Poetry of the Body Deanna Slate Stennett L.Ac. MA,2018-09-12 How did the ancients figure out where the acupuncture points were and what they did It could have been trial and error but that seems unlikely given the intricacies of the names of each point The oldest known form of healing which dates back forty to one hundred thousand years is shamanism Perhaps the ancient Asians who gave us acupuncture were also shamans Perhaps they asked the spirits of the points to reveal themselves and share their secrets In this book author Deanna Stennett does just that She asks the spirits of the points to come forward and speak taking readers on a ride into the human body to meet the points

In addition she offers stories and accounts of friends and patients who remind her of each point If you are looking for a technical manual about acupuncture there are many out there If you want to explore the spirits who live in you and help you every day to be more present and healthy join Deanna as she guides you down the rabbit hole of healing blending the ancient traditions of acupuncture Chinese medicine and shamanism *Awakening to the Spirit World* Sandra Ingerman,2010-11-05 Today practicing shamanism doesn't mean you have to live in a rain forest or a desert Thanks to a modern renaissance of shamanic spirituality practitioners from all walks of life now use powerful indigenous techniques for healing insight and spiritual growth With *Awakening to the Spirit World* teachers Sandra Ingerman and Hank Wesselman bring together a circle of renowned Western shamanic elders Tom Cowan Carol Proudfoot Edgar Jose Stevens and Alberto Villoldo to present a comprehensive manual for making these practices accessible and available in our daily lives including How the original practice of shamanism shaped the world's spiritual traditions and why it is still relevant today The art of the shamanic journey a time tested meditative method for experiencing important spiritual lessons and truths Guidance for avoiding common pitfalls of shamanic practice Instruction for working with your dreams connecting to your spirit guides healing yourself and your environment A CD of drumming to facilitate your shamanic journeys **Seeing in the Dark** Colleen Deatsman,2009-05-01 The word shaman means one who sees in the dark Shamans consciously choose to live in two different worlds at the same time They have one foot here in the everyday world and one foot in the world of the spirits The fact is we all live in these two different worlds but are commonly not aware of the other less visible one This world does not exist in some other place but is right beside us just outside of our usual perceptions *Seeing in the Dark* is a definitive source for personal shamanism and not only provides the tools and techniques of the shaman but presents the wisdom tradition awareness paradigm and shamanic way of life The powerful shamanic path has weathered the cataclysmic changes of over 50 000 years of human history and is even more vital and relevant today In times when stress tension and the fast pace of life overwhelm us this path shows us how to slow down reconnect to the sacred and harness our personal power skills that will be needed for the uncertain days ahead Included in this book are over 100 easy to follow exercises that teach important survival skills for the coming changes of 2012 and beyond **Shamanism** Mark Nelson,2022-04-08 Connect to Spirit Find Your Way to Wholeness Balance Harmony This comprehensive guide takes you into the highly experiential world of shamanism You'll learn a variety of foundational topics including how to take shamanic journeys and perform rituals such as divination and healing as well as intermediate skills such as longdistance healing and dream work Mark Nelson shares transversal beliefs and practices not connected to a specific culture or religion making this book accessible to everyone Explore nature and its spirits perform shadow work and ancestral healing and harness the power of psychopomp and soul retrieval You'll discover how to reach altered states connect with diverse types of spirits and study the history and customs of shamanism Extensive and easy to follow *Shamanism* provides all you need to begin or enhance your practice Death
