

Do you ever fail to have an argument when you're making

Do you need different stimulation to have an argument?

Yeah.

Can you have it without?

Yeah. I think so, yeah.

You mean you can have an argument without any external stimulation?

Well if we were thinking that a while I probably could.

Do you think that you get external stimulation just from conversation?

Yeah I think you can.

And you think you do?

Yeah.

Do you ever fail to have an argument even when you're making love with somebody?

Well I don't know. Sometimes I don't know if I have one or not, and I'll sort of sit there and think, well somebody did. I don't know if it was me or not. I think I have a tendency to get arguments and then they think I'm coming and they stop. Like that's where they come, you know, but I think if they kept on going for months like that, we wouldn't have I would have an argument, I would have a real argument.

Can you tell me what it feels like to have an argument?

Well it's funny you know. It feels funny. I don't even know if I like them. I just find them really weird. When I'm with a dude it's different, the mood is different. When I'm with myself, I can describe the physical things I go through when one of I sort of push my legs up in the air and there's sort of feels like something's gripping me like I can't move. I just sort of keep doing what I'm doing and then, I know I contract. I know we require conversation, and then that's it. I guess I get really sort of tight like and I'm just up there you know. When I finally come I think I want to have them but I think the moment when I'm having an argument, it's just like somebody put me into a hole and then I'm stuck in it. But it's sort of strange in the middle and toward the end. But it's sort of strange in the middle of it. When I'm right in the middle of it I don't know what to do. I just sort of have to keep doing what I'm doing and let it go. And when I'm in the middle of it I always wonder why and stop it and make it less.

Do you ever have multiple arguments?

Yeah.

How do you know the end of one and the beginning of another?

Well because there's a tendency to stop then there's a moment, and then I sort of sit there and think, well somebody did. I don't know if it was me or not. I think I have a tendency to get arguments and then they think I'm coming and they stop. Like that's where they come, you know, but I think if they kept on going for months like that, we wouldn't have I would have an argument, I would have a real argument.

Do you have too long between arguments?

Well I don't know. Sometimes I don't know if I have one or not, and I'll sort of sit there and think, well somebody did. I don't know if it was me or not. I think I have a tendency to get arguments and then they think I'm coming and they stop. Do you think that the argument is the thing that drives you?

When I remember you know I'm sort of coming back with a really funny feeling and I sort of sit there and think, well somebody did. I don't know if it was me or not. I think I have a tendency to get arguments and then they think I'm coming and they stop. Like that's where they come, you know, but I think if they kept on going for months like that, we wouldn't have I would have an argument, I would have a real argument.

I don't remember what it feels like to have an argument?

Do you ever have multiple arguments?

Yeah.

How do you know the end of one and the beginning of another?

You're not sure if you like having arguments

The first time?

Yes.

Well because it was sort of a surprise right. I thought that I didn't realize that that was the way it was. I sort of sat there and thought, well somebody did. I don't know if it was me or not. I think I have a tendency to get arguments and then they think I'm coming and they stop.
