Shaken by the ongoing clergy sexual abuse scandal and challenged from within by social and theological division American Catholics are at a crossroads O Toole tells the story of this ancient church from the perspective of ordinary people the lay believers who have kept their faith despite persecution from without and clergy abuse from within **Debating God's Economy** Craig R. Prentiss,2010-11 What would a divinely ordained social order look like Pre labor unions class consciousness and economic power were the watchwords of the day This was a time of immense social change and especially in the light of the monumental social and economic upheavals in Russia and Europe in the early twentieth century Catholics found themselves taking sides Catholic subcultures across America sought to legitimize or in theological parlance sanctify diverse economic systems that were at times mutually exclusive While until now the faithful both scholars and nonscholars have typically spoken of the Catholic Social Tradition as if it were an established prescription for curing social ills Prentiss maintains that the tradition is better understood as a debate grounded in a common mythology that provides Catholics with a distinctive vocabulary and touchstone of authority **The A to Z of the Kennedy-Johnson Era** Richard Dean Burns,Joseph M. Siracusa,2009-09-21 In the history of the United States few periods could more justly be regarded as the best and worst of times than the Kennedy Johnson era The arrival of John F Kennedy in the White House in 1961 unleashed an unprecedented wave of hope and optimism in a large segment of the population a wave that would come crashing down when he was assassinated only a few years later His successor Lyndon B Johnson enjoyed less popularity but he was one of the most experienced and skilled presidents the country had ever seen and he promised a Great Society to rival Kennedy s New Frontier Both presidents were dogged by foreign policy disasters Kennedy by the Bay of Pigs fiasco although he came out ahead on the Cuban missile crisis and Johnson from the backlash of the Vietnam War The 1960s witnessed unprecedented progress toward racial and sexual equality but it also played host to race and urban riots And while impressive advances in the sciences and arts were fueling the American imagination the counterculture rejected it all The A to Z of the Kennedy Johnson Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on important persons events institutions policies and issues **Official Bulletin** International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States and Canada,1993 With God on Our Side Adam D. Reich,2012-04-15 When unions undertake labor organizing campaigns they often do so from strong moral positions contrasting workers rights to decent pay or better working conditions with the more venal financial motives of management But how does labor confront management when management itself has moral legitimacy In With God on Our Side Adam D Reich tells the story of a five year campaign to unionize Santa Rosa Memorial Hospital a Catholic hospital in California Based on his own work as a volunteer organizer with the Service Employees International Union SEIU Reich explores how both union leaders and hospital leaders sought to show they were upholding the Catholic mission of the

hospital against a market represented by the other. Ultimately workers and union leaders were able to reinterpret Catholic values in ways that supported their efforts to organize. More generally Reich argues that unions must weave together economic and cultural power in order to ensure their continued relevancy in the postindustrial world. In addition to advocating for workers economic interests unions must engage with workers emotional investments in their work must contend with the kind of moral authority that Santa Rosa Hospital leaders exerted to dissuade workers from organizing and must connect labor's project to broader conceptions of the public good.

Partnering for Change David B Reynolds, 2021-12-16 In the past decade unions and community groups have come together around a wide range of campaigns for economic justice from fighting for living wages to electing progressive champions to questioning market oriented economic development to promoting anti sprawl smart growth efforts. Partnering for Change brings together activists and intellectuals on the forefront of these organizing efforts. They discuss general patterns of labor community coalitions in terms of alliances between unions and such community players as environmentalists religious groups low income organizations and local employers. The contributors also offer a wealth of case studies such as the successful campaign for corporate subsidy accountability in Minnesota Vermont's Livable Wage Campaign The Wisconsin Regional Training Partnership and the model regional power building projects of the South Bay AFL CIO. The volume's editor David Reynolds combines a broad overview of labor community coalitions practical examples applicable to diverse communities and an appreciation of the challenges as well as the opportunities for building the movement for economic change.

The Life of Cardinal Humberto Medeiros of Boston Richard Gribble, 2021-10-15 Cardinal Humberto Medeiros served the Church as priest and bishop in Texas and Massachusetts. An immigrant from the Azores he utilized his superior intelligence administrative ability and language skills to move up rapidly in Church ranks. His work with the National Conference of Catholic Bishops both nationally and internationally especially with migrant workers was notable. Medeiros faced a perfect storm of social political and religious issues in Boston. The author argues that despite the challenges he faced in Boston Medeiros was true to the Church and his personal moral code seeking always to serve others rather than be served by them in imitation of Christ.
