The Italian Short Story through the Centuries Roberto Nicosia, 2018-11-07 This collection of thirteen essays brings together Italian and American scholars to present a cooperative analysis of the Italian short story beginning in the fourteenth century with Giovanni Boccaccio and arriving at the twentieth century with Alberto Moravia and Anna Maria Ortese Throughout the book the contributors carefully and intentionally unpack and explain the development of the short story genre and demonstrate the breadth of themes cultural historical and linguistic detailed in these narratives Dedicated to a genre devoted to lightness and flexibility as well as quickness exactitude visibility and multiplicity this collection paints a careful and exacting picture of an important part of both Italian and literary history *Socially Symbolic Acts* Joseph Francese, 2006 This book discusses issues of broad cultural consequence by examining the work of three of Italy's most prominent living novelists Umberto Eco Vincenzo Consolo and Antonio Tabucchi The introductory chapter continues a discussion of some of the topics already broached in the author's *Narrating Postmodern Time and Space* 1997 It uses an approach that is both historicist and psychoanalytic to critically address topics in cultural studies and Italian studies The book deals with fictions of very recent publication many of which have been published after the turn of the millennium filling important gaps in the critical bibliography Close readings relate texts to their historical and cultural contexts critiquing their ideology while preserving their Utopian moments **On Directing** Eugenio Barba, 2010 A theatre which is able to speak to each spectator in a different and penetrating language is not a fantastic idea nor a utopia This is the theatre for which many of us directors and leaders of groups trained for a long time from the Introduction On Directing is Eugenio Barba's unprecedented account of his own life and work This is a major retrospective of Barba's working methods his practical techniques and the life experiences which fed directly into his theatre making *On Directing* is an inspirational resource It is a dramaturgy of dramaturgies and a professional autobiog *Voicing the Word* Marina Spunta, 2004 Drawing on the recent renewal of interest in the debate on orality and literacy this book investigates the varying perceptions and representations of orality in contemporary Italian fiction providing a fresh perspective on this rich and fast developing debate and on the study of the Italian literary language The book brings together a number of complementary approaches to orality from the fields of linguistics literary and media studies and offers a detailed analysis of a broad variety of authors and texts that appeared over the last three decades ranging from internationally acclaimed writers such as Celati Duranti and Tabucchi through De Luca and Baricco to the latest generation of writers such as Campo Ballestra and Nove By exploring the complementary facets of Italian orality and its diachronical developments since the seventies this study questions the traditionally dichotomic approach to the study of orality and literacy and posits a more flexible cross modal approach that accounts for the increasing hybridisation of text forms and media and for the greater interaction between the spoken and the written as well as their representations **The Odin Teatret Archives** Mirella Schino, 2017-11-20 The Odin Teatret Archives presents collections

Addressing the Letter Laura Anne Salsini, 2010-01-01 Women writers of nineteenth and twentieth century Italy reinvigorated the modern epistolary novel through their re-fashioning of the genre as a tool for examining women's roles and experiences Addressing the Letter argues that many epistolary novels purposely tie narrative structure to thematic content creating in the process powerful texts that reflect and challenge literary and socio-cultural norms Through the lens of the genre Laura A. Salsini considers how the works of authors including the Marchesa Colombi Sibilla Aleramo Gianna Manzini Natalia Ginzburg and Oriana Fallaci highlight such issues as love the loss of ideals lack of communication and connection and feminist ideology She also analyses what may be the first woman-authored Italian example of epistolary fiction *Orontia* Romagnuoli Sacconi's *Lettere di Giulia Willet* 1818 In their reworking of the epistolary narrative form Italian women writers challenged dominant assumptions about female behaviours roles relationships and sexuality in modern Italy

Postmodern Ethics Elizabeth Wren-Owens, 2009-05-05 Postmodern Ethics offers a new perspective on debates surrounding the role of the intellectual in Italian society and provides an original reading of two important Italian contemporary writers Leonardo Sciascia and Antonio Tabucchi It examines the ways in which the two writers use literature to engage with their socio-political environment in a climate informed by the doubts and scepticism of postmodernism after traditional forms of impegno had been abandoned Postmodern Ethics explores ways in which Tabucchi and Sciascia further their engagement through embracing the very factors which problematized traditional committed writing such as the absence of fixed truths the inability of language to fully communicate ideas and intertextuality Postmodern Ethics provides an innovative new reading of Tabucchi's works It challenges the standard view in critical literature that his writing may be divided into engaged texts which dialogue with society and postmodern texts which focus

on literary interiority suggesting instead that socio political engagement underpins all of his works It also offers a new lens on Sciascia s writing unpacking why Sciascia unlike his contemporaries is able to maintain a belief in literature as a means of dialoguing with society Postmodern Ethics explores the ways in which Tabucchi and Sciascia approach issues of terrorism justice the anti mafia movement immigration and the value of reading in connected yet distinct ways suggesting that a close genealogy may be drawn between these two key intellectual figures
