Revolution Anna Clayfield,2019-05-16 This book examines the way in which the guerrilla origins of the Cuban Revolution

American Revolutionaries and the Arab World Federico V élez,2017-05-15 Recounting recent encounters between Latin
American and Arab countries this unique volume explores how despite both geographical and cultural distances Latin
American revolutionaries constructed an image of the Arab World as one sharing their own political views and interests From
the nationalization of the Suez Canal to Latin American perspectives on the Arab Spring Federico V lez offers a fascinating
historical and contemporary analysis on the behaviour of actors on the periphery of the international system Contributing to
debates regarding ideological and political autonomy the book provides a comprehensive historical account of relations
between the countries of Latin America and the Middle East alongside new analysis on the ways marginalized states can
