Short Studies On Great Subjects Volume Ii:

Short Studies on Great Subjects James Anthony Froude, 2023-03-29 Reprint of the original first published in 1872

Short Studies on Great Subjects James Anthony Froude, 1867 Short Studies on Great Subjects James Anthony Froude, 1907 *Catalogue...* Ernakulam, India. Maharaja's college. Library, 1928 The Romantic Tradition in British Political Thought Jonathan Mendilow, 2019-11-21 First published in 1986 It is often suggested that the great first generation of Romantics after the first flush of their revolutionary enthusiasm sold out to the forces of conservatism and reaction This book starts from the thesis that the ideas of Wordsworth Coleridge and Southey did always contain powerful radical and reformist implications that set the tone of liberal and left wing discussion for several generations The message of the French Revolution and Wordsworth's youthful enthusiasm continued to imbue the thought of Carlyle and his disciples Ruskin and Kingsley and its characteristic articulations are still visible in later socialists such as Keir Hardie and Blatchford This thoughtful book not only shows how surprising are the original roots of some great socialist thinkers but also argues for a strong continuity in the English tradition of political thought from the 1780s to the early years of the twentieth century Both students of politics and of literature and Victorian ideas will be stimulated by *The Romantic Tradition in British Political Thought* **Short Studies on Great Subjects. Vol. II.** James Anthony Froude, 1915 **Catalogue of the Library of the Peabody Institute of the City of Baltimore** Anonymous, 2025-08-01 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Catalogue of Baker University Library Baker University. Library, 1897 *The Nation*, 1872 Publishers' circular and booksellers' record, 1867

Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record, 1895

Short studies on Great Subjects James Anthony Froude, 1867 **The Personal Government of Charles I. A History of England from the Assassination of the Duke of Buckingham to the Declaration of the Judges on Ship-money, 1628-1638** Samuel Rawson Gardiner, 2024-07-02 Reprint of the original first published in 1877 *The Cambridge History of English Literature* Sir Adolphus William Ward, Alfred Rayney Waller, 1916 **The Round Table**, 1867

Costume of Colonial Times Alice Morse Earle, 1894 **The Spectator**, 1868 **School of engineering. Examination for diploma** Dublin city, univ, 1877 *Spinoza's Ethics* Benedictus de Spinoza, 2020-01-14 An authoritative edition of George Eliot's elegant translation of Spinoza's greatest philosophical work In 1856 Marian Evans completed her translation of Benedict de Spinoza's *Ethics* while living in Berlin with the philosopher and critic George Henry Lewes This would have become the first edition of Spinoza's controversial masterpiece in English but the translation remained unpublished because of a disagreement between Lewes and the publisher Later that year Evans turned to fiction writing and by 1859 she had published her first novel under the pseudonym George Eliot This splendid edition makes Eliot's translation

of the Ethics available to today's readers while also tracing Eliot's deep engagement with Spinoza both before and after she wrote the novels that established her as one of English literature's greatest writers. Clare Carlisle's introduction places the Ethics in its seventeenth-century context and explains its key philosophical claims. She discusses George Eliot's intellectual formation, her interest in Spinoza, the circumstances of her translation of the Ethics, and the influence of Spinoza's ideas on her literary work. Carlisle shows how Eliot drew on Spinoza's radical insights on religion, ethics, and human emotions and brings to light surprising affinities between Spinoza's austere philosophy and the rich fictional worlds of Eliot's novels. This authoritative edition demonstrates why George Eliot's translation remains one of the most compelling and philosophically astute renderings of Spinoza's Latin text. It includes notes that indicate Eliot's amendments to her manuscript and that discuss her translation decisions alongside more recent English editions.

The Saturday Review of Politics, Literature, Science and Art, 1878

Short Studies On Great Subjects Volume II Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever.
