## **Origin Of The Communist Autocracy Politi:**

*The Origin of the Communist Autocracy* Leonard Schapiro, 1987-06-18      *The Origin of the Communist Autocracy* Leonard Schapiro, 2013-08      **The British Study of Politics in the Twentieth Century** Jack Hayward, Brian Barry, Archie Brown, 2003-05 A collection of articles about British studies relating to various political issues including totalitarianism individualism pluralism political parties elections political institutions public administration nationalism authoritarianism and international relations      Stalinism and the Politics of Mobilization David Priestland, 2007-02 Stalinism and the Politics of Mobilization provides a new explanation of the political violence in Stalin's Soviet Union during the late 1930s by examining the thinking of Stalin and his allies and placing it in the broader context of Bolshevik ideas since 1917      Ideology, Politics, and Government in the Soviet Union John Alexander Armstrong, 1986 Using a social science approach the author presents the historical and ideological foundations of today's Soviet political system and provides a concise but thorough exposition of the Soviet political and legal institutions including the role of the Communist Party This fourth edition also addresses economic issues nationality problems and the interplay of domestic and international forces in Soviet foreign policy Originally published in 1962 by Frederick A Praeger Inc      **Soviet Politics** Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader      Jewish Nationality and Soviet Politics Zvi Gitelman, 2015-03-08 In order to Bolshevize the Jewish population the Soviets created within the Party a number of special Jewish Sections Charged with the task of integrating the largely hostile or indifferent Jews into the new state the Sections programs are in effect a case study of the modernization and secularization of an ethnic and religious minority Zvi Gitelman's analysis of the Sections during the first decade of Soviet rule examines the nature of the challenge that modernization posed the crises it created and the responses it evoked Originally published in 1972 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press

These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     The French Revolutionary Tradition in Russian and Soviet Politics, Political Thought, and Culture Jay Bergman, 2019 The Bolsheviks sought legitimacy and inspiration in historic revolutionary traditions and Jay Bergman argues that they saw the revolutions in France in 1789 1830 1848 and 1871 as supplying practically everything Marxism lacked including guidance in constructing socialism and communism and useful fodder for political and personal polemics     **Collective Leadership in Soviet Politics** Graeme Gill, 2018-03-21 This book studies the way in which the top leadership in the Soviet Union changed over time from 1917 until the collapse of the country in 1991 Its principal focus is the tension between individual leadership and collective rule and it charts how this played out over the life of the regime The strategies used by the most prominent leader in each period Lenin Stalin Khrushchev Brezhnev and Gorbachev to acquire and retain power are counterposed to the strategies used by the other oligarchs to protect themselves and sustain their positions This is analyzed against the backdrop of the emergence of norms designed to structure oligarch politics The book will appeal to students and scholars interested in the fields of political leadership Soviet politics and Soviet history     **Executive Power and Soviet Politics** Eugene Huskey, 2016-06-16 Ever since the behavioral revolution reached Communist studies more than 2 decades ago Western scholarship has tended to ignore the powerful and unwieldy institutional structure of the Soviet government Today suddenly it is clear that the dramatic political and legislative reforms of the Gorbachev years will remain incomplete as long as the issues of state bureaucratic power and executive prerogative are unresolved This volume brings together original studies of the Soviet executive under Gorbachev by specialists including Barbara Chotiner Stephen Fortescue Brnda Horrigan Ellen Jones Wayne Limberg T H Rigby and Louise Shelley Among the topics covered are the major economic national security and law enforcement ministries the presidency the cabinet and questions of presidential ministerial presidential presidential legislative executive and party state relations     **Symbols and Legitimacy in Soviet Politics** Graeme Gill, 2011-03-24 Symbols and Legitimacy in Soviet Politics analyses the way in which Soviet symbolism and ritual changed from the regime's birth in 1917 to its fall in 1991 Graeme Gill focuses on the symbolism in party policy and leaders speeches artwork and political posters and urban redevelopment and on ritual in the political system He shows how this symbolism and ritual were worked into a dominant metanarrative which underpinned Soviet political development Gill also shows how in each of these spheres the images changed both over the life of the regime and during particular stages the Leninist era metanarrative differed from that of the Stalin period which differed from that of the Khrushchev and Brezhnev periods which was in turn changed significantly under Gorbachev In charting this development the book lays bare the dynamics of the Soviet regime and a major reason for its fall     *Stalinism* Graeme Gill, 2016-01-07 Drawing on research based on access to the recently

opened Soviet archives this new edition provides a valuable thematic account of the nature of Stalinism The author surveys the arguments about the origins of the Stalinist phenomenon and discusses the way in which the different faces of Stalinism economic social cultural and political changed over time Gill concludes that the dramatic fall of the USSR was connected to the nature of Stalinism *Totalitarian and Authoritarian Regimes* Juan José Linz,2000 Originally a chapter in the Handbook of Political Science this analysis develops the fundamental distinction between totalitarian and authoritarian systems It emphasizes the personalistic lawless non ideological type of authoritarian rule the author calls the sultanistic regime

**Leon Trotsky and the Politics of Economic Isolation** Richard B. Day,1973 A highly original and controversial examination of events in Soviet Russia from 1917 to 1927 in which Professor Day challenges both the standard Trotskyite and Stalinist interpretations of the period At the same time he rejects the traditional emphasis on Trotsky's concept of Permanent Revolution and argues that a Marxist theorist is essential Professor Day concentrates upon the economic implications of revolutionary Russia's isolation from Europe How to build socialism in a backward war ravaged society without aid from the West this problem lay behind many of the most important political conflicts of Soviet Russia's formative years *Politics and Society under the Bolsheviks* Kevin McDermott,John Morison,2016-07-27 The relationship between society and the regime has been central to much recent research in the field of Soviet history In this book an international team of scholars investigates this theme in the revolutionary period and in the Stalin years from the 1920s to the 1940s with an additional section on the Bolshevik's relations with the outside world via the Communist International based in Moscow The use of fresh archival materials provides challenging new interpretations and insights **The Soviet Union in World Politics** Kurt London,2022-12-28 The Soviet Union in World Politics first published in 1980 looks at the change in direction of Soviet foreign policy away from world revolution in the 1970s Examining the impact of Soviet policies and actions on key nations and regions throughout the world and highlighting their significance as agents for change in the international arena the authors present an overview of world politics as well as an in depth study of Soviet international behaviour **Politics, Feminism and the Reformation of Gender** Jennifer Chapman,2004-08-02 Caught between their female gender and their aspirations in a public sphere founded on the gender role of men women face a problem that is more intractable than conventional feminist political analysis has fully recognized In this book Jennifer Chapman addresses both the substance of the problem and feminist strategies for change Male dominance of political elites is virtually universal and yet there is no general theory of recruitment to account for this Jennifer Chapman uses a rigorous comparative study of political recruitment to show why different models of the process among men produce near identical results irrespective of context She then looks beyond this general pattern to its gender basis and to strategies for change **Revolutionary Democracy** Soma Marik,2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of

women and the expansion of democracy Soma Marik teaches Women s Studies and History at Jadavpur University      *The Cambridge History of Russia: Volume 3, The Twentieth Century* Maureen Perrie,Ronald Grigor Suny,2006-11-02 A major history of twentieth century Russia by leading scholars in the field      **Parliament, Party and the Art of Politics in Britain, 1855-59** A. Hawkins,1987-06-18
