Art and Architecture Division,1975      Professional Practice for Interior Designers Christine M. Piotrowski,2013-07-31 This updated edition of the most comprehensive business guide for designers covers the interior design profession in a clear and well organized style From establishing a practice to managing a project the reader progresses through all aspects of the business whether in a small or large firm The new edition includes additional information on ethics as well as a companion website containing sample forms and other resources This book is recommended by the NCIDQ as preparation for their professional registration examination      **Paperbound Books in Print** ,1992      Art Deco and Modernist Carpets Susan Day,2002-10 In 1927 the critic Rene Chavance identified carpet production as the most successful of the decorative arts in achieving the more visionary aims of

the times Susan Day's book a work of original scholarship accompanied throughout by illustrations both of the carpets themselves and of contemporary interiors demonstrates that these Art Deco carpets have lost none of their decorative power. A significant number of the carpets are shown precisely as they were meant to be seen within the rooms for which they were made. The fruits of the remarkable Art Deco efflorescence throughout Europe form the first part of the book. In the second the focus turns to the reaction against the artistes decorateurs by the champions of modernism. In France the designs of Sonia Delaunay, Eileen Gray and Jean Lurcat evoked collage and Cubism; the Bauhaus and Scandinavia provided different influences. The fashion for abstract and modernist rugs was further stimulated by limited editions of rugs woven from works by such artists as Picasso, Klee and Miro while in the USA designers developed a style that was distinctly American. This visual feast of appeal not only to carpet collectors and textile specialists but to anyone with an interest in 20th century design ranges from the supremely imaginative achievements of Paul Poiret's unique weaving studio, the Ecole Martine, to the Scandinavian folk traditions of Marta Maas Fjetterstrom, the innovations of Frank Lloyd Wright and Donald Deskey in the USA and Gunta Stolzl's handwoven carpets in Germany. The book's invaluable reference section includes detailed information on artists, manufacturers and retailers, their signatures and monograms and a glossary and bibliography.

Women in Design (World of Art) Anne Massey, 2023-04-25 A comprehensive history of women designers working internationally from 1900 to the present day. Women designers have created some of the most important objects in history. By revealing the untold stories of female design pioneers, this wide-ranging introduction celebrates their crucial role in the history of modern processes of making. Arranged chronologically, this guide considers the structural barriers to professional success and how women overcame these hurdles, charting the works of designers including Anni Albers at the Bauhaus, the architects Eileen Gray and Zaha Hadid, interior decorator Elsie de Wolfe and fashion icon Mary Quant. Focusing on the key subjects of architecture, craft, fashion, furniture, graphics, interior product and textile design, author Anne Massey explores the link between early twentieth-century revolutionary design and lifestyle as well as the idea of shopping and consumerism as liberatory. Massey also discusses the important contribution of designers during and after World War II along with design activism, design collectives and the current success of women working transnationally in architecture and design. Illustrated throughout, *Women in Design* is the definitive history of women designers working around the world over the past 120 years.
