## **Longest Day 1961:**

*Guts and Glory* Lawrence H. Suid, 2015-01-13 *Guts and Glory The Making of the American Military Image in Film* is the definitive study of the symbiotic relationship between the film industry and the United States armed services. Since the first edition was published nearly two decades ago, the nation has experienced several wars both on the battlefield and in movie theatres and living rooms at home. Now author Lawrence Suid has extensively revised and expanded his classic history of the mutual exploitation of the film industry and the military, exploring how Hollywood has reflected and effected changes in America's image of its armed services. He offers in-depth looks at such classic films as *Wings*, *Thirty Seconds Over Tokyo*, *The Longest Day*, *Patton*, *Top Gun*, *An Officer and a Gentleman*, and *Saving Private Ryan*, as well as the controversial war movies *The Green Berets*, *M A S H*, *The Deer Hunter*, *Apocalypse Now*, *Platoon*, *Full Metal Jacket*, and *Born on the Fourth of July*.

*Twentieth Century-Fox* Peter Lev, 2013-03-15 When the Fox Film Corporation merged with Twentieth Century Pictures in 1935, the company posed little threat to industry juggernauts such as Paramount and MGM. In the years that followed, however, guided by executives Darryl F. Zanuck and Spyros Skouras, it soon emerged as one of the most important studios. Though working from separate offices in New York and Los Angeles and often of two different minds, the two men navigated Twentieth Century Fox through the trials of the World War II boom, the birth of television, the Hollywood Blacklist, and more to an era of exceptional success which included what was then the highest grossing movie of all time, *The Sound of Music*. *Twentieth Century Fox* is a comprehensive examination of the studio's transformation during the Zanuck-Skouras era. Instead of limiting his scope to the Hollywood production studio, Lev also delves into the corporate strategies, distribution models, government relations, and technological innovations that were the responsibilities of the New York headquarters. Moving chronologically, he examines the corporate history before analyzing individual films produced by Twentieth Century Fox during that period. Drawn largely from original archival research, *Twentieth Century Fox* offers not only enlightening analyses and new insights into the films and the history of the company but also affords the reader a unique perspective from which to view the evolution of the entire film industry.

Jeffrey Hunter Paul Green, 2014-05-12 Jeffrey Hunter is best remembered today for his roles as half-breed Martin Pawley in John Ford's classic western *The Searchers* (1956), as Jesus Christ in Nicholas Ray's *King of Kings* (1961), and as Christopher Pike, the first captain of the U.S.S. Enterprise in the original *Star Trek* pilot. This work chronicles Hunter's entire film and television career from his beginnings as a 20th Century Fox contract player to his untimely death in 1969 at the age of 42. Fellow 20th Century Fox contract player Robert Wagner provides the Foreword and contributes his memories of working with Hunter. Former vice president and head of Desilu Studios, Herbert F. Solow, discusses Hunter's role in the original *Star Trek* pilot, and Lloyd J. Schwartz shares his memories of being present at Hunter's audition for the role of Mike Brady in *The Brady Bunch* (1969). Hunter's lost film *Strange Portrait* (1966) is also discussed in detail, and his radio and theatre career highlighted.

Reimer,2010-04-01 German film is diverse and multi faceted its history includes five distinct German governments Wilhelmine Germany the Weimar Republic the Third Reich the Federal Republic of Germany and the German Democratic Republic two national industries Germany and Austria and a myriad of styles and production methods Paradoxically the political disruptions that have produced these distinct film eras as well as the natural inclination of artists to rebel and create new styles allow for the construction of a narrative of German film While the disjuncture generates distinct points of separation it also highlights continuities between the ruptures Outlining the richness of German film The A to Z of German Cinema covers mainstream alternative and experimental film from 1895 to the present through a chronology introductory essay appendix of the 100 most significant German films a bibliography and hundreds of cross referenced dictionary entries on directors actors films cinematographers composers producers and major historical events that greatly affected the direction and development of German cinema The book s broad canvas will lead students and scholars of cinema to appreciate the complex nature of German film **Histories on Screen** Sam Edwards,Faye Sayer,Michael

Barton Palmer,2016-03-15 With sequels prequels remakes spin offs or copies of successful films or franchises dominating film and television production it sometimes seems as if Hollywood is incapable of making an original film or TV show These textual pluralities or multiplicities while loved by fans who flock to them in droves tend to be dismissed by critics and scholars as markers of the death of high culture Cycles Sequels Spin offs Remakes and Reboots takes the opposite view surveying a wide range of international media multiplicities for the first time to elucidate their importance for audiences industrial practices and popular culture The essays in this volume offer a broad picture of the ways in which cinema and television have used multiplicities to streamline the production process and to capitalize on and exploit viewer interest in previously successful and or sensational story properties An impressive lineup of established and emerging scholars talk seriously about forms of multiplicity that are rarely discussed as such including direct to DVD films made in Nigeria cross cultural Japanese horror remakes YouTube fan generated trailer mash ups and 1970s

animal revenge films They show how considering the particular bonds that tie texts to one another allows us to understand more about the audiences for these texts and why they crave a version of the same story or character or subject over and over again These findings demonstrate that far from being lowbrow art multiplicities are actually doing important cultural work that is very worthy of serious study      **Historical Dictionary of German Cinema** Robert C. Buckley, 2014-03-15 Over the past sixty five years the Allied invasion of Northwestern France in June 1944 known as D Day has come to stand as something more than a major battle The assault itself formed a vital component of Allied victory in the Second World War D Day developed into a sign and symbol as a word it carries with it a series of ideas and associations that have come to symbolize different things to different people and nations As such the commemorative activities linked to the battle offer a window for viewing the various belligerents in their postwar years This book examines the commonalities and differences in national collective memories of D Day Chapters cover the main forces on the day of battle including the United States Great Britain Canada France and Germany In addition a chapter on Russian memory of the invasion explores other views of the battle The overall thrust of the book shows that memories of the past vary over time link to present day needs and also still have a clear national and cultural specificity These memories arise in a multitude of locations such as film books monuments anniversary celebrations and news media representations      Ruminations, Volume 2, Dawns and Departures

*Movie Roadshows* Kim R. Synonymous with Hollywood's star-studded premieres, roadshows were longer and cost more than regular features, making the experience similar to attending the legitimate theater. Roadshows often epic in subject matter, played selected, usually only one theater in major urban centers until demand decreased. De rigueur by the 1960s were musical overtures, intermissions, entre-acte and exit music, and souvenir programs for sale in the lobby. Throughout the text are recollections by people who attended roadshows, including actor John Kerr and actresses Barbara Eden and Ingrid Pitt. The focus is on roadshows released in the United States, but an
