D. Harding,Leonard Barden,1987 A basic knowledge of opening theory is essential for club players even those who may have little time for study and for whom chess is merely a relaxing pastime if they are to avoid losing games because of setbacks in the early stages against a more knowledgeable opponent This book sets out to provide sufficient coverage of all openings explaining the basic strategy of each variation with the intention that a few hours study of favourite lines will enable the reader to avoid these pitfalls in future This updated edition uses the now universal algebraic notation The authors are both journalists experienced at writing for the average player Tim Harding is an Irish Olympiad player while Leonard Barden is former British Champion and chess correspondent for The Guardian and The Financial Times Paperbound Books in Print ,1991 *British Books in Print* ,1985 Why Lasker Matters Andrew Soltis,2016-12-08 Emanuel Lasker was the longest reigning world champion 1894 1921 and remained one of the world s top 10 players for nearly four decades He competed against top players such as Capablanca Rubinstein and Alekhine at the height of their game and was consistently successful yet almost no one studies his games today Lasker is often overlooked by the modern chess player and the secrets of his success remain a mystery Chess journalist Andy Soltis reveals for the first time the winning formula behind Lasker s phenomnal achievements With over 100 annotated games Soltis analyses the tricks traps and techniques behind the winning

moves and makes Lasker's methods accessible to today's players **Chess: The Art of Logical Thinking** Neil
McDonald, 2013-01-07 Chess is the art that expresses the science of logic Mikhail Botvinnik Grandmaster Neil McDonald
explains every single move made by White and Black in 30 striking tactical or strategical games played over the last quarter
century These games have been carefully chosen for their consistent logical thread thereby providing the reader with prime
instruction in the art of conceiving appropriate plans and attacks and carrying them out to their natural conclusion Watching
games unfold in this way will be both an education and inspiration to readers who can then try to play in the same purposeful
way in their own games with a corresponding increase in their playing strength **Winning with the Sicilian** Mark
