Paul Rabinow

Seducing The French The Dilemma Of Americanization:

Seducing the French Richard F. Kuisel, 1993 When Coca Cola was introduced in France in the late 1940s the country's most prestigious newspaper warned that Coke threatened France's cultural landscape This is one of the examples cited in Richard Kuisel's engaging exploration of France's response to American influence after World War II In analyzing early French resistance and then the gradual adaptation to all things American that evolved by the mid 1980s he offers an intriguing study of national identity and the protection of cultural boundaries The French have historically struggled against Americanization in order to safeguard Frenchness What would happen to the French way of life if gaining American prosperity brought vulgar materialism and social conformity A clash between American consumerism and French civilisation seemed inevitable Cold War anti Communism the Marshall Plan the Coca Cola controversy and de Gaulle's efforts to curb American investment illustrate ways that anti Americanization was played out Kuisel also raises issues that extend beyond France including the economic social and cultural effects of the Americanized consumer society that have become a global phenomenon Kuisel's lively account reaches across French society to include politicians businessmen trade unionists Parisian intelligentsia and ordinary citizens The result reveals much about the French and about Americans As Euro Disney welcomes travellers to its Parisian fantasyland and with French recently declared the official language of France to defend it from the encroachments of English Kuisel's book is especially relevant

Expressing America George Ritzer, 1995-02-09 This innovative text focuses on an American icon central to United States culture that is rapidly becoming a global expression of prosperity the credit card George Ritzer explains what the credit card tells us both good and bad about the essence of the modern US and why and how the credit card is helping to transform much of the world Drawing on the insights of both classic and contemporary social thinkers including Georg Simmel C Wright Mills Karl Marx and Max Weber as well as micro macro agency structure and Americanization theories Ritzer also reveals to students the powerful insights gained from using the sociological imagination applied to a topic that students know about and are interested in

The Americanization of Europe Alexander Stephan, 2006 Using Germany as a case study of the impact of American culture throughout a period characterized by a totalitarian system two destructive wars ethnic cleansing and economic disaster this book explores the political and cultural parameters of Americanization and anti Americanism

The Risky Business of French Feminism Jennifer L. Sweatman, 2014-08-26 *The Risky Business of French Feminism* Publishing Politics and Artistry examines the institutional history of the publishing house Editions des Femmes as well as its relationship to the French Women's Liberation Movement MLF from 1972 to the present The founding and subsequent success of Editions des Femmes in the publishing milieu intensified the ideological divisions within the MLF and highlighted the extent to which that movement failed to adequately reflect on the power inherent in its recourse to print culture as an agent of change In particular Editions des Femmes produced several periodical publications and pioneered a woman centered subculture that attached militant

political meanings to the practice of buying and publishing books While the MLF succeeded in changing legislation detrimental to women it was not able to create unified cultural politics or construct a long term media strategy that could preserve the movement s original ideals and unity Jennifer L Sweatman explores the long term dissipation of the MLF as a unified force not only as an outcome of ideological disagreement but also due to conflicting views on culture women s creativity as a strategy for empowerment and the utility of media for creating change As the MLF fragmented unable to fully come to terms with its various consumer identities its need for capital to support creative projects and its difficult experience with collective decision making the Editions des Femmes project was seen as incredibly controversial However Editions des Femmes embodied a broader strategy for cultural transformation that privileged women s creative works rather than feminism situating it as a successful forerunner of the revitalization of the publishing industry from below as small independent houses challenged the large media conglomerate control of the industry

French Anti-Americanism (1930-1948) Seth D. Armus, 2007-02-09 French Anti Americanism offers a historical exploration of the central role of anti Americanism in French thought and the often compromised position of France s intelligentsia during World War II It was in the years preceding World War II with its complex fears and uncertainties that America first took center stage as a target for French anxieties Dr Seth D Armus examines the cultural stability of French anti Americanism and how it has survived colossal political shifts nearly unchanged Focusing on the contributions made by inter war intellectuals this book demonstrates how some of the most striking elements of contemporary anti Americanism including a frequent intersection with anti-Semitism were fully developed six or seven decades ago Through a study of characters ranging from Nazi collaborators to Catholic humanists Dr Armus provides a sophisticated analysis of French anti Americanism as a cultural phenomenon distinct from mere political opposition to American foreign policy French Anti Americanism is an engaging read that will appeal to scholars of French and American studies as well as those interested in international relations

The French Defeat of 1940 Joel Blatt, 1997-08-01 Why France the major European continental victor in 1918 suffered total defeat in six weeks at the hands of the vanquished power of 1918 only two decades later remains moot Why the stunning reversal of fortunes In this volume thirteen prominent scholars reexamine the French debacle of 1940 in interwar perspectives utilizing fresh analysis original approaches and new sources Although the tenor of the volume is critical the contributors also suggest that French preparations for war knew successes as well as failures that French defeat was not inevitable and that the Battle of France might have turned out differently if different choices had been made and other paths been followed

The French Republic Edward G. Berenson, Vincent Duclert, Christophe Prochasson, 2011-10-15 In this invaluable reference work the world s foremost authorities on France s political social cultural and intellectual history explore the history and meaning of the French Republic and the challenges it has faced Founded in 1792 the French Republic has been defined and redefined by a succession of regimes and institutions a multiplicity of symbols and a plurality of

meanings ideas and values Although constantly in flux the Republic has nonetheless produced a set of core ideals and practices fundamental to modern France's political culture and democratic life Based on the influential *Dictionnaire critique de la République* published in France in 2002 The French Republic provides an encyclopedic survey of French republicanism since the Enlightenment Divided into three sections Time and History Principles and Values and Dilemmas and Debates The French Republic begins by examining each of France's five Republics and its two authoritarian interludes the Second Empire and Vichy It then offers thematic essays on such topics as Liberty Equality and Fraternity laicity citizenship the press immigration decolonization anti-Semitism gender the family cultural policy and the Muslim headscarf debates Each essay includes a brief guide to further reading This volume features updated translations of some of the most important essays from the French edition as well as twenty-two newly commissioned English language essays for a total of forty entries Taken together they provide a state-of-the-art appraisal of French republicanism and its role in shaping contemporary France's public and private life

French DNA Paul Rabinow, 2002-10-01 In 1993 an American biotechnology company and a French genetics lab developed a collaborative research plan to search for diabetes genes But just as the project was to begin the French government called it to a halt barring the laboratory from sharing something never previously thought of as a commodity unto itself French DNA

Queer French Denis M. Provencher, 2016-05-23 In this book Denis M Provencher examines the tensions between Anglo-American and French articulations of homosexuality and sexual citizenship in the context of contemporary French popular culture and first-person narratives In the light of recent political events and the perceived hegemonic role of US forces throughout the world an examination of the French resistance to globalization and Americanization is timely in this context He argues that contemporary French gay and lesbian cultures rely on long-standing French narratives that resist US models of gay experience He maintains that French gay experiences are mitigated through gay French language that draws on several canonical voices including Jean Genet and Jean Paul Sartre and various universalistic discourses Drawing on material from a diverse array of media *Queer French* draws out the importance of a French gay linguistic and semiotic tradition that emerges in contemporary textual practices and discourses as they relate to sexual citizenship in 20th and 21st century France It will appeal to an interdisciplinary readership in gender and sexuality studies cultural studies linguistics media and communication studies and French studies

Colonial Ambivalence, Cultural Authenticity, and the Limitations of Mimicry in French-ruled West Africa, 1914-1956 James Eskridge Genova, 2004 *Colonial Ambivalence Cultural Authenticity and the Limitations of Mimicry in French Ruled West Africa 1914-1956* offers an innovative and provocative reassessment of the history and legacies of French colonial rule in West Africa between the First World War and the late 1950s Making critical use of postcolonial and cultural theory James E Genova argues that the colonizers and the colonized were locked in a struggle for authority increasingly structured by competing notions of what it meant to be French or African This book breaks new ground by demonstrating the centrality of the cultural question in the

imperial encounters between France and West Africa It maps the emergence of the French educated elite as a social class in French West Africa as a window into the complex relationship between agency and structural context in the making of history A disjunction developed between decolonization and liberation in the colonial liaison of France and West Africa that left colonizers and colonized trapped in a neocolonial cultural framework actualizing Frantz Fanon s deepest fears about the postcolony

This is likewise one of the factors by obtaining the soft documents of this **Seducing The French The Dilemma Of Americanization** by online. You might not require more become old to spend to go to the book creation as with ease as search for them.
