Seligmann Alfred Stieglitz Talking:

The Steerage and Alfred Stieglitz Jason Francisco, Elizabeth Anne McCauley, 2012 Alfred Stieglitz's *The Steerage* 1907 is one of the most famous images of the twentieth century and one which raises complex issues regarding art photography and subject matter. The pairing of Anne MacCauley's well contextualized historical analysis with Jason Francisco's more philosophical and poetic reading gives great insight into this important photograph. Together they offer a new and fascinating take on a canonical work. Kim Sichel, author of *Germaine Krull: Photographer of Modernity*. It is past time for the history of Stieglitz's *The Steerage* to be deconstructed and for the myths surrounding it to be replaced with rational analysis. McCauley's and Francisco's essays are each well conceived and executed, filled with promising ideas, new ways of approaching this canonical image and tactics for separating myth from truth. Together they present a beautiful contrast of styles and make this book a very important re-evaluation of a well-known masterpiece. Joel Leivick, Robert and Ruth Halperin, Professor in Photography Department of Art and Art History, Stanford University. *Alfred Stieglitz* Phyllis Rose, 2019-04-16 A fascinating biography of a revolutionary American artist ripe for rediscovery as a photographer and champion of other artists. Alfred Stieglitz (1864-1946) was an enormously influential artist and nurturer of artists, even though his accomplishments are often overshadowed by his role as Georgia O'Keeffe's husband. This new book from celebrated biographer Phyllis Rose reconsiders Stieglitz as a revolutionary force in the history of American art. Born in New Jersey, Stieglitz at age eighteen went to study in Germany where his father, a wool merchant and painter, insisted he would get a proper education. After returning to America, he became one of the first American photographers to achieve international fame. By the time he was sixty, he gave up photography and devoted himself to selling and promoting art. His first gallery, 291, was the first American gallery to show works by Picasso, Rodin, Matisse, and other great European modernists. His galleries were not dealerships so much as open universities where he introduced European modern art to Americans and nurtured an appreciation of American art among American artists.

Art and the Crisis of Marriage Vivien Green Fryd, 2003 Between the two world wars, middle-class America experienced a marriage crisis that filled the pages of the popular press. Divorce rates were rising, birth rates falling, and women were entering the increasingly industrialized and urbanized workforce in larger numbers than ever before, while Victorian morals and manners began to break down in the wake of the first sexual revolution. Vivien Green Fryd argues that this crisis played a crucial role in the lives and works of two of America's most familiar and beloved artists: Georgia O'Keeffe (1887-1986) and Edward Hopper (1882-1967). Combining biographical study of their marriages with formal and iconographical analysis of their works, Fryd shows how both artists expressed the pleasures and perils of their relationships in their paintings. Hopper's many representations of Victorian homes in sunny, tranquil landscapes, for instance, take on new meanings when viewed in the context of the artist's own tumultuous marriage with Jo and the widespread middle-class fears that the new urban, multidwelling homes would contribute to the breakdown of the family. Fryd also persuasively interprets the many

paintings of skulls and crosses that O Keeffe produced in New Mexico as embodying themes of death and rebirth in response to her husband Alfred Stieglitz's long term affair with Dorothy Norman. Art and the Crisis of Marriage provides both a penetrating reappraisal of the interconnections between Georgia O Keeffe's and Edward Hopper's lives and works as well as a vivid portrait of how new understandings of family, gender and sexuality transformed American society between the wars in ways that continue to shape it today. Stieglitz and His Artists Metropolitan Museum of Art (New York, N.Y.), Magdalena Dabrowski, 2011. A master photographer Alfred Stieglitz was also a visionary promoter and avid collector of modern American and European art from the first half of the 20th century. This book is the first fully illustrated catalogue of works in the unparalleled Alfred Stieglitz Collection which was given to the Metropolitan Museum after Stieglitz's death. Painting Gender, Constructing Theory Marcia Brennan, 2001. Focusing on the key historical criticism and art works Brennan shows how the identities of all five Stieglitz circle artists were presented in terms of the masculinity and femininity and the heterosexuality and homosexuality thought to be embedded in their work. Brennan also discusses Stieglitz's relation to competing artistic and critical movements including Thomas Hart Benton's regionalist art and Clement Greenberg's reformulation of formalism.
