Sibelius early Years maturity:

Jean Sibelius Daniel M. Grimley, 2025-03-15 An illuminating investigation into the interdisciplinary impact of the beloved modern classical composer Few composers have enjoyed such critical acclaim or longevity as Jean Sibelius who died in 1957 aged ninety one Always more than simply a Finnish national figure an apparition from the woods as he ironically described himself Sibelius's life spanned turbulent and tumultuous events and his work is central to the story of late nineteenth and early twentieth century music This book situates Sibelius within a rich interdisciplinary environment paying attention to his relationship with architecture literature politics and the visual arts Drawing on the latest developments in Sibelius research it is intended as an accessible and rewarding introduction for the general reader and it also offers a fresh and provocative interpretation for those more familiar with his music

Sibelius Andrew Barnett, 2007-01-01 Informed by a wealth of information that has come to light in recent years this engaging biography tells the complete story of the life and musical work of Finnish composer Jean Sibelius 1865 1957 Drawing on Sibelius's own correspondence and diaries contemporary reviews and the remarks of family and friends the book presents a rich account of the events of the musician's life In addition this volume is the first to set every work and performable fragment by Sibelius in its historical and musical context Filling a significant gap the biography also provides the first accurate information about much of the composer's early music Writing for the general music lover Andrew Barnett combines his own extensive knowledge of Sibelius's music with the insights of other scholars and musicians He lays to rest a number of myths and untruths that Sibelius wrote no chamber music of value for example and that he stopped composing in 1926 and didn't need to compose to earn a living Barnett completes the volume with the most thorough worklist available and an authoritative chronology of Sibelius's entire output
