## **Revolution Of Spirit Ecumenical Theology In Global Context:**

**Revolution of the Spirit**, 1998      **Revolution of Spirit** Nantawan Boonprasat-Lewis, 1998 This collection of essays written in honor of Princeton scholar Richard Shaull reflects Shaull's desire to conceive an ecumenical theology that is respectful of cultures sensitive to historical context and critical of forces that marginalize people's lives.      *Contextual Theology and Revolutionary Transformation in Latin America* Angel D. Santiago-Vendrell, 2010-06-01 U.S. audiences know Latin American liberation theologies largely through translations of Latin American Catholics from the 1970s and beyond. Most of the few known Protestant authors were students of Richard Shaull whose critical thinking on social change, prophetic Christianity, and dialogue with Marxism and Christian use of Marxist analysis precedes the emergence of the formal schools of liberation theology by two decades. His own education at Princeton and the education he provided in Brazil charts the course of Protestant influences into this stream of theological reflection that became a global phenomenon in the latter decades of the twentieth century. Also, Shaull's career roughly parallels the emergence of the World Council of Churches and the engagement of the Catholic Church in Latin America and around the world after the Second Vatican Council. He himself was engaged and became the flash point in some of the major conferences, movements, and institutions of the 1960s and beyond. Santiago Vendrell documents the entrance of the ecumenical movement in Brazil among the most dramatic transformations in Catholic-Protestant relations around the globe as well as Shaull's role in that development. Along the way, he notes Shaull's prophetic and destabilizing role in the worldwide student movement in the 60s and 70s, charting decisions that mark the ecumenical movement. Shaull's contributions are important for an understanding of the ethical debates in the worldwide ecumenical Protestant and Orthodox communities. Santiago Vendrell examines primary, secondary, and historical documents that shine a light on Shaull's transformation into a contextual theologian of the poor. He offers a definitive view of this North American Protestant missionary who wrote extensively on Latin American liberation theology, the base Christian communities, and how conversion to solidarity with the poor offers transforming possibilities for the mainline churches' theological identity and practical faith.      **Terror in the Land of the Holy Spirit** Virginia Garrard-Burnett, Virginia Garrard, 2010-01-15 Between 1982 and 1983, in the name of anti-communism, the military government of Guatemala prosecuted a scorched earth campaign of terror against largely Mayan rural communities. Under the leadership of General Efraín Ríos Montt, tens of thousands of people perished in what is now known as *la violencia* or the Mayan Holocaust. Ríos Montt, Guatemala's president by coup, was and is an outspokenly born-again Pentecostal Christian, a fact that would seem to be at odds with the atrocities that took place on his watch. Virginia Garrard-Burnett's book is the first in English to view the Ríos Montt era through the lens of history. Drawing on newly available primary sources such as guerrilla documents, evangelical pamphlets, speech transcripts, and declassified U.S. government records, she is able to provide a fine-grained picture of what happened during Ríos Montt's rule. Looking back over Guatemalan history between 1954 and the late 1970s,

she finds that three decades of war engendered an ideology of violence that cut across class cultures communities religions and even families Many Guatemalans converted to Pentecostalism during this period she says because of the affinity between these churches apocalyptic message and the violence of their everyday reality Examining the role of outside players and observers The US government evangelical groups and the media she contends that self interest willful ignorance and distraction permitted the human rights tragedies within Guatemala to take place without challenge from the outside world

**Emerging Theologies from the Global South** Mitri Raheb, Mark A. Lamport, 2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue

**Re-Enchanting the World** C. Mathews Samson, 2007-07 In considering the interplay between contemporary Protestant practice and native cultural traditions among Maya evangelicals this work documents the processes whereby some Maya have converted to different forms of Christianity and the ways in which the Maya are incorporating Christianity for their own purposes

**Mapping Systematic Theology in Africa** Ernst M Conradie, Charl E Fredericks, 2004-08-01 The emergence of an indigenous African theology especially since the 1960s is well documented A wealth of literature has been published in the context of African theology especially over the last two or three decades This indexed bibliography contains a number of publications in and for the African context specifically relevant to the fields of systematic theology and ethics

**Base Ecumenism** Raimundo C. Barreto, 2025-06-24 In this book Raimundo Barreto examines ecumenical initiatives that have emerged from the people from the bases in conversation with interchurch ecumenical work Revisiting grassroots developments in Latin America such as the Church and Society movement of the 1950s and the Base Christian Communities of the 1970s this book expands the concept of base ecumenism by engaging independent and Pentecostal communities in a religiously pluralistic Latin America Barreto compares base ecumenism with

similar initiatives in the history of the modern ecumenical movement arguing that base ecumenism contributes fresh and renewing insights to this era of world Christianity Paying special attention to the Popular Reading of the Bible movement Barreto highlights the agency of women racially minoritized groups and young people **Reforming the Doctrine of God** F. LeRon Shults,2005-11 Linking traditional attributes of God with contemporary philosophy F LeRon Shults culminates with a reformed doctrine of God that revolves around themes of God s omniscient faithfulness omnipotent love and omnipresent hope **What's Wrong with Sin** Derek R. Nelson,2009-09-30 **The Broken Whole** Thomas E. Reynolds,2006-06-01 Considers the problem of pluralism and offers a vision of human solidarity for the postmodern era **The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Vol. 7** Hughes Oliphant Old,2010 The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 The Biblical Period Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen **New Faces of God in Latin America** Virginia Garrard,2020-11-03 Combining historical and ethnographic research methods along with a thorough review of existing literature on the study of Latin American Christianity New Faces of God in Latin America addresses the important question of how global religion and local culture interact situating the experience of Latin American Christianity in the broader conversations in the field of world Christianity particularly with respect to the growing understanding of Christianity as a non Western religion Through case studies of different Pentecostal experiences in Latin America Virginia Garrard explores cross pollination and interaction with indigenous religions and cultures finding widely varied responses to the material and spiritual needs of Latin Americans The author locates Latin American religious experience within a field known as the history of non Western Christianity This focuses on the experience perceptions and adaptations of those who adopt Christianity outside the context of Western missionary or other colonizing projects The book engages with the intersection of culture and spirit filled religion with an eye to how those interactions help frame an alternative religious modernity Throughout the book the author uses culture as both a heuristic lens and as a variable within the equation She argues that culture helps us understand how people engage with and reconfigure global religious flows within their own imaginations and for their own parochial uses Future as God's Gift David Fergusson,Marcel Sarot,2005-01-01 International theologians consider the importance of Christian eschatology both to the life authority and hope of the church in the world and to contemporary life and thought generally Issues addressed include the understanding of time the nature of eschatological imagery the status of apocalyptic and millenarian language and the political and ecological context of modern eschatology Preaching in an Age of Globalization Eunjoo Mary Kim,2010-01-01 There are many books on the market that address how culture race gender or

economic status affect the way preachers preach and congregations hear sermons This is the first book to address preaching that promotes solidarity across these differences Preaching needs to be targeted to specific contexts But how can a preacher handle specific contexts when we live in a globalized world What does local context mean and who defines it Kim develops the concept of trans contextual preaching to show how preachers can respect diversity and global connections She develops a new theology of preaching examines the modes of biblical interpretation appropriate for trans contextual preaching and explores designs for sermons Sample sermons from the author provide excellent illustrations

**The Churches and Democracy in Brazil** Rudolf von Sinner, 2012-05-04 Brazil is a rapidly emerging country Brazilian theology namely the Theology of Liberation has become well known in the 1970s and 1980s The politically active Base Ecclesial Communities and the progressive posture of the Roman Catholic Church contrasted with a steadily growing number of evangelicals mostly aligned with the military regime but attractive precisely to the poor After democratic transition in the mid 1980s the context changed considerably Democracy growing religious pluralism and mobility a vibrant civil society the political ascension of the Worker s Party and growing wealth albeit within a continuously wide social gap are some of the elements that show the need of a new approach to theology It must be a theology that is both critical and constructive resisting and cooperative a theology that is able to give orientation to the churches valuing and encouraging their contribution in society while avoiding attempts of imposition The Churches and Democracy in Brazil the fruit of years of interdisciplinary study of the Brazilian context and its main churches and theology makes its case for an ecumenically articulated public theology It seeks inspiration mainly in Luther and Lutheran theology emphasizing human dignity freedom trust the disposition to serve and the ability to endure the ambiguities of reality as well as a fresh interpretation of the doctrine of the two regiments These are the fundamental elements of what makes human beings full members of the body politic citizenship their right to have rights and to be able to effectively live them together with their corresponding duties in a move of growing political participation conscious of their religious motivation in view of the commonweal

Taught to Believe the Unbelievable Jane Kelly, 2004-01-04 Taught to Believe the Unbelievable tells the story of how Sister Jane Kelly contested Church leaders efforts to shield the sexual and fiscal misconduct of its priests Rather than collude in the cover up she went to the press at great risk to her reputation and her relationship to the Church she had served for fifty five years When newspaper headlines at last broke the news Sister Jane s role in her community was changed forever Sister Jane s courageous actions recounted here reveal how this crisis of faith ultimately became an opportunity to revitalize the Church s most fundamental spiritual teachings In Taught to Believe the Unbelievable her amazing story reminds every reader regardless of their faith that the call of one s own heart and conscience supersedes all externally imposed authority

**Historical Dictionary of Guatemala** Michael F. Fry, 2018-02-20 Guatemala holds a dual image For more than a century travel writers explorers and movie producers have painted the country as an exotic place a land of tropical forests and the home of the ancient and living Maya Archaeological ruins

abandoned a millennium ago have enhanced their depictions with a wistful dreamy aura of bygone days of pagan splendor and the unique colorful textiles of rural Maya today connect nostalgically with that distant past Inspired by that vision fascinated tourists have flocked there for the past six decades Most have not been disappointed it is a genuine facet of a complex land Guatemala is also portrayed as a poor violent repressive country ruled by greedy tyrants with the support of an entrenched elite the archetypal banana republic The media and scholarly studies consistently confirm that fair assessment of the social political and economic reality The Historical Dictionary of Guatemala contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Guatemala
