**The Official History of Criminal Justice in England and Wales** Paul Rock, 2019-04-30 Volume II of The Official History of Criminal Justice in England and Wales traces for the first time the genesis and early evolution of two principal institutions in the criminal justice system the Crown Court and the Crown Prosecution Service This volume examines the origins and shaping of two critical institutions the Crown Court which rose from the ashes of the Courts of Assize and Quarter Sessions and the Crown Prosecution Service which replaced a rather haphazard system of police prosecuting solicitors The 1971 Courts Act and the 1985 Prosecution of Offences Act were to reconfigure the architecture of criminal justice transforming the procedures by which people were charged prosecuted and in the weightier cases

demanding a judge and jury tried in the criminal courts of England and Wales One stemmed from a crisis in a medieval system of travelling justices that tried people in the wrong places and for inadequate lengths of time The other was precipitated by a scandal in which three men were wrongly convicted for the murder of a bisexual prostitute There is an as yet untold history that can be explored in depth because it is recent enough in the words of Harold Wilson to have been written while the official records could still be supplemented by reference to the personal recollections of the public men who were involved This book will be of much interest to students of criminology and British history politics and law The English Legal System Alisdair Gillespie, Siobhan Weare, 2019 An engaging guide to the English legal system which helps students new to law develop a critical legal mind Presenting and critiquing the law in a lively style this text invites students to question analyse and evaluate The Weekly Notes, 1929 **On Arbitration** Samuel Wordsworth, Marie Veeder, 2023 This volume brings together the most important articles lectures and essays of Van Vechten Johnny Veeder chronicling the span of his unsurpassed career in international arbitration Lord Devlin Justice John Sackar, 2020-10-29 Lord Devlin was a leading lawyer of his generation Moreover he was one of the most recognised figures in the judiciary thanks to his role in the John Bodkin Adams trial and the Nyasaland Commission of Inquiry It is hard then to believe that he retired as a Law Lord at a mere 58 years of age This important book looks at the life influences and impact of this most important judicial figure Starting with his earliest days as a schoolboy before moving on to his later years the author draws a compelling picture of a complex brilliant man who would shape not just the law but society more generally in post war Britain Landmark Cases in the Law of Punitive Damages James Goudkamp, Eleni Katsampouka, 2023-12-28 Punitive damages are private law s most controversial remedy This book traces the development of the jurisdiction from the foundational decisions of *Huckle v Money* and *Wilkes v Wood* in England to leading modern cases such as *Harris v Digital Pulse Pty Ltd* in Australia *Whiten v Pilot Insurance Co* in Canada *Couch v AG No 2* in New Zealand *PH Hydraulics and Engineering Pte Ltd v Airtrust Hong Kong Ltd* in Singapore and *Mathias v Accor Economy Lodging Inc* and *State Farm Mutual Automobile Insurance Co v Campbell* in the United States Many of the decisions addressed are not only landmarks regarding punitive damages but are among the most important judgments delivered in private law more generally The essays which are written by leading scholars from a wide range of jurisdictions cast new light on the cases covered They do so by examining their historical antecedents and the impact that they have had on the development of the law The full spectrum of issues regarding punitive damages is addressed including the insurability of punishment constitutional constraints on the remedy s availability and whether the award should be confined to particular causes of action The collection will be of interest to all scholars and students of private law It concentrates on common law cases although civilian perspectives drawn from France and Germany are also offered **The Moral Status of Children** Michael Freeman, 2023-08-21 With the passing of the UN Convention in 1989 children s rights have been placed firmly on the political agenda This book explores a variety of children s rights issues from

**Manning the Law** Ngaire Naffine, 2025-09-18 This is a study of elite English men of English law and the methods they used to retain and justify their power and privilege through controlling the story of the legal person It looks at how these men of legal authority thought of themselves and their institution how they studied and explained law and how they put themselves in the middle of

it as the standard human in need of legal regulation and protection and in charge of that regulation and protection and assigned to women an inferior legal role and being The main strategy used to do all this was manipulation of the concept of the legal person From the 1860s to the 1920s the courts declared that women were not persons who could exercise public power to vote to sit in Parliament to gain degrees to be lawyers Up to the end of the 20th century and into the 21st women s personhood remained precarious in the private sphere for rape was excused within a marriage and female reproduction remained under state control as it still does The book examines the active exclusion of women from the means of making legal meaning especially the ability to shape law s central concept and shows the epistemological effects of this sex differential of legal power which are still felt today Leading legal thinkers who helped to masculinise the concept of the person to the detriment of women are still revered Law s continuing male orientation is neither seen nor acknowledged and the legal person is treated falsely as if he had always been and remains anyone
