Look To The North Star A Life Of William King:

Look to the North Star Victor Ullman, 1969 More than a century ago one man with deep convictions and a country with benign ideals combined to create a place where black self emancipation black freedom could flourish The man was William King a slaveowner and Presbyterian minister educated to the stern moralities of Edinburgh The country was Canada and **Look to the North Star** is a vivid account of Buxton the community in western Ontario which the Reverend Mr King and his slaves founded in 1849 as a haven for black fugitives both slave and free in the harsh years before the Civil War Jacket

Look to the North Star Victor Ullman, 1994 **Fugitive Slaves and Spaces of Freedom in North America** Damian Alan Pargas, 2020-09-08 This volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited It also provides a groundbreaking continental view of fugitive slave migration moving beyond the usual regional or national approaches to explore locations in Canada the U S North and South Mexico and the Caribbean Using newspapers advertisements and new demographic data contributors show how events like the Revolutionary War and westward expansion shaped the slave experience Contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like Canada while still being subject to racism In sites of semiformal freedom as in the northern United States fugitives claims to freedom were precarious because state abolition laws conflicted with federal fugitive slave laws Contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees Sites of informal freedom were created within the slaveholding South where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations These individuals procured false documents or changed their names to avoid detection and pass as free The essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery This volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom Contributors Kyle Ainsworth Mekala Audain Gordon S Barker Sylviane A Diouf Roy E Finkenbine Graham Russell Gao Hodges Jeffrey R Kerr Ritchie Viola Franziska M ller James David Nichols Damian Alan Pargas Matthew Pinsker A volume in the series Southern Dissent edited by Stanley Harrold and Randall M Miller **The History of Blacks in Canada** George H. Schooling and Scholars in Nineteenth-century Ontario Susan E. Houston, Alison L. Prentice, 1988-01-01 Nineteenth century educational reformers were fond of an agricultural metaphor when it came to the provision of more and better schooling even good land they argued had to be cultivated otherwise noxious weeds sprang up In this study of education in Ontario from the establishment of Upper Canada to the end of Egerton Ryerson's career as chief superintendent of schools in 1876 Susan Houston and Alison Prentice explore the roots of the provincial public school system set up to instill a work ethic and moral discipline appropriate to the new society as well as the beginnings of separate schools today the Ontario school system is once again the subject of intense and often bitter debate Many of the most contentious issues have deep and complex roots that go back to this era Houston and Prentice tell the story of how Ontario came to have a universal school system of exceptional quality and shed valuable light on an area of current concern

Light of Nature and the Law of God Allen P. Stouffer, 1992-06-01 Allen Stouffer's analysis of Ontario's response to the freedmen reveals a virulent strain of racism that helps to explain why British North Americans were slow to join their British and American counterparts in the North Atlantic antislavery triangle After exploring the Canadian churches mixed reaction to antislavery he applies cliometrics to draw a socio economic profile of Canadian antislavery's leaders and followers Employing British American and Canadian primary sources Stouffer has written this study the first book length examination of Canadian antislavery from a British North American perspective Earlier studies concluded that Canadian anti slavery was largely the result of Canada's proximity to the United States a proximity which precluded Canada's ignoring the situation While Stouffer recognizes the importance of the American influence he shows that the leaders of Canadian anti slavery were immigrants from Britain who had been deeply involved in antislavery in their homeland

Junne, 2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers *The Houses of Buxton* Patricia Lorraine Neely, 2005 ***The Underground Railroad*** Kerry Walters, 2012-03-09 Full of true stories more dramatic than any fiction *The Underground Railroad A Reference Guide* offers a fresh revealing look at the efforts of hundreds of dedicated persons white and black men and women from all walks of life to help slave fugitives find freedom in the decades leading up to the Civil War *The Underground Railroad* provides the richest portrayal yet of the first large scale act of interracial collaboration in the United States mapping out the complex network of routes and safe stations that made escape from slavery in the American South possible Kerry Walters stirring account ranges from the earliest acts of slave resistance and the rise of the Abolitionist movement to the establishment of clandestine liberty lines through the eastern and then western regions of the Union and ultimately to Canada Separating fact from legend Walters draws extensively on first person accounts of those who made the Railroad work those who tried to stop it and those who made the treacherous journey to freedom including Eliza Harris and Josiah Henson the real life Eliza and Uncle Tom

from Harriet Beecher Stowe's *Uncle Tom's Cabin* **Boundless Dominion** Denis McKim, 2017-11-30 In the twenty first century the word Presbyterian is virtually synonymous with austere and parochial. These associations are by no means historically unfounded as early Canadian Presbyterians insisted on Sabbath observance and had a penchant for inter and intra denominational disagreement. However many other ideas circulated within this religious community's collective psyche. *Boundless Dominion* delves into the elaborate worldview that galvanized nineteenth century Canadian Presbyterianism. Denis McKim uncovers a vibrant print culture and Presbyterian support for such initiatives as Indigenous evangelism, temperance advocacy and anti slavery activism and finds that many of the denomination's characteristics contrast sharply with its dour and quarrelsome reputation. Tracing the themes of providence, politics, nature and history in Presbyterian communities across five provinces from Prince Edward Island, Nova Scotia and New Brunswick to Lower and Upper Canada, this book reveals that at the heart of this denomination lay a desire to facilitate God's dominion and to promote Protestant piety across northern North America and beyond. Through an innovative approach to the study of religious ideas, *Boundless Dominion* highlights the permeability of borders and the myriad ways in which nineteenth century Canada, including its Presbyterian community, shaped and was shaped by interactions with the wider world. **Comings and Goings** Charles Moden Levi, 2003-02-18 Looking at almost 120 years of Canadian history, Charles Levi examines the origins, activities and careers of 1,876 members of the executive of the University College Literary and Athletic Society of the University of Toronto from the inception of the College until 1973. Using an intricate quantitative analysis of data from student records and genealogical sources, Levi charts the history of student activities at University College, filling a gap in the historiography of higher education in Canada. In an era when all forms of education are being scrutinized to determine if they are fulfilling their functions, *Comings and Goings* shows that the Canadian university has continually adapted to the needs of society as a whole and that Canadian university students have used their educational experiences in innovative ways. **In Search of the Promised Land** John Hope Franklin, Loren Schweninger, 2005-09-01 Based on family letters and other first hand evidence, this remarkable piece of detective work follows a remarkable Black family as its members walk the boundary between slave and free, traveling across the country in search of a promised land where African Americans would be treated with respect. Their record of these journeys provides a vivid picture of antebellum America, stretching from New Orleans to St. Louis, from the Overland Trail to the California Gold Rush and from Civil War battles to steamboat adventures. John Hope Franklin and Loren Schweninger weave a compelling narrative that illuminates the larger themes of slavery and freedom.
