Long Road To Nowhere:

The Long Road to Nowhere Mark Jones,2009-05 One day while sitting on a park bench Mark was asked by an old man Why do you do what you do Why do you work where you work or live where you live Whether we agree or not life really is about a series of paths and decisions whereby even one small change can alter our lives forever We usually want to blame others including God for our decisions Only by examining the paths we have taken can we really see where we re at It is only when we look deep within ourselves we discover that as writers singers musicians interior decorators or even truck drivers we all have gifts Having them is not to question rather it is WHAT WE DO WITH THEM that really matters Wherever your passions lie you can erase your doubts and restore your joy Just imagine yourself on a park bench *Long Road to Nowhere* Amryl Johnson,1985 *The Long Road* Cathy Williams Goforth,2012-05-08 While sailing around the Caribbean Cathy Williams Goforth reflects on a life of travel and adventure that began in Australia as a young girl It led to Africa during the turbulent 1970 s England and Yemen The Long Road morphed into a voyage that continually draws her back to Jamaica

Rawlins, 1996 For two decades now I've been awaiting a book explaining computers and their social consequences to literate readers without using any unnecessary jargon or pedantry or math I wanted such a book to lend to all those friends who've pestered me about computers and to all the computer science students who've asked me about computers over the years I particularly wanted a book that I could buy for my father who's an accountant of the old school to explain something of the mysterious world I live in Gregory Rawlins who teaches artificial intelligence at Indiana University got tired of waiting for that book and decided to write it himself In *Moths to the Flame* he takes us on a humorous yet thought provoking tour of the world wrought by modern technology a technology he points out that is rooted deep inside the military a technology that when applied to everyday life may have startling results Unlike space technology today's technological race won't simply bring us Tang flavored Velcro Rawlins educates by entertaining His stories and anecdotes enliven and surprise us while increasing our awareness of technology itself as a player in the political and commercial climate of our times In our headlong rush toward networked humanity Rawlins raises serious concerns about our future jobs and our future wars we can figure out what kind of job to get today if we know where technology is taking us tomorrow The book's first four chapters explore the worlds of privacy virtual reality publishing and computer networks while the last four focus on social issues such as warfare jobs computer catastrophes and the future itself Throughout unusual eye opening analogies and historical comparisons from Egyptian hieroglyphics to the sewing machine to the codebreakers of World War II

 Mark Ribowsky,2015-06-01 A Kirkus Reviews Best Book of the Year Nonfiction Finalist for the Marfield Prize National Award

for Arts Writing Evokes the fire of Redding Ribowsky tells the story with nonstop energy while always probing for the larger social and musical pictures New York Times Book Review When he died in one of rock s string of tragic plane crashes Otis Redding was only twenty six yet already the avatar of a new kind of soul music The beating heart of Memphis based Stax Records he had risen to fame belting out gospel flecked blues in stage performances that seemed to ignite not only a room but an entire generation If Berry Gordy s black owned kingdom in Motown showed the way in soul music Redding made his own way going where not even his two role models who had preceded him out of Macon Georgia Little Richard and James Brown had gone Now in this transformative work New York Times Notable Book author Mark Ribowsky contextualizes his subject s short career within the larger cultural and social movements of the era tracing the crooner s rise from preacher s son to a preacher of three minute soul sermons And what a quick rise it was At the tender age of twenty one Redding needed only a single unscheduled performance to earn a record deal his voice so utterly unique Atlantic that it catapulted him on a path to stardom and turned a Memphis theater turned studio into a music mecca Soon he was playing at sold out venues across the world from Finsbury Park in London to his ultimate conquest the 1967 Monterrey Pop Festival in California where he finally won over the flower power crowd Still Redding was not always the affable big hearted man s man the PR material painted him to be Based on numerous new interviews and prodigious research Dreams to Remember reintroduces an incredibly talented yet impulsive man one who once even risked his career by shooting a man in the leg But that temperament masked a deep vulnerability that was only exacerbated by an industry that refused him a Grammy until he was in his grave even as he shaped the other Stax soul men around him like Wilson Pickett Sam and Dave and Booker T and The MG s As a result this requiem is one of great conquest but also grand tragedy a soul king of truth a mortal man with an immortal voice and a pain in his heart Now he and the forces that shaped his incomparable sound are reclaimed giving us a panoramic of an American original who would come to define an entire era yet only wanted what all men deserve a modicum of respect and a place to watch the ships roll in and away again
