debate continues to rage over just how revolutionary those Reagan years were

**The Reagan Revolution A Very Short Introduction** identifies and tackles some of the controversies and historical mysteries that continue to swirl around Reagan and his legacy while providing an illuminating look at some of the era's defining personalities, ideas, and accomplishments. Gil Troy, a well-known historian who is a frequent commentator on contemporary politics, sheds much light on the phenomenon known as the Reagan Revolution, situating the reception of Reagan's actions within the contemporary liberal and conservative political scene. While most conservatives refuse to countenance any criticism of their hero, an articulate minority laments that he did not go far enough. And while some liberals continue to mourn just how far he went in changing America, others continue to mock him as a disengaged do-nothing dunce. Nevertheless, as Troy shows, two and a half decades after Reagan's 1981 inauguration, his legacy continues to shape American politics, diplomacy, culture, and economics. Both Bill Clinton and George W. Bush modeled much of their presidential leadership styles on Reagan's example, while many of the debates of the 80s about the budget, tax cutting, defense spending, and American values still rage. Love him or hate him, Ronald Reagan remains the most influential president since Franklin D. Roosevelt and one of the most controversial. This marvelous book places the Reagan Revolution in the broader context of postwar politics, highlighting the legacies of these years on subsequent presidents and on American life today.

**About the Series** Combining authority with wit, accessibility, and style, Very Short Introductions offer an introduction to some of life's most interesting topics. Written by experts for the newcomer, they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics, from philosophy to Freud, quantum theory to Islam.

**The New Reagan Revolution** Michael Reagan, Jim Denney, 2025-06-25 There are cynics who say that a party platform is something that no one bothers to read, and it doesn't very often amount to much. Whether it is different this time than it has ever been before, I believe the Republican Party has a platform that is a banner of bold, unmistakable colors with no pastel shades.

Ronald Reagan, 1976 Republican National Convention When Ronald Reagan was called to the podium by President Ford during the 1976 Republican National Convention, he had no prepared remarks. But the unrehearsed speech he gave that night is still regarded as one of the most moving speeches of his political career. The reason he was able to give such a powerful speech on a moment's notice was that he was proclaiming the core principles of his heart and soul, which he had been teaching and preaching for years.

**The New Reagan Revolution** reveals new insights into the life, thoughts, and actions of the man who changed the world during the 1980s. The challenges and threats we face today are eerily similar to the conditions in the world before the beginning of the Reagan era. The good news is that we already know what works. Ronald Reagan has given us the blueprint. This book is not merely a diagnosis of our nation's ills, but a

prescription to heal our nation rooted in the words and principles of Ronald Reagan In these pages you ll find a plan for returning America to its former greatness soundness and prosperity It s the plan Ronald Reagan developed over years of study observation and reflection It s a plan he announced to the nation straight from his heart one summer evening during America s 200th year It s the plan he put into action during his eight years in office as the most effective president of the 20th century and it is the plan we can use today to help return America to its former greatness soundness and prosperity

**Tear Down This Myth** Will Bunch, 2009-02-03 In this provocative new book award winning political journalist Will Bunch unravels the story of how a right wing cabal hijacked the mixed legacy of Ronald Reagan a personally popular but hugely divisive 1980s president and turned him into a bronze icon to revive their fading ideology They succeeded to the point where all the GOP candidates for president in 2008 scurried to claim his mantle no matter how preposterous the fit With clear eyes and an ever present wit Bunch reveals the truth about the Ronald Reagan legacy including the following Despite the idolatry of the last fifteen years Reagan's average popularity as president was only well average lower than that of a half dozen modern presidents More important while he was in office a majority of Americans opposed most of his policies and by 1988 felt strongly that the nation was on the wrong track Reagan's 1981 tax cut weighted heavily toward the rich did not cause the economic recovery of the 1980s It was fueled instead by dropping oil prices the normal business cycle and the tight fiscal policies of the chairman of the Federal Reserve appointed by Jimmy Carter Reagan's tax cut did however help usher in the deregulated modern era of CEO and Wall Street greed Most historians agree that Reagan's waste ridden military buildup didn't actually win the Cold War And Reagan mythmakers ignore his real contributions his willingness to talk to his Soviet adversaries his genuine desire to eliminate nuclear weapons and the surprising role of a liberal Hollywood produced TV movie George H W Bush's and Bill Clinton's rolling back of Reaganomics during the 1990s spurred a decade of peace and prosperity as well as

the reactionary campaign to pump up the myth of Ronald Reagan and restore right wing hegemony over Washington This effort has led to war bankrupt energy policies and coming generations of debt With masterful insight Bunch exposes this dangerous effort to reshape America s future by rewriting its past As the Obama administration charts its course he argues it should do so unencumbered by the dead weight of misplaced and unearned reverence      **Ronald Reagan** Richard C.
