Organized Crime in the 21st Century Hans Nelen,Dina Siegel,2023-03-10 This edited volume brings together the most recent research about various aspects of organized crime and the responses that have developed worldwide as a result to contain serious criminal acts This book focuses particularly on the way criminal networking and illegal markets have developed during the first two decades of the 21st century It examines how these developments have influenced the motivations and opportunities to commit organized crime The volume not only focuses on illegal activities in illegal markets such as drug and human trafficking but also addresses organized crime and deviance in various legitimate industries The contributions were presented at seminars of the Centre for Information and Research on Organized Crime CIROC and will be

of particular interest to organized crime scholars and researchers as well as advanced students of criminology across the world

New Pioneers Jeffrey Jacob, 2010-11 Practically everyone I know is nursing fantasies about escaping the life they're trapped in and creating one that makes more sense writes the editor of Utne Reader in a recent issue The people I most admire though are those who actually do it who break free and pursue a higher calling no matter how great the risk New Pioneers is about one such group of people the hundreds of thousands of urban North Americans who over the past three decades have given up their city or suburban homes for a few acres of land in the countryside Jeffrey Jacob's new pioneers are ordinary people who have tried to break away from the mainstream consumer culture and return to small town and rural America He traces the development of the movement and identifies seven different kinds of back to the lander the weekender country romantic purist country entrepreneur pensioner micro farmer and apprentice From over 1 300 survey responses interviews and in depth case studies at both the regional and national levels of representative back to the landers Jacob analyzes their values use of appropriate technology family division of labor on their acreages and predisposition toward environmental activism Jacob finds that back to the landers for the most part are not completely independent of the mainstream economy and consequently their lives do reflect the contradictions between the available conveniences of a high technology culture and the movement's goals of self-reliant labor He analyzes their ambivalent attitudes toward technology hoes and shovels versus mini hydroelectric systems wood stoves versus microwave ovens and so on After examining the experiences of the back to the country people who live on the margins of a postindustrial society Jacob creates a clearer appreciation of the preconditions necessary to translate the idea of sustainable living into concrete action on a society wide scale While New Pioneers describes an important social movement it also shows how far a group of highly motivated individuals and families can go by themselves in breaking away from the prevailing consumer culture The dilemmas frustrations adaptations and triumphs of these neo homesteaders offer valuable insights to anyone contemplating a move back to the land

Sin, Organized Charity and the Poor Law in Victorian England R. Humphreys, 1995-07-17 Politicians social administrators economists biographers and historians have shared the belief that the Charity Organisation Society effectively rationalised relief to the Victorian poor and illustrated the advantages of caring voluntarism over impersonal state handouts It is now clear that in provincial England these impressions were illusory The alleged sinful profligacy of other charitable bodies was persistently condemned by the Charity Organisation Society for fostering latent sin amongst the poor By exposing how they failed in practice to satisfy their own prescriptions for appropriate poor relief this volume asks whether the Charity

Organisation Society were themselves morally equipped to castigate others about sin *Fundamentals of Arts Management*

 a time when I was nothing more than a pawn in someone else s game a child sold used discarded Now I m an agent a weapon
 forged in fire hunting down the very monsters who made me Justice is my purpose my salvation my excuse to feel anything

other than the emptiness inside Then I met him Zayn Dark magnetic and broken in ways that mirror my own I should ve run the moment he looked at me like he could see through my armor But instead I stayed I fell And now I m unraveling With every dangerous mission every shadow we uncover our pasts rise to the surface threatening to destroy us I don t know if Zayn is my savior or the thing that will finally break me What I do know is this when you ve been through hell love doesn t heal you It burns *The Ethics and Economics of Liberal Democracies* Carl Cavanagh Hodge,Andrew David

Irvine,2024-04-17 Rarely in the short history of liberal democratic government has a primer on basic liberal democratic values and institutions been more needed than now Popular discontent even anger with democratic governments has grown steadily over the past twenty years Not since the 1930s have citizens and their elected officials been so baffled about their respective roles in the maintenance of both democratic governments and liberal economies This book attempts to address this growing need Especially written as a primer for courses in Philosophy Politics and Economics PPE it has introductory chapters on all three main disciplines It also has chapters on the rule of law and on three important public policy areas Corruption Climate and Civil Society Individual topics discussed include free and fair elections populism responsible government republican and Westminster systems of government regulated free markets the Great Recession of 2008 globalization greenwashing identity politics academic freedom utilitarianism social contract theory positive and negative liberty and the good life Historically informed *The Ethics and Economics of Liberal Democracies* Foundations for PPE is sure to be of interest to students who are interested in public policy work as well as those who are interested in both the theory and practice of democratic government Key Features Written especially for PPE Philosophy Politics and Economics courses and students Focuses on the key values and institutions of modern democracies Includes chapters on both the theory and practice of democratic government and public policy work Provides a comprehensive glossary of relevant terms from all three disciplines *Bulletin* ,1916 *Organized Crime* Frank Shanty,Patit Paban Mishra,2007-09-24 This fascinating work is a two volume guide to the shadow world the critical issues and the global reach of organized crime Despite its impact on international security and the world economy organized crime is an unusual topic for a reference book Difficult to research the high profit high risk subculture of drug lords diamond smugglers and sex slavers is rarely investigated by scholars *Organized Crime* An International Encyclopedia ventures behind the scenes into this hazardous territory In the first volume expert contributors offer a global perspective on issues such as weapons and arms trafficking high tech and cyber crimes the future of organized crime and the connection between organized crime and armed conflicts The second volume consists entirely of primary documents national and international laws and treaties that reflect the international community s many attempts largely ineffective to combat organized crime Together the two volumes provide students and general readers with a road map to a shadow world with far reaching impact on the world we know **The Spirit of Getting Organized** Pamela Kristan,2003-01-01 *The Spirit of Getting Organized* is about sorting papers and using file folders But there s more to life than

a neat office After years in the field of professional organizing Pamela Kristan realized that organizing was a doorway an opportunity to find personal power and meaning Organizing is an intimate encounter with life s everyday details that has the power to engage us profoundly with our soul with our world and with the farthest reaching grandest patterns of Nature Rather than pulling us away from spiritual work with mundane chores organizing can draw us into the cosmos

Transforming Unjust Structures Severine Deneulin, Mathias Nebel, Nicholas Sagovsky, 2006-07-06 S VERINE DENEULIN MATHIAS NEBEL AND NICHOLAS SAGOVSKY TRANSFORMING UNJUST STRUCTURES The Capability Approach THE CAPABILITY APPROACH Structural injustice has traditionally been the concern of two major academic disciplines economics and philosophy The dominant model of economics has long been that of neo classical economics For neo classical economists human well being is to be assessed by the availability of disposable income or according to goods consumed it is measured by the levels of utility achieved in the consumption of commodities Social order is fashioned by the ways consumers maximise their 1 well being and enterprises maximise their profits A core assumption is that all 2 commodities are commensurable they can all be measured according to a single 3 numerical covering value which is their price Within this neo classical paradigm justice is achieved when the utility level of someone cannot be increased without 4 another person seeing his or her utility level decrease The dominant paradigm of neo classical economics was strongly challenged when development and welfare economist Amartya Sen received the Nobel Prize for Economics in 1998 His work offered an alternative to the neo classical evaluation of human well being in the utility commodity space The underlining philosophical intuition behind Sen s work is that the standard of living lies in the living and not in the consumption of commodities In searching for an alternative measure of human well being Sen devised his capability approach
