classes that Stalin saw as a threat to his regime Not only would he be a victim of Stalin's madness his whole family must be destroyed Even though Hilda was an Austrian and like her husband a loyal Communist her children were taken from her and she was
