Department of Bibliography,1978 **Literary Radicalism in India** Priyamvada Gopal,2012-11-12 Literary Radicalism in India situates postcolonial Indian literature in relation to the hugely influential radical literary movements initiated by the Progressive Writers Association and the Indian People s Theatre Association In so doing it redresses a visible historical gap in studies of postcolonial India Through readings of major fiction pamphlets and cinema this book also shows how gender was of constitutive importance in the struggle to define India during the transition to independence *Collective Behavior* Denton E. Morrison,Kenneth E. Hornback,1976 Critical Issues in American Religious History Robert R. Mathisen,2006 Americans as a religious people experience both tension and indecision as they wrestle with a variety of critical issues every day American society continually struggles with its religious past The primary and secondary materials included in this volume track religious America s efforts to articulate its identity and destiny and implement its religious creeds and ideals in an ever changing society *Distant Revolutions* Timothy Mason Roberts,2009-06-03 Distant Revolutions 1848 and the Challenge to American Exceptionalism is a study of American politics culture and foreign relations in the mid nineteenth century illuminated through the reactions of Americans to the European revolutions of 1848 Flush from the recent American military victory over Mexico many Americans celebrated news of democratic revolutions breaking out across Europe as a further sign of divine providence Others thought that the 1848 revolutions served only to highlight how America s own revolution had not done enough in the way of reform Still other

Americans renounced the 1848 revolutions and the thought of trans atlantic unity because they interpreted European revolutionary radicalism and its portents of violence socialism and atheism as dangerous to the unique virtues of the United States When the 1848 revolutions failed to create stable democratic governments in Europe many Americans declared that their own revolutionary tradition was superior American reform would be gradual and peaceful Thus when violence erupted over the question of territorial slavery in the 1850s the effect was magnified among antislavery Americans who reinterpreted the menace of slavery in light of the revolutions and counter revolutions of Europe For them a new revolution in America could indeed be necessary to stop the onset of authoritarian conditions and to cure American exemplarism The Civil War then when it came was America s answer to the 1848 revolutions a testimony to America s democratic shortcomings and an American version of a violent nation building revolution
