Sex Ed for the Stroller Set Laura Hancock, Karen Rayne, 2023-07-25

National Parenting Product Award Winner 2023 Sex Ed for the Stroller Set gives parents practical tools to proactively teach young children about sexuality and the confidence to use these tools When adults bring intention and thoughtfulness to providing sexual health education to their young children they can establish healthy attitudes toward sexuality and prepare their children and themselves for sexual topics that will arise in later years While there are many books on sexual health written for parents of teens and young adults there are very few written for parents of young children But the early years are crucial to sexual health and what parents do and say is of the utmost importance This book written for parents or other primary caregivers who are raising a child under the age of six shows how to provide essential information about sexuality bodies and behavior in age appropriate but thorough and accurate language It helps parents prepare for conversations that might make them uncomfortable by supplying not only the necessary information but also specific phrases and words they can use when speaking to their young children while also helping parents process their own anxieties around sex A parent is their child s best sex ed teacher By providing reliable straightforward information about sexuality parents can establish open honest relationships with their children help protect them from harm and set them up for healthy fulfilling and pleasurable sex lives and relationships as adults

The Rhetorical Power of Children's Literature John H. Saunders, 2016-12-21 The Rhetorical Power of Children s Literature is an edited volume with contributions from established and new scholars of rhetoric offering case studies that analyze a full array of genres in children s literature from picture books to young adult novels Collectively this volume s contributions interrogate how children s literature is a powerful yet under examined space of rhetorical discourse that influences one of the most vulnerable segments of our population This book is singularly unique given that it will be the first collection of essays on children s literature from the distinct perspective of the field of Communication Beyond topical novelty the contributors utilize a range of scholarly methods to analyze instances of the rhetoric of children s literature Consequently essays in this volume may be read for both their specific topical content and as exemplars for multiple methodological approaches to the study of the rhetoric of children s literature Collectively the contributors set out to contribute to our knowledge of how instances of children s literature operate as rhetorical discourses The volume is organized by case studies approached through critical rhetorical lenses that analyze specific instances of children s literature from two distinct stages of children s developmental reading experiences including pre early literacy and fluent reading Structurally the book includes eight content chapters divided evenly with four chapters analyzing books for young children and four chapters analyzing books targeting audiences from late childhood to adolescence An overview of each content chapter accompanies this proposal
