Original Jesus The Buddhist Sources Of Christianity:

The Original Jesus Elmar Gruber, Holger Kersten, 1995 This book offers compelling evidence of Buddhist influences on the life and teachings of Jesus The authors claim that Jesus was brought up by the Therapeutae missionaries to the Bible lands from the Theravada school of Buddhism and that his spiritual development was continued by the Buddhist influenced Essenes and Mandaeans *Jesus Outside the New Testament* Robert Van Voorst, 2000-04-13 Presents evidence and information aside from the Christian scriptures on the life and teaching of Jesus Christ Features excerpts in Roman correspondence and the early Christian writings known as the New Testament Apocrypha **Jesus Christ in World History** Jan A. B. Jongeneel, 2009 Based on the author's thesis Th D Leiden University 1971 **Buddhist - Christian Dialogue** J. Lindsay Falvey, John May, Vincent Puzzuto, Padmasiri de Silva, 2009-12-06 Buddhist Christian Dialogue The Parliament of the World's Religions December 2 9 Melbourne Australia Sunday December 6 2009 11 30am 1 00pm The program of the Parliament paraphrased this workshop in such words as those below Its four papers stimulated much interest and flowed together in a productive manner that elicited a lively interaction For that reason the essence of these papers has been reproduced here for wider appreciation The program included four parts and aimed to foster a spirit of enquiry and openness Participants were offered examples from the Canonical gospels the Gospel of Thomas as well as writings from Meister Eckhart Thomas Merton and others The workshop presented approaches to objectless meditation and explored its vital place in uncovering wisdom Presenters showed how issues raised by dialogue in contexts of pluralism could be explored collaboratively by Buddhists and Christians by retrieving strands of tradition such as compassion empathy care and forgiveness A recently released book was introduced *Dharma as Man* which is an ancient story read each evening by an old man to his young son in rural India It is a universal tale condensed to combine the world's stories which renders Jesus life into Buddhist concepts in an ancient Indian setting There was a discussion of how traditions might better understand their shared vocation to alleviate suffering through interreligious dialogue and shared inter-spiritual contemplative silence **An Epic Tale of the People of the Covenant (The origin of Christianity)** Atsushi Murakami, 2021-02-26 Last year 2019 I published the 6th edition of my book *The Origin of Christianity* with the subtitle *An Epic Tale of the People of the Covenant* paying attention to the fact that Christianity was born from the church movement that had occurred in the process of the people of the Covenant scattered all over the world after they had migrated from the Fertile Crescent at the mouths of the Tigris and Euphrates rivers to the Promised Land Canaan However later it became clear that the Ephraim and Manasseh only who possess the genetic characteristics of Paleo-Mongoloid among the twelve tribes of Israel played an important role not only in the conquest of Canaan but also in the eastern transmission of Christianity Thus this time I deliver this 7th edition with the main title of *An Epic Tale of the People of the Covenant* In creating the augmented part of the 7th edition I got many hints from the blog of Protestant Bible commentator Mr Arimasa Kubo who was the first pastor of the Ikebukuro Nishi

Church and used them as the reference December 2020 Atsushi Murakami *Being a Christian in Sri Lanka* Leonard Pinto,2015-07-14 Most people know something about their own religions That knowledge is usually restricted to what is going on at the present time When it comes to how their religions developed in their countries their knowledge is on shakier grounds As for religion in foreign lands well for many that information is nonexistent Author Leonard Pintos *Being a Christian in Sri Lanka Historical Political Social and Religious Considerations* is a critique based on the observations and experience of a Sri Lankan Christian Pinto shares the history and importance of religion in his native land Youll learn about Portuguese Dutch and British rule in the country formerly known as Ceylon and how each affected religion there Pinto dispels popular views about how ruling countries dealt with Christianity and other religions and with those who practiced them Youll learn how religion is practiced today from someone who lives it firsthand Pintos book goes beyond the boundaries of Sri Lanka in assessing the problems faced by Christianity from the corrosive effects of the Age of Enlightenment In *Being a Christian in Sri Lanka Historical Political Social and Religious Considerations* Pinto comes to the conclusion Sri Lanka would benefit from a Sri Lankan national identity for all its citizens Hegemony based on ethnicity and religion is dissuaded Youll also find Pintos conclusions relevant to other countries

Christian Mummification Ken Jeremiah,2014-01-10 A mention of mummification immediately brings to mind the ancient Egyptians but the Roman Catholic Church has long used the practice to preserve notable members of its faith In Italy alone more than 300 preserved bodies appear on display in churches and cathedrals the mummified remains of saints priests martyrs and other high ranking Roman Catholic officials This study explores the history of Roman Catholic mummification which continues to this day in the use of New Kingdom Egyptian mummification procedures on popes It explores various types of mummies the connections between the Catholic Church and Egyptian religious practices the treatment of the dead by other faiths and the veritable cult that has arisen in Italy surrounding the saints whose bodies are preserved By examining this unusual practice from both scientific and cultural perspectives the book sheds light on a relatively unstudied aspect of the Roman Catholic faith

Jewish Women Philosophers of First-Century Alexandria Joan E. Taylor,2003-11-20 The first century ascetic Jewish philosophers known as the Therapeutae described in Philo's treatise *De Vita Contemplativa* have often been considered in comparison with early Christians the Essenes and the Dead Sea Scrolls This study which includes a new translation of *De Vita Contemplativa* focuses particularly on issues of historical method rhetoric women and gender and comes to new conclusions about the nature of the group and its relationship with the allegorical school of exegesis in Alexandria Joan E Taylor argues that the group represents the tip of an iceberg in terms of ascetic practices and allegorical exegesis and that the women described point to the presence of other Jewish women philosophers in Alexandria in the first century CE Members of the group were extreme allegorizers in following a distinctive calendar not maintaining usual Jewish praxis and concentrating their focus on attaining a trance like state in which a vision of God's light was experienced Their special feast was configured in terms of service at a Temple in which both men and women were priestly attendants of God

Judaizing Jesus Robert M. Price,2021-10-12 Was Jesus a mainstream or sectarian Jew as the scholarly consensus tells us This view that we must automatically adopt Second Temple Judaism as the paradigm in which to interpret or reconstruct the historical Jesus is often presented as self evident unquestionable and beyond dispute However the promotion of the Jewish Jesus raises serious questions specifically whether this consensus is the product of theological and ecumenical agendas In *Judaizing Jesus* noted scholar Robert M Price challenges this trend and offers a menu of alternative ways of seeing Jesus Sacred King Cynic Philosopher Gnostic Redeemer and the Buddha He concludes by proposing a new theory of Christian origins to explain how and why the first Christians themselves Judaized Jesus

Bad Faith Tom Drake-Brockman,2019-01-18 Jesus was murdered by the Jewish religious leaders whose power base was the temple of Jerusalem Saul of Tarsus later the Paul of Christianity was one of these and his brand of faith theology mirrored their theology of covenantal entitlement Thus Christianity's basic theological principles derive from those who killed Jesus This is just one of many challenging propositions backed with strong evidence that appear in this book Jesus like most Jews was attuned to faithfulness rather than pure faith

to ethical behavior based on human empathy rather than metaphysical beliefs and rituals The central focus of Jesus was heshed the heart of the Jewish covenant with God which linked God s mercy to human compassion and forgiveness making both mutually interactive This heshed forgiveness was anathema to the temple s faux forgiveness and threatened its very existence Therefore Jesus came not to save us but to show us how to save ourselves Reinterpreting a key parable of Jesus in this light the Parable of the Tares Jesus can be most plausibly understood as an incarnation of Adam the original prototype human who God in Genesis appointed to oversee his creation and guide our spiritual evolution His mission was not about any sacrificial death but about establishing the spiritual humanism of Judaic heshed as the central purpose of human existence

A System's Evaluation of Global History of Indian Architecture Joy Sen, 2016-12-02 Deep within an inner cave guhahitam of our existence remains our potential Divinity It is the place where our reflected sentient being the First Bird is trying to probe into to recover the hidden sun The allegory is evident in the parable of the Cave once preached by the Upanishads and later by the Greek philosopher Plato The probe is to push forward the First Bird to surge higher in the resplendent celestial blue under the full radiance of the Solar world which is the Second resulting in an explosion of an infinite all pervading Divinity Till the union and the rapture is attained there are the two Birds one the psychic being which is within us and the other one which is the direct portion of the Divine The direct portion is constantly trying to guide and work within us so that evolution

goes on and on In the words of Sri Aurobindo it is the haitya Purusha the direct portion of the Divine in the human which is working incessantly till the rapture is activated Ancient roots are evident in the ancient Swetaswatara Upanishad hailed by the primordial Sage Kapila and coded originally in a later text called the Bhagabat Purana The haitya Purusha is also the being that is behind the Chitta Sri Aurobindo says Millenniums later the inspired Architects in the most ancient of all Buddhist ages had carved out the sacred idea in form of rock cut expressions called the Chaitya hall As the Mahayana Sutra of the foremost Shurangama at the Crown of the Great Buddha says the way of practicing the Samadhi is not singular and its actual method of cultivation depends upon the functioning of mind and mental concomitants Citta Chaitya pravritti of each being and their interconnectedness Mahat It is in the recovery or a re tracing of the two as a DIVINITY that is originally ONE an individual s journey called evolution and a collective journey called civilization itself are sustained It is also from the deeper embedded patterns of this journey the gems of the system s foundation can be quarried

Lamb of Sin-offering

Atsushi Murakami, Noting that the trends of the Jewish diaspora and the Gentile Jew s church movement are deeply related to the birth of Christianity I have published a series of books such as The Origins of Christianity in 2013 An Epic Tale of the People of the Covenant The origin of Christianity in 2020 and Birth of Judaism and eastern propagation The origin of Christianity in 2022 So this time I tried to explain how Jesus himself responded to these trends and to summarize how Jesus got involved in these currents by the style of a novel [Christian Apologetics](#) Douglas Groothuis,2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity

Religious Identity and the Problem of Historical Foundation Judith Frishman,Willemien Otten, Gerard Rouwhorst,2004-02-01 The essays collected in this book deal with the question how throughout the history of Christianity Christian communities have tried to construct their identity by anchoring their views in authoritative and normative sources The main focus is upon the problem of historical foundation through textual traditions but other authoritative sources role of religious leaders ritual traditions are taken into consideration as well The book takes as its point of departure the fact that with the rise of modernity the former dependence of western church and society on authoritative sources was called into question Ever since appeal to such sources is no longer self evident at times it is even regarded as problematic Based on this radical change brought about by modernity the book is divided in two main parts The first part deals with the question how Christian churches and confessions Roman Catholic and Protestant confronted modernity and which role was played by authoritative sources in the tradition to the modern era Special attention will be paid to the way in which Judaism reacted to many of the same impulses both societal and religious ones The second part deals with the premodern period from early Christianity to the post Reformation era and focuses on the role authoritative traditions textual or otherwise have played in

providing various Christian communities with a relative stable identity The aim of the book is to elucidate processes resulting in the formation of authoritative traditions as well as the effects of these traditions on the identity of Christian and Jewish communities In addition the book attempts to clarify the various ways in which Christian and Jewish communities have reacted to the growing suspicion authoritative traditions aroused in the western world since the rise of modernity
