Sectional Crisis And Northern Methodism:

The Sectional Crisis and Northern Methodism Donald G. Jones, 1979 *The Cambridge Companion to American Methodism* Jason E. Vickers, 2013-10-07 A comprehensive introduction to various forms of American Methodism exploring the beliefs and practices around which the lives of these churches have revolved **The War against Proslavery Religion** John R. McKivigan, 2018-07-05 Reflecting a prodigious amount of research in primary and secondary sources this book examines the efforts of American abolitionists to bring northern religious institutions to the forefront of the antislavery movement John R McKivigan employs both conventional and quantitative historical techniques to assess the positions adopted by various churches in the North during the growing conflict over slavery and to analyze the stratagems adopted by American abolitionists during the 1840s and 1850s to persuade northern churches to condemn slavery and to endorse emancipation Working for three decades to gain church support for their crusade the abolitionists were the first to use many of the tactics of later generations of radicals and reformers who were also attempting to enlist conservative institutions in the struggle for social change To correct what he regards to be significant misperceptions concerning church oriented abolitionism McKivigan concentrates on the effects of the abolitionists frequent failures the division of their movement and the changes in their attitudes and tactics in dealing with the churches By examining the pre Civil War schisms in the Presbyterian Baptist and Methodist denominations he shows why northern religious bodies refused to embrace abolitionism even after the defection of most southern members He concludes that despite significant antislavery action by a few small denominations most American churches resisted committing themselves to abolitionist principles and programs before the Civil War In a period when attention is again being focused on the role of religious bodies in influencing efforts to solve America's social problems this book is especially timely **The Times Were Strange and Stirring** Reginald F. Hildebrand, 1995-07-24 With the conclusion of the Civil War the beginnings of Reconstruction and the realities of emancipation former slaves were confronted with the possibility of freedom and with it a new way of life In *The Times Were Strange and Stirring* Reginald F Hildebrand examines the role of the Methodist Church in the process of emancipation and in shaping a new world at a unique moment in American African American and Methodist history Hildebrand explores the ideas and ideals of missionaries from several branches of Methodism the African Methodist Episcopal Church the Colored Methodist Episcopal Church and the northern based Methodist Episcopal Church and the significant and highly charged battle waged between them over the challenge and meaning of freedom He traces the various strategies and goals pursued by these competing visions and develops a typology of some of the ways in which emancipation was approached and understood Focusing on individual church leaders such as Lucius H Holsey Richard Harvey Cain and Gilbert Haven and with the benefit of extensive research in church archives and newspapers Hildebrand tells the dramatic and sometimes moving story of how missionaries labored to organize their denominations in the black South and of how they were overwhelmed at

times by the struggles of freedom Church and State in America: A Bibliographical Guide Bloomsbury Publishing,1987-08-14 The second in a two volume bibliography on church state relations in U S history this book contains eleven critical essays and accompanying bibliographical listings on periods or topics from the Civil War to the present day Each essay reviews the available relevant literature and the listings emphasize critical studies and documents published in the last quarter century This reference work will enable the reader to grasp the historiographic issues become acquainted with the resources available and move on to interpret current as well as past issues more knowledgeably and effectively

Rebuilding Zion Daniel W. Stowell,2001-09-20 Both the North and the South viewed the Civil War in Christian terms Each side believed that its fight was just that God favored its cause *Rebuilding Zion* is the first study to explore simultaneously the reaction of southern white evangelicals northern white evangelicals and Christian freedpeople to Confederate defeat As white southerners struggled to assure themselves that the collapse of the Confederacy was not an indication of God s stern judgment white northerners and freedpeople were certain that it was Author Daniel W Stowell tells the story of the religious reconstruction of the South following the war a bitter contest between southern and northern evangelicals at the heart of which was the fate of the freedpeople s souls and the southern effort to maintain a sense of sectional identity Central to the southern churches vision of the Civil War was the idea that God had not abandoned the South defeat was a Father s stern chastisement Secession and slavery had not been sinful rather it was the radicalism of the northern denominations that threatened the purity of the Gospel Northern evangelicals armed with a vastly different vision of the meaning of the war and their call to Christian duty entered the post war South intending to save white southerner and ex slave alike The freedpeople however drew their own providential meaning from the war and its outcome The goal for blacks in the postwar period was to establish churches for themselves separate from the control of their former masters Stowell plots the conflicts that resulted from these competing visions of the religious reconstruction of the South By demonstrating how the southern vision eventually came to predominate over but not eradicate the northern and freedpeople s visions for the religious life of the South he shows how the southern churches became one of the principal bulwarks of the New South a region marked by intense piety and intense racism throughout the twentieth century White Americans in Black Africa Eunjin Park,2021-11-18 First Published in 2002 This compelling book brings to light a disillusioned experiment of biracial missionary labours that were expected to carry the beliefs and cultural values of nineteenth century white Americans to the black continent of Africa **Liquor in the Land of the Lost Cause** Joe L. Coker,2007-12-14 In the late 1800s Southern evangelicals believed contemporary troubles everything from poverty to political corruption to violence between African Americans and whites sprang from the bottles of demon rum regularly consumed in the South Though temperance quickly gained support in the antebellum North Southerners cast a skeptical eye on the movement because of its ties with antislavery efforts Postwar evangelicals quickly realized they had to make temperance appealing to the South by transforming the

Yankee moral reform movement into something compatible with southern values and culture In *Liquor in the Land of the Lost Cause* Southern White Evangelicals and the Prohibition Movement Joe L Coker examines the tactics and results of temperance reformers between 1880 and 1915 Though their denominations traditionally forbade the preaching of politics from the pulpit an outgrowth of evangelical fervor led ministers and their congregations to sound the call for prohibition Determined to save the South from the evils of alcohol they played on southern cultural attitudes about politics race women and honor to communicate their message The evangelicals were successful in their approach negotiating such political obstacles as public disapproval the church's role in politics and vehement opposition to prohibition voiced by Jefferson Davis The evangelical community successfully convinced the public that cheap liquor in the hands of African American beasts and drunkard husbands posed a serious threat to white women Eventually the code of honor that depended upon alcohol centered hospitality and camaraderie was redefined to favor those who lived as Christians and supported the prohibition movement *Liquor in the Land of the Lost Cause* is the first comprehensive survey of temperance in the South By tailoring the prohibition message to the unique context of the American South southern evangelicals transformed the region into a hotbed of temperance activity leading the national prohibition movement **Laughter in the Amen Corner** Kathleen

Minnix,2010-06-01 Samuel Porter Jones 1847 1906 or just plain Sam Jones as he preferred to be called was the foremost southern evangelist of the nineteenth century With his high spirited often coarse humor and his hyperbolic style he excited audiences around the country and became a key influence on Billy Sunday Gypsy Smith and scores of lesser known evangelists A leading political activist he played an important role in the selling of a new industrialized South and was thus a clerical counterpart to his friend Henry Grady In *Laughter in the Amen Corner* the first scholarly biography of Jones Kathleen Minnix reveals a figure of fascinating contradictions Jones was an alcoholic who became a pivotal supporter of the prohibition movement He advocated women's rights when most men preferred to keep women on pedestals yet he followed the South in its drift towards malignant racism He praised Catholics in an age that feared the Romish heresy and he embraced Jews as fellow children of God when many saw them as Christ killers Even so he was shrill in his insistence that Americans worship a Protestant God and like many nativists he called for the deportation of the trash who had landed at Ellis Island Progressive in some respects and reactionary in others he was in the words of one contemporary a sanctified circus in full swing Deftly written and exhaustively researched *Laughter in the Amen Corner* offers the first in depth assessment of Sam Jones's impact on revivalism the progressive movement and the history of the South Lincoln Richard Carwardine,2007-01-09 As a

defender of national unity a leader in war and the emancipator of slaves Abraham Lincoln lays ample claim to being the greatest of our presidents But the story of his rise to greatness is as complex as it is compelling In this superb prize winning biography acclaimed historian Richard Carwardine examines Lincoln's dramatic political journey from his early years in the Illinois legislature to his nation shaping years in the White House Here Carwardine combines a new perspective with a

compelling narrative to deliver a fresh look at one of the pillars of American politics He probes the sources of Lincoln's moral and political philosophy and uses his groundbreaking research to cut through the myth and expose the man behind it
