The Labors of Modernism Mary Wilson, 2016-12-05 In *The Labors of Modernism* Mary Wilson analyzes the unrecognized role of domestic servants in the experimental forms and narratives of Modernist fiction by Virginia Woolf Gertrude Stein Nella Larsen and Jean Rhys Examining issues of class gender and race in a transatlantic Modernist context Wilson brings attention to the place where servants enter literature the threshold In tracking their movements across the architectural borders separating indoors and outdoors and across the physical doorways between rooms Wilson illuminates the ways in which the servants who open doors symbolize larger social limits and exclusions as well as states of consciousness The relationship between female servants and their female employers is of particular importance in the work of female authors for whom the home and the novel are especially interconnected sites of authorization and domestication Modernist fiction Wilson shows uses domestic service to tame and interrogate not only issues of class but also the overlapping distinctions of racial and ethnic identities As Woolf Stein Larsen and Rhys use the novel to interrogate the limitations of gendered domestic ideologies they find they must deploy these same ideologies to manage the servant characters whose labor maintains the domestic spaces they find limiting Thus the position of servants in these texts forces the reader to recognize servants not just as characters but as conditions for the production of literature and of the homes in which literature is created

Reviews and Essays of Austin Clarke Austin Clarke, 1995 Austin Clarke is widely regarded as one of 20th century Ireland's most important poets In this selection of nearly fifty essays and reviews written over Clarke's long career he demonstrates that he is an astute and provocative literary critic as well Having grown up in Dublin when the excitement of the Irish Literary Revival was still running high Clarke knew many of the principal figures of that movement personally and his readings of Yeats Joyce Synge O'Casey Lady Gregory George Moore and others enjoy the advantages of an insider's point of view Moreover committed in his own poetry to the basic assumption that fuelled the Literary Revival that the most productive course for Irish literature lay in the direction not of England but of Ireland Clarke in his criticism provides a way of understanding and judging the Revival's major writers in terms of their relationships to Ireland's rich literary and cultural traditions At the same time these essays call attention to a number of distinctly Irish but often overlooked writers working on the margins of the revival As Yeats observed more than once the Irish for all the contributions that they have made to modern fiction poetry and drama have fallen somewhat short in the genre of literary criticism Austin Clarke's essays and reviews many of which were written under a pseudonym and so not attributed to Clarke for years go a long way towards filling that gap
