Security And Development In Southern Africa:

Security and Development in Southern Africa Nana Poku, 2001-04-30 With the end of white dominated South Africa many observers have argued for a positive transformation of the whole of Southern Africa based upon market integration and increased cooperation among the states of the region Poku and the contributors to this collection re examine this optimistic scenerio and they point to the problems of translating good intentions into actual policies In reality the economic imbalance between South Africa and its neighbors poses severe problems for the region Far from finding a stronger ally in regional reconstruction and development the countries in the region are finding that for many in South Africa they simply do not matter that much The analysis points to greater polarization which may imply greater marginalization of the poorer countries in the region Moreover a major widening of the gap between the richer South Africa and some or all of the weaker economies may lead to increased tensions and breakdown of regional relations even to a situation detrimental to economic development in the region A provocative analysis by some of the leading politico economic thinkers of the region the volume will be of great use to scholars researchers and policy makers involved with Southern African development The Security-development Nexus Lars Buur, Steffen Jensen, Finn Stepputat, 2007 The link between security and development has been rediscovered after 9 11 by a broad range of scholars Focusing on Southern Africa the Security Development Nexus shows that the much debated linkage is by no means a recent invention Rather the security development linkage has been an important element of the state policies of colonial as well as post colonial regimes during the Cold War and it seems to be prospering in new configurations under the present wave of democratic transitions Contributors focus on a variety of contexts from South Africa Mozambique and Namibia to Zimbabwe and Democratic Congo they explore the nexus and our understanding of security and development through the prism of peace keeping interventions community policing human rights gender land contests squatters nation and state building social movements DDR programmes and the different trajectories democratization has taken in different parts of the region The Southern African Development Community (SADC) and the European Union (EU) Johannes Muntschick, 2017-10-09 This book explores regionalism in the Southern African Development Community SADC and highlights the influence of the European Union EU as an extra regional actor on the organization and integration process The analysis is guided by theory and explains the emergence institutional design and performance of SADC s major integration projects in the issue areas of the economy security and infrastructure It provides in this way a profound assessment of the organization as a whole The study shows that South Africa plays a regional key role as driver for integration while external influence of the EU is ambivalent in character because it unfolds a supportive or obstructive impact The author argues that the EU gains influence over regional integration processes in the SADC on the basis of patterns of asymmetric interdependence and becomes a game changer insofar as it facilitates or impedes solutions to regional cooperation problems **SADC - The Southern Arrested Development Community?** MICHAEL.

AEBY,2019-09-13 Southern Africa is likely to experience more social unrest in the foreseeable future That is one of the conclusions in this policy dialogue which provides an overview of political and economic developments relevant to regional peace and security in Southern Africa While the region continues to experience isolated armed conflicts and while developmental backlogs present a major risk to regional stability in the long run currently the most acute source of instability stems from governance deficits which in the past decade have prompted crises in many of the member states of the Southern African Development Community SADC SADC s institutional framework for regional peace and security has proven ineffective because SADC leaders have prioritised national sovereignty over the enforcement of democratic principles The institutions have little capacity as they lack material and political support The governance deficits and SADC s lacklustre conflict management may in the long run arrest development in Southern Africa

The New Regionalism and the Future of Security and Development B. Hettne, 2016-04-30 This book is dedicated to the implications of the new regionalism for global security and development The fourth in the five volume New Regionalism Series it features contributions from the UNU WIDER project on new regionalism

Food and Nutrition Security in Southern African Cities Bruce Frayne, Jonathan Crush, Cameron McCordic, 2017-12-22 Urban population growth is extremely rapid across Africa and this book places urban food and nutrition security firmly on the development and policy agenda It shows that current efforts to address food poverty in Africa that focus entirely on small scale farmers to the exclusion of broader socio economic and infrastructural approaches are misplaced and will remain largely ineffective in ameliorating food and nutrition insecurity for the majority of Africans Using original data from the African Food Security Urban Network s AFSUN extensive database it is demonstrated that the primary food security challenge for urban households is access to food Already linked into global food systems and value chains Africa s supply of food is not necessarily in jeopardy Rather the widespread poverty and informal urban fabric that characterizes Africa s emerging cities impinge directly on households capacity to access food that is readily available Through the analysis of empirical data collected from 6 500 households in eleven cities in nine countries in Southern Africa the authors identify the complexity of factors and dynamics that create the circumstances of widespread food and nutrition insecurity under which urban citizens live They also provide useful policy approaches to address these conditions that currently thwart the latent development potential of Africa s expanding urban population

Conflict, Security and Development Paul Jackson, Danielle Beswick, 2018-06-14 This textbook draws on academic theory field research and policy developments to provide an overview of the connections between security and development before during and after conflict This third edition is revised and updated to take account of changes that have occurred in both policy and academic arenas which are relevant to students

and practitioners in this area In addition there is a new chapter on memory and memorialisation after conflict In an interdependent world it is often argued that the challenges of underdevelopment and insecurity have global implications This textbook charts an accessible course through these complex debates providing a comprehensive introduction for those encountering these issues for the first time The main aims of the revised edition are to set out how thinking on conflict security and development has changed over time and continues to evolve to explore the consequences of these changes particularly for the theory and practice of development and security promotion to introduce a range of case studies from across the globe in order to explore the implications of a combined approach to security and development The authors are experienced in both the theory and the practice of this field and illustrate the links between conflict security and development with practical examples drawing on key case studies from the past twenty years Each chapter is informed by student pedagogy and the book will be essential reading for all students of development studies war and conflict studies and human security and is recommended for students of international security and international relations in general **Security and development in Southern Africa** Christopher Saunders,Dawn Nagar,University of Cape Town.
