**Free Learning** Ross Parker,David Coniam,Peter Falvey,2021-11-29 This edited volume explores investigates and analyses Free Learning an innovative approach to student directed learning which seeks to challenge educational norms from within The volume is framed by a recognition of the urgent need for transformation of our educational systems In traditional education students work through a teacher directed linear syllabus at a pace dictated by the teacher with summative assessment hurdles at too frequent intervals Progression and direction are determined solely by the teacher In Free Learning students determine their own learning pathway through a non linear syllabus which can be visualised as a mind map Students may then complete as many units as they either have time for or are interested in moving from one unit to another on the basis of having formatively satisfied the demands of each individual unit This volume showcases the value and potential of Free Learning in contemporary practice and is intended to bridge theory and practice The structure of the book reflects this complementary fit with contributions from practitioners describing Free Learning as a learning and teaching tool in a range of educational settings subjects and age ranges It also contains qualitative and quantitative analyses by researchers exploring the uptake of Free Learning and students responses to the methodology Researchers and educators who are interested in student directed methodologies especially in Asia will find that the practical accounts and analyses of Free Learning contained within provide much food for thought with regard to redefining student learning

*Teaching English* Andrew Goodwyn,2005 This authoritative and comprehensive text provides a source of advice and guidance for trainee and practising English teachers at both primary and secondary level

**The Complete Guide to Becoming an English Teacher** Jo Westbrook,2009-12-01 Praise for the previous edition This is a text that should accompany every student teacher of English and find its way on to the shelf of all practising teachers This book excited me It is written in a style that makes you want to try out activities and take up challenges This book will encourage the student teacher to embrace the subject of English along with its associated values and debates ESCalate If I was training to teach English today this is the book I would want an extraordinarily professional handbook of good practice Geoff Barton Times Educational Supplement Teacher Magazine This essential companion for aspiring secondary English teachers has been extensively reworked to help students meet the very latest professional and academic standards while also equipping them

with the knowledge and skills they will need for the beginning of their teaching career Focusing on the essentials needed to be a successful English teacher the authors combine subject knowledge with ideas examples and approaches for creating an effective vibrant learning environment and real examples of lesson plans and schemes of work Each chapter clearly links practice to theoretical and critical perspectives on teaching making this an ideal text for students working towards M level credits or a Masters in Teaching and Learning There are also brand new chapters which explore in greater depth specific areas of contention and challenging issues including Diversities including global perspectives on teaching English The application and implications of using ICT Multi agency provision in personalising learning Research methodologies Transition from the training year and the first year as a teacher The latest requirements for Qualified Teacher Status are clearly signposted throughout and activities at the end of each chapter help to reinforce knowledge and encourage reflection Written by a team of highly respected authors this new edition should be on every secondary English student s bookshelf

**Fandom Culture and The Archers** Cara Courage,Nicola Headlam,2022-05-18 Fandom Culture and The Archers looks beyond the popular success of the Archers to explore how the program and the themes it discusses are used in teaching learning research and professional settings and how the Academic Archers fandom helps shape these real life impacts

**The Toxic Classroom** Richard Steward,2020-06-09 The Toxic Classroom offers a wide ranging look at education today and explores in detail the pressures children experience as a result of constant change digital technology and political interference Beginning with what it is like to be a child in the classroom the book goes on to provide a detailed analysis of the curriculum assessment and accountability school structures educating for global citizenship and the plethora of social issues schools are now expected to solve Written from the perspective of a successful headteacher with over 30 years teaching experience the book considers what needs to be done to put things right and outlines a more equitable and effective school system Each chapter outlines the steps schools can implement immediately and the longer term policy changes that are needed de toxify the classroom and facilitate a genuine love of learning Offering a challenging yet compelling argument for putting education back into the hands of teachers this book will be of great interest both to the general reader and to those working within education such as teachers and professionals who wish to improve the ways in which children learn and develop

**Make Key Stage 3 Matter in English** Liz Hillier,2017-04-27 The KS3 curriculum plays a critical part in giving students the best possible start to their secondary education and preventing the need for intervention later on This timely book provides detailed guidance on how to develop a robust multifaceted inclusive and challenging KS3 curriculum in English that provides a secure and progressive link between KS2 and KS4 Featuring examples of curriculum models and audits of current practice chapters cover key topics such as developing the planning cycle transitioning between primary and secondary English assessment in KS3 English creating a model that supports and challenges students of all levels LAC and SPAG divisive or cohesive abbreviations speaking and listening in the KS3 English curriculum using multimodal texts

examples of how meaningful homework can successfully embed itself in a KS3 English curriculum model Make Key Stage 3 Matter in English will be an invaluable resource for KS3 English coordinators teachers and all those involved in the planning and delivery of the KS3 English curriculum      *Disciplinary Literacy and Explicit Vocabulary Teaching: A whole school approach to closing the attainment gap* Kathrine Mortimore, 2020-12-15 Firmly rooted in research evidence of what works within the classroom for our most disadvantaged students *Disciplinary Literacy and Explicit Vocabulary Teaching* offers teachers and school leaders practical ways in which those students who are behind in their literacy capabilities can make excellent progress Building on the work of Geoff Barton in his influential book *Don't Call it Literacy* Kathrine Mortimore outlines the unique literacy challenges posed by specific subject areas for those with weaker literacy skills and more importantly how these challenges can be addressed and overcome A student's GCSE results are vital in giving them the choices they deserve in order to go on to the next stage of their academic careers This book draws on the success stories of schools and subjects that have made significant improvements in the outcomes of the children they teach regardless of their starting points From the inevitable success of Michaela Community school to the gains made by the English department at Torquay Academy and the rapid reading improvements at Henley Bank this book draws on both whole school initiatives and subject specific strategies which have had proven success This book places a wide and balanced knowledge rich curriculum at the centre of any school improvement strategy designed to improve literacy and illustrates the role that all subjects must combine to play in building the vital background knowledge and vocabulary that young people need in order to read independently This curriculum must then be delivered using those teaching methods that have had the greatest impact on disadvantaged learners and this book sets out how the methodology of direct and explicit instruction can be adopted within each subject area Alongside this is a useful summary of staff development and inset which offers practical ways in which teachers adoption of these effective strategies can be facilitated There are also useful sections on creating a whole school dictionary of essential vocabulary creating a culture of reading and writing and also those key literacy barriers experienced by those students with some of the most common special educational needs      *Language, Literacy, and Learning in Educational Practice* Barry Stierer, Janet Maybin, 1994 Language and literacy are highly contested areas of the curriculum Questions of what should be taught how it should be taught and who should control such decisions are increasingly subjected to public scrutiny debate and challenge in a manner which is often more reflection of competing social and political values than of theory and research evidence In recent years there has been a rapid development of new conceptual frameworks for understanding language literacy and learning from such diverse fields as anthropology cultural studies social psychology and critical linguistics The papers in this collection have been chosen because they will help readers to consider ways in which these new developments in theory and research may be applied to everyday practice BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      **Handbook of Research on Teaching Literacy Through**

**the Communicative and Visual Arts, Volume II** James Flood, Shirley Brice Heath, Diane Lapp, 2015-04-22 The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts Volume II brings together state of the art research and practice on the evolving view of literacy as encompassing not only reading writing speaking and listening but also the multiple ways through which learners gain access to knowledge and skills It forefronts as central to literacy education the visual communicative and performative arts and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young A project of the International Reading Association published and distributed by Routledge Taylor Francis Visit <http://www.reading.org> for more information about International Reading Association books membership and other services

**The Slightly Awesome Teacher** Dominic Salles, 2016-08-15 Most books on teaching ask teachers to be inspirational to operate at 100 miles an hour with creativity oozing out of every pore Dominic Salles says that's unsustainable But you can get brilliant results using some simple practices taken from the myriad of educational research on classroom practices It isn't a guide to all the extra stuff you should do to become cool and awesome It is a book that will get you to forget about teaching and think about learning another way of saying it will help you to stop stressing about what you do and get the students to work harder and smarter at what they do Dominic Salles believes that every teacher can be slightly awesome And here he shows you how

**Children & Television** Barrie Gunter, Jill McAleer, 2005-07-05 Does violence on TV lead to violent behaviour How can parents influence children's viewing Fears over the effect of television on children have been around since it was invented The recent explosion in the number of channels and new multimedia entertainment lends a new urgency to the discussion This completely revised second edition of Children and Television brings the story of children and television right up to date In addition to presenting the latest research on all of the themes covered in the first edition it includes a discussion of the new entertainment media now available and a new chapter which examines the role of television in influencing children's health related attitudes behaviour Barrie Gunter and Jill McAleer examine the research evidence in to the effects of television on children and their responses to it They conclude that children are sophisticated viewers and control television far more than it controls them

**The Horror Genre** Kate Domaille, 2008-03 This Teacher's Guide offers a clear solution about how the horror film is theorized and taught through a case study approach using examples of the Dracula film from Nosferatu to Francis Coppola's version that would apply the teaching of genre generally The Guide covers all the key theoretical areas stressing the importance of an appreciation of the wider historical context of genre to encourage a better understanding of contemporary texts
