Stobart, B.

Blonde, 2014-09-16 Textiles are a key component of the industrial and consumer revolutions yet we lack a coherent picture of how the marketing of textiles varied across the long 18th century and between different regions This book provides important new insights into the ways in which changes in the supply of textiles related to shifting patterns of demand

Woven Gold Charissa Bremer-David, 2015-12-15 Meticulously woven by hand with wool silk and gilt metal thread the tapestry collection of the Sun King Louis XIV of France represents the highest achievements of the art form Intended to enhance the king's reputation by visualizing his manifest glory and to promote the kingdom's nascent mercantile economy the royal collection of tapestries included antique and contemporary sets that followed the designs of the greatest artists of the Renaissance and Baroque periods including Raphael Giulio Romano Rubens Vouet and Le Brun Ranging in date from about 1540 to 1715 and coming from weaving workshops across northern Europe these remarkable works portray scenes from the bible history and mythology As treasured textiles the works were traditionally displayed in the royal palaces when the court was in residence and in public on special occasions and feast days They are still little known even in France as they are mostly reserved for the decoration of elite state residences and ministerial offices This catalogue accompanies an exhibition of fourteen marvelous examples of the former royal collection that will be displayed exclusively at the J Paul Getty Museum at the Getty Center from December 15 2015 to May 1 2016 Lavishly illustrated the volume presents for the first time in English the latest scholarship of the foremost authorities working in the field *Burials, Texts and Rituals* Brigitta Hauser-Schäublin, I Wayan Ardika, 2008 The villages on Bali's north east coast have a long history Archaeological findings

have shown that the coastal settlements of Tejakula District enjoyed trading relations with India as long as 2000 years ago or more Royal decrees dating from the 10th to the 12th century inscribed on copper tablets and preserved in the local villages as part of their religious heritage bear witness to the fact that over a period of over 1000 years these played a major role as harbour and trading centres in the transmaritime trade between India and probably the Spice Islands At the same time the inscriptions attest to the complexity in those days of Balinese society with a hierarchical social organisation headed by a king who resided in the interior precisely where nobody knows The interior was connected to the prosperous coastal settlements through a network of trade and ritual The questions that faced the German Balinese research team were first Was there anything left over of this evidently glorious past And second Would our professional anthropological and archaeological research work be able to throw any more light on the vibrant past of these villages This book is an attempt to answer both these and further questions on Bali s coastal settlements their history and culture Treasures of the Abegg-Stiftung

Catherine Depierraz, Christoph von Viràg, Abegg-Stiftung, 2004 **HALI.**, 2002 **Textiles Bibliography**, 2002 Mrs. Delany & Her Circle Yale Center for British Art, Sir John Soane's Museum, 2009 At the age of seventy two Mary Delany ne e Mary Granville 1700 1788 embarked upon a series of nearly a thousand botanical collages or paper mosaics which would prove to be the crowning achievement of her rich creative life These delicate hand cut floral designs made by a method of Mrs Delany s own invention vie with the finest botanical works of her time More than two centuries later her extraordinary work continues to inspire Although best known for these collages Mrs Delany was also an amateur artist woman of fashion and commentator on life and society in 18th century England and Ireland Her prolific craft activities not only served to cement personal bonds of friendship but also allowed her to negotiate the interconnecting artistic aristocratic and scientific networks that surrounded her This ambitious and groundbreaking book the first to survey the full range of Mrs Delany s creative endeavors reveals the complexity of her engagement with natural science fashion and design Das Münster, 2002

Van aardse stof tot hemels lof René Lugtigheid, 2022-03-22 Het lijfje van een kostbare japon in een kerkelijke lade en opvallende naaigaatjes en vouwsporen in de prachtige stoffen van oude misgewaden vormden de aanleiding om achttiende eeuwse priesterkleding in Nederlandse kerken te onderzoeken Welgestelde dames schonken hun beste japon aan de kerk Zij hechtten een bijzondere betekenis aan deze gedragen kleding en dit sacrale hergebruik De kennis en kunde van de auteur als kunsthistoricus en restaurator van historisch textiel komen in dit onderzoek op een bijzondere wijze samen
