Should We Consent To Be Governed A Short Introduction To Political Philosophy:

Should We Consent to be Governed? Stephen Nathanson, 1992 Introduces students to political philosophy by raising a relevant practical question that each of us faces What attitude ought we to adopt toward governments and laws Beginning with this question the author introduces a variety of political philosophies each presented as an answer to this question and shows why it is worth understanding and learning about these views The text involves the students in the issues and encourages active thinking and learning by stressing what the student needs to make up their mind about the question By studying this material students will understand how one can respect the legitimacy of laws while retaining a critical stance that permits disobedience when laws and governments fail to be just **Problems in Value Theory** Steven B.

Cowan, 2020-02-06 **Problems in Value Theory** takes a pro and con approach to central topics in aesthetics ethics and political theory Each chapter begins with a question What Makes Actions Right or Wrong Does Morality Depend on God Do We Need Government Contemporary philosophers with opposing viewpoints are then paired together to argue their position and raise problems with conflicting standpoints Alongside an up to date introduction to a core philosophical stance each contributor provides a critical response to their opponent and clear explanation of their view Discussion questions are included at the end of each chapter to guide further discussion With chapters ranging from why the government should never wage war to what is art and does morality depend on God this introduction covers questions lying at the heart of debates about what does and does not have value *Contemporary Debates in Applied Ethics* Andrew I. Cohen, Christopher Heath

Wellman, 2014-01-14 Now in an updated edition with fresh perspectives on high profile ethical issues such as torture and same sex marriage this collection pairs cogently argued essays by leading philosophers with opposing views on fault line public concerns Revised and updated new edition with six new pairs of essays on prominent contemporary issues including torture and same sex marriage and a survey of theories of ethics by Stephen Darwall Leading philosophers tackle colleagues with opposing views in contrasting essays on core issues in applied ethics An ideal semester length course text certain to generate vigorous discussion **From the Eye of the Storm**, 2022-07-04 From the Eye of the Storm Regional Conflicts and

the Philosophy of Peace presents to the reader a cross section of an emerging field of study the philosophy of peace The editors bring together articles that explore the philosophic implications of many recent regional conflicts Reflecting the diversity and vitality and any new field of study this volume contains five sections Conceptual Foundations America's Homefront Desert Storm Assessments Jihad Intifada and Other Mideast Concerns and Latin American Issues The topics of the articles include war militarism patriotism nationalism nonviolence conscientious objection feminist peace the media the ethics of the Gulf War the Israeli Palestinian conflict Islamic pacifism and Latin American resistance A concluding postscript assesses prospects for achieving peace and change within our fast changing international scene This volume has an extensive bibliography of writings concerning peace and conflict and is suited to professional and student audiences *The Politics of*

Terror William J. Crotty, 2016-02-01 In the wake of the September 11 attacks Americans were confronted with a new kind of war and a new kind of danger After the strikes institutions were created to mobilize the domestic response to potential terrorist threats and Congress passed legislation giving the president broad powers to fight terrorism and to provide heightened security for the nation In this timely work a team of experts addresses the question of how a democracy faces the challenge of balancing legitimate homeland security concerns against the rights and freedoms of its citizens They evaluate the measures introduced in the aftermath of 9 11 and assess the far reaching consequences of those changes for American politics and society

Patriotism Igor Primoratz, 2016-05-13 Economic and cultural globalization and the worldwide threat of terrorism have contributed to the resurgence of patriotic loyalty in many parts of the world and made the issues it raises highly topical This collection of new essays by philosophers and political theorists engages with a wide range of conceptual moral and political questions raised by the current revival of patriotism It displays both similarities and differences between patriotism and nationalism and considers the proposal of Habermas and others to disconnect the two Ideal as a supplementary reader for undergraduate and postgraduate courses in politics political science especially in political theory contemporary political ideologies and nationalism and in philosophy for courses on applied ethics and political philosophy

Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array topics of campaigns elections and electoral behavior The encyclopedia s diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in

America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library

Uncovering the Constitution's Moral Design Paul R. DeHart, 2007 The U S Constitution provides a framework for our laws but what does it have to say about morality Paul DeHart ferrets out that document's implicit moral assumptions as he revisits the notion that constitutions are more than merely practical institutional arrangements In *Uncovering the Constitution's Moral Design* he seeks to reveal elaborate and then evaluate the Constitution's normative framework to determine whether it is philosophically sound and whether it makes moral assumptions that correspond to reality Rejecting the standard approach of the intellectual historian DeHart for the first time in constitutional theory applies the method of inference to the best explanation to ascertaining our Constitution's moral meaning He distinguishes the Constitution's intention from the subjective intentions of the framers teasing out presuppositions that the document makes about the nature of sovereignty the common good natural law and natural rights He then argues that the Constitution constrains popular sovereignty in a way that entails a real common good transcendent of human willing and promotive of human well being but he points out that while the Constitution presupposes a real common good it also implies a natural law that prescribes the common good In critiquing previous attempts at describing and evaluating the Constitution's normative framework DeHart demonstrates that the Constitution's moral framework corresponds largely to classical moral theory He challenges the logical coherency of modern moral philosophy normative positivism and other theories that the Constitution has been argued to embody and offers a groundbreaking methodology that can be applied to uncovering the normative framework of other constitutions as well This cogently argued study shows that the Constitution presupposes a natural law to which human law must conform and it takes a major step in resolving current debates over the Constitution's normative framework while remaining detached from the social issues that divide today's political arena *Uncovering the Constitution's Moral Design* is an original approach to the Constitution that marks a significant contribution to understanding the moral underpinnings of our form of government

Patriotism, Morality, and Peace Stephen Nathanson, 1993 Is patriotism a worthy ideal one that we ought to promote and support Or is it a dangerous and destructive notion that leads to war and hostility *Patriotism Morality and Peace* provides the first sustained philosophical treatment of these questions distinguishes different forms of patriotism and shows why some forms are indeed dangerous while others can be valuable and constructive

American Baptist Quarterly, 2007

Social and Political Philosophy James P. Sterba, 1995 This anthology is the first textbook to put the historical development of Western social and political philosophy into both feminist and multicultural perspectives

The aim of the text is twofold to provide an introductory sampling of some of the classical works of the Western tradition in social and political philosophy and to situate those readings within feminist and multicultural perspectives so that they can be better understood and evaluated Social and Political Philosophy Andrea Veltman,2008 Social and Political Philosophy Classic and Contemporary Readings is a comprehensive reader that offers a carefully balanced perspective of modern day social and political philosophy and the ways in which classic thought has shaped it Editor Andrea Veltman seamlessly integrates the work of contemporary philosophers Canadian scholarship and feminist perspectives with some of the most valued readings in political thought Suited to both one and two semester courses Social and Political Philosophy is a uniquely Canadian text that brings fresh insight into many of the issues facing today s society Pedagogical features including biographical sketches recommended readings and end of chapter review questions engage readers and helps students foster important connections between the past and present **University of Florida Journal of Law and Public Policy** ,2011-12

Political Philosophy Richard G. Stevens,2010-10-18 This book by Richard G Stevens is a comprehensive introduction to the nature of political philosophy It offers definitions of philosophy and politics showing the tension between the two and the origin of political philosophy as a means of resolution of that tension Plato and Aristotle are examined in order to see the search for the best political order Inquiry is then made into political philosophy s new tension brought about by the growth of revealed religion in the Middle Ages It then examines the changes introduced by modernity and gives an overview of postmodern political thought The book covers the most influential philosophers and directs readers to the classics of political philosophy guiding them in studying them It is an approachable introduction to a complex subject not just a history of it It is a point of entry into the subject for students and for others as well *Proceedings and Addresses of the American Philosophical Association* American Philosophical Association,1991 List of members in v 1 **An Introduction to Political Philosophy** Jonathan Wolff,2023 An Introduction to Political Philosophy is a concise lucid and thought provoking introduction to the most important questions of political philosophy organised around the major issues Wolff provides the structure that beginners need whilst also introducing some distinctive ideas of his own *American Book Publishing Record* ,2000-07 **Courting Athena** Zach Lee,2023-10-16 What really exists How do I know my beliefs are correct Are my actions objectively right or wrong and why What is the role of government What are the limits of science Does God exist What makes me me These questions are all philosophical in nature But to most people philosophy feels like an intimidating or irrelevant topic Courting Athena is a short introduction into this amazing subject However unlike many other introductions to philosophy which at times can be sterile boring and overwhelming this book is written with the average reader in mind It is a short accessible and engaging invitation that will teach you how to think more clearly about the world around you Each chapter summarizes a major area of philosophy and introduces you to the major ideas and thinkers you need to know Everything from knowledge to science to political systems to religion are addressed within these pages Athena the mythical

goddess of wisdom invites you to engage with her in a short yet simple journey through the incredible topic of philosophy

The British National Bibliography Arthur James Wells, 2003 *Directory of American Scholars: Philosophy, religion and law*, 1999
