Value Based and Intelligent Asset Management Adolfo Crespo Márquez, Marco Macchi, Ajith Kumar Parlikad, 2019-06-29 The fundamental motivation of this book is to contribute to the future advancement of Asset Management in the context of industrial plants and infrastructures The book aims to foster a future perspective that takes advantage of value based and intelligent asset management in order to make a step forward with respect to the evolution observed nowadays Indeed the current understanding of asset management is primarily supported by well known standards Nonetheless asset management is still a young discipline and the knowledge developed by industry and academia is not set in stone yet Furthermore current trends in new organizational concepts and technologies lead to an evolutionary path in the field Therefore this book aims to discuss this evolutionary path starting first of all from the consolidated theory then moving forward to discuss The strategic understanding of value based asset management in a company An operational definition of value as a concept on the background of value based asset management The identification of intelligent asset management with the aim to frame a set of tools recommended to support the asset related decision making process over the asset lifecycle The emergence of new technologies such as cyber physical systems and digital twins and the implications of this on asset management

A Quantitative Risk Management Approach to the Selection of Construction Contract Provisions George Edson Mason, Stanford University. Department of Civil Engineering, 1973

Language for Specific Purposes Giuliana Elena Garzone, Dermot Heaney, Giorgia Riboni, 2017-01-06 This volume brings together work by both well known scholars and emerging researchers in the various areas of Language for Specific Purposes LSP such as political legal medical

and business discourse The volume is divided into three parts in order to align rather than separate three different but related aspects of LSP namely translation linguistic research and domain specific communication on the web Underlying all the contributions here is the growing awareness of the ever increasing multiformity of specialised communication and the ever wider social implications of the communicative situations in which it is embedded especially where it involves the need to move across languages cultures and modes as in translation and interpreting The contributions consistently bear witness to the need to review received notions pose new questions and explore fresh perspectives The picture that emerges is one of extreme complexity in which researchers into specifically linguistic aspects of LSPs and their translation across languages and media declare their awareness of the pressing need to come to terms with a wide range of social pragmatic intercultural and political factors above and beyond socio technical knowledge of the domains under investigation

Management of Technology Hans J. Thamhain, 2015-05-14 vorgestellt werden die modernsten Managementkonzepte Hilfsmittel und Methoden die auch in technologieintensiven Unternehmensbereichen einwandfrei funktionieren Schwerpunkte liegen auf Proze integration Managementwerkzeugen und Personalentwicklung
