Islands of the Mind Richard Pine, 2020-02-05 730 million people almost 10% of the world's population inhabit islands One quarter of the states represented at the United Nations are islands Islands constitute almost twenty percent of the total land area of Greece and exhibit more significant aspects of biodiversity than other global contexts They are both occasions of triumph and occurrences of catastrophe Islands are both open and enclosed communities points of arrival and departure Islands exert a fascination for the visitor and generate in the islander both positive and negative mindsets The romantic fallacies about self-sufficiency and insularity of islands are constantly challenged This collection of essays by scholars from some of the world's most compelling islands Jersey Ireland Tasmania Corfu Ereikousa Prince Edward Island Malta explores the psychology of islands islanders and their visitors the literatures they stimulate and the scientific ethical and biogeographical issues they present in an increasingly globalised world Corfu the home of Lawrence and Gerald Durrell in the 1930s and host to literary and scientific enquiry is the place where this collection was conceived and occupies a central place in its discussions

The Mediterranean Passion John Pemble, 2015-07-16 The only remarkable thing people can tell of their doings these days is that they have stayed at home declared George Eliot in 1869 In Victorian and Edwardian Britain travel became the rage The middle classes and the aristocracy seemed in a constant flux of arrival and departure their luggage festooned with foreign labels The revolution in transport made this possible The Mediterranean Passion describes how the British travelled to the South and where they went Drawing on what these travellers wrote and what was written for them it enriches our understanding of the Victorians and Edwardians by exploring the medical religious sexual and aesthetic dimensions of their journeys and illuminates an important but neglected aspect of British social and cultural history combines scholarship with charm It could easily be taken to the Mediterranean on a holiday and read with pleasure on a sunny beach or in the shade of a church Asa Briggs Financial Times I was impressed not merely by the range of his erudition historical cultural literary topographical medical et al and by the depth of his enquiries into his subject but by the subtlety and refinement of his prose He deals with very elusive complex and culturally contradictory matters upon which few if any could arrive at persuasive generalisations yet he does so throughout the book while his conclusion is a marvel of judgment excelling even what his preceded David Selbourne author of *The Principle of Duty* The Mediterranean Passion was the joint winner of the 1987 Wolfson Literary Award for History
