Seize A Passing Stranger:

Seize a Passing Stranger Cyril Joyce,1978-01-01 **The Golden Bough** James George Frazer,Sir James George Frazer,1995-12 A world classic The Golden Bough describes our ancestors primitive methods of worship sex practices strange rituals and festivals Disproving the popular thought that primitive life was simple this monumental survey shows that savage man was enmeshed in a tangle of magic taboos and superstitions Revealed here is the evolution of man from savagery to civilization from the modification of his weird and often bloodthirsty customs to the entry of lasting moral ethical and spiritual values Golden Bough Sir James George Frazer,2019-12-18 This 1890 study offers a monumental exploration of the cults rites and myths of antiquity and their parallels with those of early Christianity Abridged by the author from his 12 volume work **The Golden Bough** Ashira Goddard,2008-05-07 A book of antiquity for any studying magic and religion by Sir James George Frazer originally Editing and foreword by Ashira Goddard A Tapestry Antiquity Publishing Book The Golden Bough James Frazer,1996-08-29 Sir James George Frazer 1854 1941 caught the popular imagination with his vast and enterprising comparative study of the beliefs and institutions of mankind which in its third edition numbered 12 volumes Reissued here is Frazer s own single volume abridgement of 1922 The Golden Bough James George Frazer,1922 *The Golden Bough* Sir James George Frazer,2012-04-26 Classic 1890 study of cults rites and myths of antiquity helped define terms of social anthropology influencing generations of thinkers Abridgment omits footnotes occasionally condenses text all main principles remain intact **Portugal: a Book of Folk-ways** Rodney Gallop,1936 **Gigantic Cinema: A Weather Anthology** Paul Keegan,Alice Oswald,2021-11-16 A luminous deliciously playful Rishi Dastidar Guardian anthology of poems and prose inspired by the weather In three hundred varied entries Gigantic Cinema narrates the weather of a single capricious day from dawn through rain volcanic ash nuclear dust snow light fog noon eclipse hurricane flood dusk night and back to dawn again It includes reactions both formal and fleeting weather rhymes journals and jottings diaries and letters to the imaginary and actual drama unfolding above our heads Ranging from Homer s winds and Ovid s flood to Frank O Hara s sun Pliny s reportage on the eruption of Vesuvius to Elizabeth Bishop s Song for a Rainy Season Gigantic Cinema offers an expansive collection of writing inspired by the commotion of the elements Rather than drawing attention to authors and titles entries appear as a medley of voices as editors Alice Oswald and Paul Keegan write in their stunning introduction the excerpts ask to be read with no hat no coat no preconceptions encountering each voice abruptly as an exclamation brought on by the weather Assembling a chorus of responses ancient and modern East and West to air s manifold appearances Gigantic Cinema offers a new perspective on the oldest conversation of all *The Golden Bough By Sir James George Frazer* Sir James George Frazer,2014-06-06 The primary aim of this book is to explain the remarkable rule which regulated the succession to the priesthood of Diana at Aricia When I first set myself to solve the problem more than thirty years ago I thought that the solution could be propounded very briefly but I soon found that to render it probable or even intelligible it

was necessary to discuss certain more general questions some of which had hardly been broached before In successive editions the discussion of these and kindred topics has occupied more and more space the enquiry has branched out in more and more directions until the two volumes of the original work have expanded into twelve Meantime a wish has often been expressed that the book should be issued in a more compendious form This abridgment is an attempt to meet the wish and thereby to bring the work within the range of a wider circle of readers While the bulk of the book has been greatly reduced I have endeavoured to retain its leading principles together with an amount of evidence sufficient to illustrate them clearly The language of the original has also for the most part been preserved though here and there the exposition has been somewhat condensed In order to keep as much of the text as possible I have sacrificed all the notes and with them all exact references to my authorities Readers who desire to ascertain the source of any particular statement must therefore consult the larger work which is fully documented and provided with a complete bibliography
