See His Banners Go:

, To Save America John Hagee, 2024-08-01 The Ten Commandments are the foundation of the Judeo Christian worldview that has shaped civilization into a paramount of law and order that has stood for centuries In a world marked by constant change and moral ambiguity the timeless wisdom of the Ten Commandments serves as an unwavering beacon from Heaven to guide men back to the principles of God s Word Today America is at a moral crossroads It is a moment when the church must draw a line in the sand and choose on this day whom we will serve Will we turn our hearts to the God of Abraham Isaac and Jacob Or will we reject God and pursue the kingdom of this world Salvation for our hearts our homes and our nation can only be found in God Within the Ten Commandments we find God s roadmap to save America For in them is found an unshakeable compass to direct the hearts of men back to God Etched into the tablets of history they provide a divine path to live a life of purpose righteousness and hope Now is the time and today is the day to choose whom we will serve

Dr Singh Science says that the different species were not created simultaneously but evolved gradually I came across a statement in the Bhagavad Gita to the effect that all 8 400 000 species of living entities are created simultaneously Is that correct Srila Prabhupada Yes Living beings move from one bodily form to another The forms already exist The living entity simply transfers himself just as a man transfers himself from one apartment to another One apartment is first class another is second class and another is third class Suppose a person comes from a lower class apartment to a first class apartment the person is the same but now according to his capacity for payment or karma he is able to occupy a higher class apartment Real evolution does not mean physical development but the development of Consciousness Do you follow The apartment already exists however it is not the lower class apartment that becomes the higher class apartment That is Darwin s nonsensical theory He would say that the apartment has become high class Modern scientists think that life has come from matter They say that millions and millions of years ago there was simply matter but no life We do not accept that Of the two energies life and matter life or spirit is the original superior energy and matter is the resultant inferior energy Spirit is independent and matter is dependent Dr Singh All that you have been saying completely contradicts Darwin s theory of evolution Srila Prabhupada Darwin and his followers are rascals If originally there were no higher species why do they exist now Also why do the lower species still exist For example at the present moment we see both the intellectual person and the foolish ass Why do both these entities exist simultaneously Why hasn t the ass form evolved upwards and disappeared Why do we never see a monkey giving birth to a human In Bhagavad Gita the word yantra or machine means that in any species of
