

THE REVOLUTIONARY AGE OF ANDREW JACKSON

By Robert V. Remini

Revolutionary Age Of Andrew Jackson

Andrew Burstein

Revolutionary Age Of Andrew Jackson:

The Revolutionary Age of Andrew Jackson Robert Vincent Remini, 1976 The Revolutionary Age of Andrew Jackson Robert Vincent Remini, 1987 **Andrew Jackson** Carol H. Behrman, 2002-09-01 A biography of the seventh president from his childhood in South Carolina through his military career in the War of 1812 and his family life to his legacy as America's first populist president The Age of the Democratic Revolution: The struggle R. R. Palmer, 1959 Primary source **The Americas in the Age of Revolution, 1750-1850** Lester D. Langley, 1996-01-01 Langley examines the political and social tensions reverberating throughout British French and Spanish America pointing out the characteristics that distinguished each upheaval from the others the impact of place or location on the course of revolution the dynamics of race and color as well as class the relation between leaders and followers the strength of counterrevolutionary movements and especially the way that militarization of society during war affected the new governments in the postrevolutionary era Langley argues that an understanding of the legacy of the revolutionary age sheds tremendous light on the political condition of the Americas today virtually every modern political issue the relationship of the state to the individual the effectiveness of government the liberal promise for progress and the persistence of color as a critical dynamic in social policy was central to the earlier period

Andrew Jackson Robert V. Remini, 1998-04-10 Available in paperback for the first time these three volumes represent the definitive biography of Andrew Jackson Volume One covers the role Jackson played in America's territorial expansion bringing to life a complex character who has often been seen simply as a rough hewn country general Volume Two traces Jackson's senatorial career his presidential campaigns and his first administration as President Volume Three covers Jackson's reelection to the presidency and the weighty issues with which he was faced the nullification crisis the tragic removal of the Indians beyond the Mississippi River the mounting violence throughout the country over slavery and the tortuous efforts to win the annexation of Texas The Cambridge History of the Age of Atlantic Revolutions: Volume 1, The Enlightenment and the British Colonies Wim Klooster, 2023-11-09 Volume I offers an introduction to the Enlightenment which served as the shared background for virtually all revolutionary turmoil and the American Revolution which inaugurated the Age of Revolutions Beginning with a thorough introduction the volume covers international rivalry the importance of slavery and the reformist mind set that prevailed on the eve of the revolutionary era It addresses the traditional argument on whether the Enlightenment truly caused revolutions concluding that the reverse is more apt revolutions helped create the Enlightenment as a body of thought The volume continues with a regional and thematic assessment of the American Revolution revealing how numerous groups in British America including Black and indigenous people pursued their own agendas and faced interests at odds with the principles of the revolution *Andrew Jackson* Sean Wilentz, 2007-04-01 The towering figure who remade American politics the champion of the ordinary citizen and the scourge of entrenched privilege It is rare that historians manage both Wilentz's deep interpretation and lively narrative Publishers Weekly The Founding Fathers espoused

a republican government but they were distrustful of the common people having designed a constitutional system that would temper popular passions But as the revolutionary generation passed from the scene in the 1820s a new movement based on the principle of broader democracy gathered force and united behind Andrew Jackson the charismatic general who had defeated the British at New Orleans and who embodied the hopes of ordinary Americans Raising his voice against the artificial inequalities fostered by birth station monied power and political privilege Jackson brought American politics into a new age Sean Wilentz one of America s leading historians of the nineteenth century recounts the fiery career of this larger than life figure a man whose high ideals were matched in equal measure by his failures and moral blind spots a man who is remembered for the accomplishments of his eight years in office and for the bitter enemies he made It was in Jackson s time that the great conflicts of American politics urban versus rural federal versus state free versus slave crystallized and Jackson was not shy about taking a vigorous stand It was under Jackson that modern American politics began and his legacy continues to inform our debates to the present day

The Age of Revolution: History of the American & French Revolution (Vol. 1&2) John Fiske, Charles Downer Hazen, 2023-11-20 In The Age of Revolution History of the American French Revolution Vol 1 2 editors John Fiske and Charles Downer Hazen convene an enlightening exploration into the tumultuous period marking the late 18th century This collection meticulously navigates between the ideological ebbs and flows that propelled the American and French revolutions offering a kaleidoscope of perspectives that illuminate the eras complex socio political tapestry The anthology distinguishes itself by juxtaposing firsthand accounts scholarly essays and revolutionary correspondence thus providing a comprehensive and nuanced understanding of the revolutions implications on modern democracy and national identity The diversity of literary styles from erudite analyses to impassioned polemics enriches the discourse surrounding these pivotal events in world history The editors have skillfully curated a volume that stands as a testament to the power and consequences of revolutionary thought and action The contributing authors John Fiske and Charles Downer Hazen bring to the collection a wealth of knowledge grounded in their profound historical scholarship Their backgrounds as esteemed historians are critical in knitting together a narrative that resonates with relevance and rigor Aligning with historical and cultural movements of revisionist history their collaborative work sheds light on the multifaceted ramifications of the revolutions emphasizing the dynamism of the period The Age of Revolution is an indispensable resource for scholars students and enthusiasts of history alike It invites readers into a vivid dialogue with the past encouraging a deeper appreciation for the complexities and nuances of the revolutionary spirit The anthology s breadth of content and perspectives offers a unique lens through which to examine the foundational moments of modern nation states Engaging with this collection promises not only to educate but also to inspire a renewed understanding of the revolutions that continue to shape our worlds political landscape

Young Andrew Jackson in the Carolinas Jennifer Hunsicker, 2014-08-19 Before he was Old Hickory and the People s President Andrew Jackson came of age in the Waxhaw

region of the Carolinas during the turmoil of the Revolutionary War Young Andy Jackson faced uncommon challenges as a child that would shape his historic life He lost his mother and two brothers to the savages of war At age thirteen Jackson served as a messenger fighting for independence in his local Scotch Irish militia and lived through the region s toughest Revolutionary battles happening all around him Eventually captured he became a prisoner of war something that would cost him dearly Additionally when he refused to clean the boots of a British officer he was slashed with a sword He carried those scars the rest of his life Join author Jennifer Hunsicker as she recounts these exciting stories and more giving young readers an adventurous tale of a uniquely American childhood

Age of the Democratic Revolution: A Political History of Europe and America, 1760-1800, Volume 2 R. R. Palmer, 2021-07-13 For the Western world as a whole the period from about 1760 to 1800 was the great revolutionary era in which the outlines of the modern democratic state came into being It is the thesis of this major work that the American French and Polish revolutions and the movements for political change in Britain Ireland Holland Belgium Switzerland Sweden and other countries although each distinctive in its way were all manifestations of recognizably similar political ideas needs and conflicts Volume 1 of this distinguished two volume work The Challenge received critical accolades throughout the world It was the winner of the Bancroft Prize in 1960 and was called one of the classic works of American historical scholarship Key Reporter and a book which will enlarge and clarify our understanding of modern Western history It will re emphasize the strength and vitality of the roots that supported the growth of democracy in the Old and New Worlds New York Times Occasionally a historical work appears which by synthesis of much previous specialized work and by intelligent reflection upon the whole makes events of the past click into a new pattern and assume fresh meaning Professor Palmer s book is such a work American Historical Review The Challenge took the story to the eve of the French Revolutionary wars Volume 2 The Struggle continues the account to 1800

The Passions of Andrew Jackson Andrew Burstein, 2004-04-13 Most people vaguely imagine Andrew Jackson as a jaunty warrior and a man of the people but he was much more a man just as complex and controversial as Jefferson or Lincoln Now with the first major reinterpretation of his life in a generation historian Andrew Burstein brings back Jackson with all his audacity and hot tempered rhetoric The unabashedly aggressive Jackson came of age in the Carolinas during the American Revolution migrating to Tennessee after he was orphaned at the age of fourteen Little more than a poorly educated frontier bully when he first opened his public career he was possessed of a controlling sense of honor that would lead him into more than one duel As a lover he fled to Spanish Mississippi with his wife to be before she was divorced Yet when he was declared a national hero upon his stunning victory at the Battle of New Orleans Jackson suddenly found the presidency within his grasp How this brash frontiersman took Washington by storm makes a fascinating story and Burstein tells it thoughtfully and expertly In the process he reveals why Jackson was so fiercely loved and fiercely hated by the American people and how his presidency came to shape the young country s character

Jamaica in the Age of Revolution Trevor Burnard, 2020-04-03 A

renowned historian offers novel perspectives on slavery and abolition in eighteenth century Jamaica Between the start of the Seven Years War in 1756 and the onset of the French Revolution in 1789 Jamaica was the richest and most important colony in British America White Jamaican slaveowners presided over a highly productive economic system a precursor to the modern factory in its management of labor its harvesting of resources and its scale of capital investment and output Planters supported by a dynamic merchant class in Kingston created a plantation system in which short term profit maximization was the main aim Their slave system worked because the planters who ran it were extremely powerful In Jamaica in the Age of Revolution Trevor Burnard analyzes the men and women who gained so much from the labor of enslaved people in Jamaica to expose the ways in which power was wielded in a period when the powerful were unconstrained by custom law or for the most part public approbation or disapproval Burnard finds that the unremitting war by the powerful against the poor and powerless evident in the day to day struggles slaves had with masters is a crucial context for grasping what enslaved people had to endure Examining such events as Tacky's Rebellion of 1760 the largest slave revolt in the Caribbean before the Haitian Revolution the Somerset decision of 1772 and the murder case of the Zong in 1783 in an Atlantic context Burnard reveals Jamaica to be a brutally effective and exploitative society that was highly adaptable to new economic and political circumstances even when placed under great stress as during the American Revolution Jamaica in the Age of Revolution demonstrates the importance of Jamaican planters and merchants to British imperial thinking at a time when slavery was unchallenged

Indian and Slave Royalists in the Age of Revolution Marcela Echeverri, 2016-04-25 Royalist Indians and slaves in the northern Andes engaged with the ideas of the Age of Revolution 1780-1825 such as citizenship and freedom Although generally ignored in recent revolution centered versions of the Latin American independence processes their story is an essential part of the history of the period In Indian and Slave Royalists in the Age of Revolution Marcela Echeverri draws a picture of the royalist region of Popayán in modern day Colombia that reveals deep chronological layers and multiple social and spatial textures She uses royalism as a lens to rethink the temporal spatial and conceptual boundaries that conventionally structure historical narratives about the Age of Revolution Looking at royalism and liberal reform in the northern Andes she suggests that profound changes took place within the royalist territories These emerged as a result of the negotiation of the rights of local people Indians and slaves with the changing monarchical regime

From Empire to Revolution Greg Brooking, 2024 *From Empire to Revolution* is the first biography devoted to an in depth examination of the life and conflicted career of Sir James Wright 1716-1785 Greg Brooking uses Wright's life as a means to better understand the complex struggle for power in both colonial Georgia and the larger British Empire James Wright lived a transatlantic life taking advantage of every imperial opportunity afforded him He earned numerous important government posts and amassed an incredible fortune totaling over 100,000 sterling An English born grandson of Chief Justice Sir Robert Wright James Wright was raised in Charleston South Carolina following his father's appointment as that colony's chief justice Young James

served South Carolina in a number of capacities public and ecclesiastical prior to his admittance to London's famed Gray's Inn to study law. Most notably, he was appointed South Carolina's attorney general and colonial agent to London prior to his gubernatorial appointment in Georgia in 1761. His long imperial career delicately balanced dual loyalties to Crown and colony and offers a crucial lens on loyalism and the American Revolution that also connects a number of contexts important in recent early American and British scholarship including imperial and Atlantic history, Indigenous borderlands, race and slavery, and popular politics. [The Myth of the Modern Presidency](#) David K. Nichols, 2010-11-01

The Long American Revolution & Its Legacy Lester D. Langley, 2019. This book brings together the author's personal and professional link to the long American Revolution in a narrative that spans more than 150 years and places the Revolution in multiple contexts from the local to the transatlantic and hemispheric and from racial and gendered to political, social, economic, and cultural perspectives. A descendant on his father's side from a long line of Kentuckians, the author grew up torn between a father who embodied the Revolution's poor white male driven by economic self-interest and racial prejudices and a devoted and pious mother who saw life and history as a morality play. The author's intellectual and professional encounter with the American Revolution came in the 1960s as a young historian specializing in U.S. foreign relations and Latin American history, an era when the U.S. encounter with the Cuban Revolution in the hemisphere and the civil rights movement at home served as reminders of the lasting and troublesome legacy of a long American Revolution. In a sweeping narrative that incorporates both the traditional iconic literature on the Revolution and more recent works in U.S., Canadian, Latin American, Caribbean, and Atlantic world history, the author addresses fundamental questions about the Revolution's meaning and legacy.

The Age of Atlantic Revolution Patrick Griffin, 2023-01-01. A bold new account of the Age of Revolution, one of the most complex and vast transformations in human history. A fresh and illuminating framework for understanding our past and imagining our future. Powerfully argued and engagingly written, Patrick Griffin's timely account of revolutionary regime change and reaction shows how a world of empires became our world of nation-states. Peter S. Onuf, coauthor of *Most Blessed of the Patriarchs*. When we speak of an age of revolution, what do we mean? In this synoptic compelling book, Patrick Griffin asks the difficult questions and invites readers to reconsider the answers. Eliga Gould, author of *Among the Powers of the Earth*. The Age of Atlantic Revolution was a defining moment in western history. Our understanding of rights of what makes the individual an individual, of how to define a citizen versus a subject, of what states should or should not do, of how labor, politics, and trade would be organized, of the relationship between the church and the state, and of our attachment to the nation, all derive from this period c. 1750-1850. Historian Patrick Griffin shows that the Age of Atlantic Revolution was rooted in how people in an interconnected world struggled through violence, liberation, and war to reimagine themselves and sovereignty. Tying together the revolution's crises and conflicts that undid British North America, transformed France, created Haiti, overturned Latin America, challenged Britain and Europe, vexed Ireland, and marginalized West Africa, Griffin tells a transnational tale of how

empires became nations and how our world came into being Creek Internationalism in an Age of Revolution, 1763-1818
James L. Hill, 2022-07 Creek Internationalism in an Age of Revolution 1763 1818 examines how Creek communities and their leaders remained viable geopolitical actors in the trans Appalachian West well after the American Revolution The Creeks pursued aggressive and far reaching diplomacy between 1763 and 1818 to assert their territorial and political sovereignty while thwarting American efforts to establish control over the region The United States and the Creeks fought to secure recognition from the powers of Europe that would guarantee political and territorial sovereignty the Creeks fought to maintain their connections to the Atlantic world and preserve their central role in the geopolitics of the trans Appalachian West while the American colonies sought first to establish themselves as an independent nation then to expand borders to secure diplomatic and commercial rights Creeks continued to forge useful ties with agents of European empires despite American attempts to circumscribe Creek contact with the outside world The Creeks solicitation of trade and diplomatic channels with British and Spanish colonists in the West Indies Canada and various Gulf Coast outposts served key functions for defenders of local autonomy Native peoples fought to preserve the geopolitical order that dominated the colonial era making the trans Appalachian West a kaleidoscope of sovereign peoples where negotiation prevailed As a result the United States lacked the ability to impose its will on its Indigenous neighbors much like the European empires that had preceded them Hill provides a significant revisionist history of Creek diplomacy and power that fills gaps within the broader study of the Atlantic world and early American history to show how Indigenous power thwarted European empires in North America

Women's War Stephanie McCurry, 2019-04-15 The Civil War is remembered as a war of brother against brother with women standing innocently on the sidelines But battlefield realities soon challenged this simplistic understanding of women's place in war Stephanie McCurry shows that women were indispensable to the unfolding of the Civil War as they have been and continue to be in all wars
