Edited with an Introduction and Notes by Roger Sharrock. (Second Edition.).** John Dryden,Roger Ian SHARROCK,1968 Selected Poems John Dryden,1950 John Dryden II. George Edward Bateman Saintsbury, **Selected Poetry and Prose of John Dryden** John Dryden,1969 The Poems of John Dryden: 1686-1693 John Dryden,David Hopkins,1995 John Dryden was the greatest writer of Restoration England These volumes are the third and fourth volumes in a five volume edition of Dryden s poems and result from a complete reappraisal of the canon text and context of his work The modernised text has been prepared from a

fresh examination of the early printed editions and takes account of the large number of manuscript copies which survived. These volumes cover the poems which Dryden published between 1686-1696. This was a decade which saw the completion of his work of Catholic apologetics, *The Hind and the Panther*, the major translations from Juvenal and Persius, and his return to the stage after the Revolution of 1688-9 deprived him of the laureateship. Throughout these two new volumes, Dryden's language is glossed in unprecedented detail, revealing the poetic precision of his vocabulary. Together with volumes one and two, they offer the most informative and accessible edition of Dryden's poetry and provide an invaluable resource for students of Restoration culture.

**The Selected Poetry of John Dryden** John Dryden, 1970-04-01 **The Poems of John Dryden: 1693-1696** John Dryden, David Hopkins, 1995. Volume Four covers poems published between 1693 and 1696, principally Dryden's translations from Juvenal and Persius, and those from Ovid and Homer included in the miscellany *Examen Poeticum*, 1693. This new edition represents the most informative and accessible edition of Dryden's poetry, incorporating extensive new research and providing an invaluable resource for all those interested in English poetry and Restoration culture.

**Selected Poems** John Dryden, 1994. Bloomsbury Poetry Classics are selections from the work of some of our greatest poets. The series is aimed at the general reader rather than the specialist and carries no critical or explanatory apparatus. This can be found elsewhere. In the series, the poems introduce themselves on an uncluttered page and in a format that is both attractive and convenient. The selections have been made by the distinguished poet, critic, and biographer Ian Hamilton. John Dryden was born in 1631 and was best known in his lifetime as a playwright. His poems were often adjuncts of his critical theories or instruments of war in his numerous literary vendettas. A merciless satirist, he nonetheless trod cautiously in his political allegiances. He wrote in fluent praise of both Cromwell and King Charles II. In the 1680s, with James II's accession, he became a Roman Catholic. In his later years, he gave up writing for the theatre and largely devoted himself to translating from the classics. He died in 1700.
