Organizational Cooperation in Crises Lina M. Svedin, 2016-05-23 The public expects organizations to come together and cooperate in times of crisis yet we know that organizations often fall short of this anticipation Today inter organizational structures are the most common form of crisis response Lina Svedin presents a systematic examination of organizational cooperation in crises Bringing together three distinct research traditions on cooperation the author draws on these traditions to examine how their variables fare empirically when applied to a wide set of cases and decision situations The book outlines how organizations cooperate in crises by empirically identifying a number of theoretically cross cutting cooperative behaviour and strategies The patterns are established using categorical principal component analysis CATPCA correlations and case illustrations Through its interdisciplinary approach its timeless yet topical focus and the study's relevance for practice this book should be of interest not only to students and researchers in several academic disciplines but also to practitioners tasked with organizing for crises

The Case Study Handbook William Ellet, 2007-04-17 If you're enrolled in an executive education or MBA program you've probably encountered a powerful learning tool the business case But if you're like many people you may find interpreting and writing about cases mystifying challenging or downright frustrating In *The Case Study Handbook* William Ellet presents a potent new approach for analyzing discussing and writing about cases Early chapters show how to classify cases according to the analytical task they require solving a problem making a decision or forming an evaluation and quickly establish a base of knowledge about a case

Strategies and templates in addition to several sample Harvard Business School cases help you apply the author's framework. Later in the book Ellet shows how to write persuasive case analytical essays based on the process laid out earlier. Extensive examples of effective and ineffective writing further reinforce your learning. The book also includes a chapter on how to talk about cases more effectively in class. Any current or prospective MBA or executive education student needs to read this book.
