Shuttle In The Crypt:

A Shuttle in the Crypt Wole Soyinka, 1972 Critical Perspectives on Wole Soyinka Wole Soyinka, 1980 Distinguished scholars analyze the plays poetry and prose of Wole Soyinka winner of the Nobel Prize for literature in 1986 Essays trace his career and place his work in the general context of African literature A Shuttle in the Crypt Wole Soyinka (Schriftsteller, Dramaturg, Nigeria), 1972 **Introduction to Soyinka's Poetry** Aderemi James Bamikunle, 1991

Nigerian Literary Imagination and the Nationhood Project Toyin Falola, 2022-07-14 This book explores how modern Nigerian fiction is rooted in writers understanding of their identity and perception of Nigeria as a country and home Surveying a broad range of authors and texts the book shows how these fictionalized representations of Nigeria reveal authentic perceptions of Nigeria's history and culture today Many of the lessons in these works of literature provide cautionary tales and critiques of Nigeria as well as an examination of the lasting impact of colonialism Furthermore the book presents the nation as both the framework and subject of its narrative By conducting literary analyses of Nigerian fiction with historical reference points this work demonstrates how Nigerian literature can convey profound themes and knowledge that resonates with audiences teaching Nigerians and non Nigerians about the colonial and postcolonial experience The chapters cover topics on nationhood women's writing postcolonial modernity and Nigerian literature in the digital age

Postcolonial Identity in Wole Soyinka Mpalive-Handson Msiska, 2007 Soyinka's representation of postcolonial African identity is re-examined in the light of his major plays novels and poetry to show how this writer's idiom of cultural authenticity both embraces hybridity and defines itself as specific and particular For Soyinka such authenticity involves recovering tradition and inserting it in postcolonial modernity to facilitate transformative moral and political justice The past can be both our enabling future and our nemesis In a distinctive approach grounded in cultural studies *Postcolonial Identity* in Wole Soyinka locates the artist's intellectual and political concerns within the broader field of postcolonial cultural theory arguing that although ostensibly distant from mainstream theory Soyinka focuses on fundamental questions concerning international culture and political identity formations the relationship between myth and history tradition and modernity and the unresolved tension between power as a force for good or evil Soyinka's treatment of the relationship between individual selfhood and the various framing social and collective identities so the book argues is yet another aspect linking his work to the broader intellectual currents of today Thus Soyinka's vision is seen as central to contemporary efforts to grasp the nature of modernity His works conceptualize identity in ways that promote and modify national perceptions of Africanness rescuing them from the colonial and neocolonial logic of cultural denigration in a manner that fully acknowledges the cosmopolitan and global contexts of African postcolonial formation Overall what emerges from the present study is the conviction that in Soyinka's work it is the capacity to assume personal and collective agency and the particular choices made by particular subjects at given historical moments that determine the trajectory of change and ultimately the nature of postcolonial

existence itself Postcolonial Identity in Wole Soyinka is a major and imaginative contribution to the study of Wole Soyinka African literature and postcolonial cultural theory and one in which writing and creativity stand in fruitful symbiosis with the critical sense It should appeal to Soyinka scholars to students of African literature and to anyone interested in postcolonial and cultural theory

A Creative Passion Jeff Shantz, 2010-07-12 The specter of anarchism is haunting statist and capitalist culture and politics in the 21st century Anarchism the idea that people can organize their lives on the basis of justice and equality free from political and economic rulers has provided inspiration for a variety of contemporary social movements Yet anarchism remains a misunderstood and misrepresented philosophy A Creative Passion edited by a longtime anarchist activist and scholar offers important insights into anarchist cultural practices and worldviews The classical anarchist Mikhail Bakunin famously proclaimed that the passion for destruction is also a creative passion Anarchists over the decades have sought to destroy the tyrannical authoritarian exploitative and oppressive aspects of statist and capitalist societies and culture while creating alternatives based on solidarity justice care and mutual aid This innovative work provides exciting perspectives on current movements and ideas that seek a world free from authoritarian domination It will be a welcome resource for students faculty artists and community organizers alike Chapters examine anarchism and dada drama and anarchy eco anarchism and critiques of capitalist civilization DIY and anarcho punk assaults on corporate culture industries and Wole Soyinka's anarchism

Animist Poetics Ryan Topper, 2025-08-01 Argues that African literature conceptualizes trauma and regeneration as a more than human process offering an animist revision of psychoanalysis Psychoanalytic trauma theory largely disregards African perspectives Postcolonial criticism often filters these perspectives through a secular humanist lens Examining how African literature uses animism to address the traumas of colonization Animist Poetics offers a new understanding of the postcolonial condition From an animist viewpoint the self is not an individual but rather a regenerative process linking the living the dead and their ecosystems Looking at poetry fiction drama and visual art including archival manuscripts by Wole Soyinka and Yvonne Vera Ryan Topper argues that African literature reinvents these Indigenous ecologies in uniquely modern ways Animist Poetics takes Indigenous and literary knowledge seriously rethinking the foundations of psychoanalysis and charting new theoretical paths in posthumanism the environmental humanities new materialism biopolitics and memory studies

Wole Soyinka Biodun Jeyifo, 2003-11-13 Biodun Jeyifo examines the connections between the innovative and influential writings of Wole Soyinka and his radical political activism Jeyifo carries out detailed analyses of Soyinka's most ambitious works relating them to the controversies generated by Soyinka's use of literature and theatre for radical political purposes He gives a fascinating account of the profound but paradoxical affinities and misgivings Soyinka has felt about the significance of the avant garde movements of the twentieth century Jeyifo also explores Soyinka's works with regard to the impact on his artistic sensibilities of the pervasiveness of representational ambiguity and linguistic exuberance in Yoruba culture The analyses and evaluations of this

study are presented in the context of Soyinka's sustained engagement with the violence of collective experience in post independence postcolonial Africa and the developing world No existing study of Soyinka's works and career has attempted such a systematic investigation of their complex relationship to politics Perspectives on Wole Soyinka , Essays that examine the aesthetics and the radical politics of one of Africa's greatest writers **Transatlantic Engagements with the British Eighteenth Century** Pamela J. Albert, 2017-07-12 *Transatlantic Engagements with the British Eighteenth Century* revisits eighteenth century cultural artifacts through the lens of creative works produced by contemporary writers Beryl Gilroy Guyana Derek Walcott St Lucia Wole Soyinka Nigeria and David Dabydeen Guyana While early studies of post colonization literature focused on how revisions of historical works write back to the British empire this study argues that trans historical cross cultural dialogues also reveal the global complexity of eighteenth century cultural forms i e the periodical essay travel narrative pantomime satirical engraving and slave narrative By transforming the generic form of their eighteenth century sources the African and Caribbean writers in this study strategically call attention to the modes of storytelling utilized by eighteenth century writers Richard Steele Daniel Defoe Jonathan Swift William Hogarth Isaac Bickerstaff and Ignatius Sancho and subsequently expose how the encounters exchanges and acts of resistance taking place around the world influenced aesthetic experimentation in England *Transatlantic Engagements with the British Eighteenth Century* is thus a reconsideration of eighteenth century literature art and drama However because these engagements with British literature art and drama concurrently reflect twentieth century encounters with neocolonial oppression political violence and racism this study also proposes that engagements with the British eighteenth century double as inquiries into whether the modern world has progressed since the eighteenth century *Wole Soyinka* Mpalive-Hangson Msiska, 1997-11 The book reconsiders Soyinka's contribution to the debate about African identity exploring the various elements constituting his distinctive aesthetic and apprehension of African culture It concentrates on his plays his fiction and poetry and investigates his views on the relationship between myth history and modernity primarily highlighting his conception of the nature of African post colonial society and power Also the book looks at Soyinka's exploration of the metaphysical aspects of evil particularly as manifested in political violence and in addition it examines his belief in the irrepressibility of the human desire to transcend any form of political spiritual and social oppression Finally it argues that Soyinka's major contribution to our understanding of contemporary African life and art lies in his attempts to move beyond the idea of identity as an opposition between Self and Other to a conception of identity in which such concepts are either themselves questioned or transferr **The Cambridge Introduction to British Poetry, 1945-2010** Eric Falci, 2015-11-12 *The Cambridge Introduction to British Poetry 1945-2010* provides a broad overview of an important body of poetry from England Scotland Wales and Northern Ireland from the postwar period through to the twenty first century It offers a comprehensive view of the historical context surrounding the poetry and provides in depth readings of many of the period's central poets British poetry

after 1945 has been given much less attention than both earlier British and American poetry as well as postwar American poetry There are very few single author studies that present the entirety of the period's poetry This book is unique for the comprehensive richness with which it presents the historical and literary historical scene as well as for its close up focus on a wide range of major poets and poems

Wole Soyinka: Literature, Activism, and African Transformation Bola Dauda, Toyin Falola, 2021-09-09 This timely and expansive biography of Wole Soyinka the Nigerian writer Nobel laureate and social activist shows how the author's early years influence his life's work and how his writing in turn informs his political engagement Three sections spanning his life major texts and place in history connect Soyinka's legacy with global issues beyond the borders of his own country and indeed beyond the African continent Covering his encounters with the widespread rise of kleptocratic rule and international corporate corruption his reflection on the human condition of the North South divide and the consequences of postcolonialism this comprehensive biography locates Wole Soyinka as a global figure whose life and works have made him a subject of conversation in the public sphere as well as one of Africa's most successful and popular authors Looking at the different forms of Soyinka's work plays novels and memoirs among others this volume argues that Soyinka used writing to inform mobilize and sometimes incite civil action in a decades long attempt at literary social engineering
