**Voluntary Organisations and Social Policy in Britain** Margaret Harris,Colin Rochester,2017-03-04 The last two decades of the twentieth century saw the most fundamental changes in British social policy since the creation of the welfare state in the 1940s From Margaret Thatcher's radical reassessment of the role of the state to Tony Blair's Third Way the voluntary sector has been at the heart of these changes At the beginning of the twenty first century voluntary organisations have been cast in leading roles on the social policy stage They are expected to make key contributions to countering social exclusion to regenerating communities to providing social housing and welfare services to promoting international aid and

development and to developing and sustaining democratic participation and the active community But how are voluntary sector organisations grappling with the implications of their new expanded role How is their relationship with the state changing in practice This book which has its origins in an international conference of leading academics in the field provides answers to these pressing questions It analyses the numerous and complex ways in which the formulation and implementation of social policy is dependent on the contributions of the voluntary sector It discusses the impact of the new policy environment on voluntary organisations And it suggests that the successful implementation of social policy requires government to acknowledge and nurture the distinctive features and contributions of voluntary sector organisations

*Voluntary Organisations and Social Policy in Britain* is essential reading not only for the many people studying working in or working with the voluntary sector in Britain but also for anyone who is interested in the formulation and implementation of social policy

**Congregations in Europe** Christophe Monnot, Jörg Stolz, 2018-05-14 This volume describes and maps congregations of Christian confessions and denominations as well as groups with Jewish Buddhist Muslim Hindu and various other spiritual faiths in different European countries Consisting of three parts it presents concrete sociological studies addressing how established and not established old and new congregations of various faiths create a new kind of religious diversity at the country level how religious congregations are challenged and thrive in large cities and how religious congregations change in the 21st century The book enlightens by its descriptive analysis and the theoretical questions it raises concerning the religious transformations happening all over Europe It addresses issues of religious diversity in the cities of Europe by presenting large studies conducted in cities such as Barcelona in Spain and Aarhus in Denmark By means of large scale censuses taken in areas such as North Rhine Westphalia in Germany and in countries like Switzerland and Italy the book shows how the historically established churches restructure their congregations and activities It clarifies for the new gatherers where and how a new diversity of religious congregations is in the process of being established Finally the book covers two important topical issues pluralisation and secularisation It provides new data on religious diversity painting a new picture of secularisation the impact and structural consequences of the long term decrease of membership in the established churches

*Clergy: The Origin of Species* Martyn Percy, 2006-12-19 Explores the origins and development of the clergy using a variety of sources and insights from thinkers such as Darwin and Foucault

*Faith-Based Initiatives and Aging Services* James W Eller, F. Ellen Netting, 2012-12-06 Gain an understanding of the increased role religious congregations now play in providing social support to the elderly Religious congregations and faith based organizations FBO from the Jewish Christian and Islamic traditions have worked on behalf of older adults for centuries But the initiation of President Bush's Office of Faith Based Initiatives has raised many questions from both the traditional secular and sectarian services as well as many nontraditional services found in each community Faith Based Initiatives and Aging Services addresses the issues of the separation of church and state the concerns involved in developing social services in religious

congregations and the larger public policy implications of this office This unique book offers perspectives from traditional and nontraditional faith based groups as well as experts in volunteerism The enactment by Congress of the Charitable Choice section of the federal welfare reform law combined with the creation of the Center for Faith Based and Community Initiatives in the United States Department of Health and Human Services to signal a high level of interest in supporting faith based organizations Faith Based Initiatives and Aging Services focuses on the specific applications of services provided by religious congregations Editors F Ellen Netting and James W Ellor conducted an in depth interview with Elizabeth Seal Scott then Director of the Center for Faith Based and Community Initiatives an edited transcript of the interview is included in the book to help promote understanding of the development and implementation of faith based grass roots programs Faith Based Initiatives and Aging Services examines the separation of church and state Baptist perspectives on faith based initiatives and religious liberty managing older volunteers faith organizations and ethnically diverse elders the heritage of religion and spirituality in the field of gerontology faith related agencies and their implications for aging services the role of religious congregations in the social service system Faith Based Initiatives and Aging Services is an essential resource for anyone interested in developing programs for older adults in religious congregations for human services staffs seeking to work with faith based initiatives and for government workers in need of a better understanding of faith based services in their community

**Managing God's Business** Malcolm Torry, 2017-03-02 Religious and faith based organisations constitute a large and important group of organisations This is the first book to study systematically their characteristics and the distinctive challenges they pose to the people managing them Malcolm Torry discusses how to define religious and faith based organisations how to study them and the secular context in which they operate in Western Europe and the USA There are chapters on congregations denominations governance membership the clergy leadership and religious and faith based organisations relationship to civil society The book relies on research based literature and case studies and contains full bibliographies making it an essential tool for anyone studying this important new field

The Ecclesial Canopy Martyn Percy, 2016-03-23 Seeking to dynamically alter the way that theologians ecclesiologists students of religion and ministers look at the relationship between church and society this book takes religion politics and society as basic categories and explores how oft overlooked issues are in fact highly significant for the shaping of theological and ecclesiological horizons The Ecclesial Canopy is not however simply about reading meanings into religion politics and society Rather it sets out to faithfully interpret much of the material that surrounds us yet is often taken for granted or unnoticed Paying close and patient attention to beliefs language artefacts rituals practices and other material all of which are constitutive for ecclesial life and theological identity this book offers an invitation of engagement to the scholar or minister The Ecclesial Canopy makes a significant and important contribution to the field of pastoral and practical theology Building on the concepts of implicit and invisible religion Martyn Percy offers a fresh and original interpretative take on contemporary society appealing

to clergy laity scholars and all those working in the field of theory and reflective practice in practical and pastoral theology

*Stories, Visions and Values in Voluntary Organisations* Christina Schwabenland, 2016-04-01 Christina Schwabenland's book is based on extensive research into stories told by people working in voluntary organizations in the UK and in India. With a view to social change the author employs hermeneutic methods to explore how stories create and sustain meaning and how storytelling contributes to the making and remaking of our social world. Specific topics addressed in the book include the role of storytelling in starting a new organization, managing hope and despair, empowering participatory leadership and stimulating creativity and innovation. The book will be of interest to theorists and practitioners interested in the role of storytelling in organizational analysis, the role of organizations in achieving social change, the growing centrality of the voluntary sector in public policy and the intersection between the corporate public and voluntary sectors. Emerging Voices, Urgent Choices, 2006-02-01 The strength of U S Hispanic churches is an untold story documented in *Emerging Voices Urgent Choices: Essays on Latino Religious Leadership*. In this pioneering volume experts from various disciplines examine the remarkable contribution of Hispanic churches to U S society and the challenges their leaders face in serving the country's growing Latino population. Chapters analyze success stories in Latino ministry, specific issues for Catholic leadership and Protestant denominations and the political and community serving activities of diverse congregations. Together the essays demonstrate how Hispanic churches of every denomination are generating social capital in neglected communities. The book updates previous research on religion that largely ignores U S Latinos and adds a new dimension to Latino Studies scholarship by recognizing the important role that religion plays in Hispanic life. Contributors are Rebecca Burwell, Jackson W Carroll, Kenneth G Davis, Gastón Espinosa, Mary L Gautier, Mark M Gray, Andrew Hernández, Edwin I Hernández, Philip E Lampe, Adair Lummis, Melissa D Mauldin, Milagros Peña, Marciana Popescu, Juan Carlos Rivera and Amy L Sherman. Handbook of Community Movements and Local Organizations Ram A. Cnaan, Carl Milofsky, 2007-12-18 Although the way associations and the organization of local social life are intertwined is one of the oldest approaches to community study, the way citizens and residents come together informally to act and solve problems has rarely been a primary focus. Associations are central to important and developing areas of social theory and social action. This handbook takes voluntary associations as the starting point for making sense of communities. It offers a new perspective on voluntary organizations and gives an integrated yet diverse theoretical understanding of this important aspect of community life. *The SAGE Handbook of the Sociology of Religion* James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm: Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life. I wholeheartedly agree. I also suggest that this wide ranging set of essays should become a starting point for such enquiries. Each chapter is clear, comprehensive and well structured, making the Handbook a real asset for all those engaged in the field. Grace Davie, University of Exeter. Serious social scientists who care about making

sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009      **Consultancy Skills for Mission and Ministry** David Dadswell,2013-01-08

Consultancy is increasingly being used to support mission and to help church leaders and workers in the challenges they face in their work Helping churches and workers understand their situation and develop effective strategies demands skilful consultants who can handle issues of context and theology the characteristics of voluntary sector organisations and mission in a post modern world This guide to being a church consultant offers rigorous practical consultancy theory and tools as well as pointing to a rich range of methods and models for further investigation By integrating the insights of practical theory organizational studies the social sciences and a range of helping skills consultants will be able to support those who are leading change in churches in processes which are more explicit and carefully thought through than is often the case This book encourages consultants to develop their own model and practice built on a healthy cycle of sound theory evaluated practice and thoughtful feedback      *The Politics of Latino Faith* Catherine E. Wilson,2008-06 With the 2008 U S presidential campaign in full swing many pundits and commentators are striving to understand the political behavior of Latinos the largest minority in the United States and a key voting block that presidential candidates in this election and beyond will have to learn how to secure As the author makes clear not only are Latinos a religious community but their religious institutions in particular faith based organizations inform daily life and politics in Latino communities to a considerable degree Timely and discerning this unique scholarly work addresses this increasingly powerful political force Concentrating on urban areas in the South Bronx Philadelphia and Chicago the author provides a systematic look at the spiritual social and cultural influence

Latino faith based organizations have provided in American life as well as in understanding Latino social and political involvement in the United States

**Religion and Welfare in Europe** Grace Davie, Molokotos-Liederman, Lina, Anders Backstrom, 2017-09-13 Religion and Welfare in Europe examines social change in Europe in recent years and how it relates to religion minority populations and gender and their interacting effects on inclusion and conflict Bringing together international experts in a wide range of fields the book looks closely at various practices of social service provision in a number of different countries exploring links between values welfare and social change with particular attention to changes brought about by recent austerity measures

**Managing Religion: The Management of Christian Religious and Faith-Based Organizations** Malcolm Torry, 2014-09-09 This two volume work explores the management of religious and faith based organizations Each chapter offers a discussion of the earliest Christian organizations based on New Testament evidence a study of managing faith based organizations and an exploration of secular management theory in relation to the management of faith based organizations

**Seeing Religion** Roman Williams, 2015-05-13 The potential of visual research methods in the sociology of religion is vast but largely untapped This comes as a surprise however given the visual symbolic and material nature of religion and spirituality Evidence of religious faith and practice is materially present in everything from clothing and jewelry to artifacts found in people s homes and workplaces Not only is religion s symbolic and material presence palpable throughout society it also informs attitudes beliefs and behaviors of countless people worldwide Words and numbers approaches to social research however sometimes miss important dimensions of religion and spirituality in the contemporary world Seeing Religion is an invitation to a visual sociology of religion Contributors draw from their current research to discuss the application of visual methods to the study of religion and spirituality Each chapter stimulates the sociological imagination through examples of research techniques analytical approaches and methodological concerns

*The Invisible Caring Hand* Ram A. Cnaan, 2002-08 Based on in depth interviews with clergy and lay leaders in 251 congregations nationwide this groundbreaking volume provides empirical data to social scientists religious study scholars and those involved in the debates over the role of faith based organizations in social services
