Partington,2016-09-17 Woodrow Wilson Guthrie 1912-67 has had an immense impact on popular culture throughout the world His folk music brought traditional song from the rural communities of the American southwest to the urban American listener and through the global influence of American culture to listeners and musicians alike throughout Europe and the Americas Similarly his use of music as a medium of social and political protest has created a new strategy for campaigners in many countries But Guthrie s music was only one aspect of his multifaceted life His labour union activism helped embolden the American working class and united such distinct groups as the rural poor the urban proletariat merchant seamen and military draftees contributing to the general call for workers rights during the 1930s and 1940s As well as penning hundreds of songs both recorded and unrecorded Guthrie was also a prolific writer of non sung prose writing regularly for the American communist press producing volumes of autobiographical writings and writing hundreds of letters to family friends and public figures Furthermore beyond music Guthrie also expressed his creative talents through his numerous pen and ink sketches a number of paintings and occasional forays into poetry This collection provides a rigorous examination of Guthrie s cultural significance and an evaluation of both his contemporary and posthumous impact on American culture and international folk culture The volume utilizes the rich resources presented by the Woody Guthrie Foundation **Paperbound Books in Print** 1995 Reed Reference Publishing,Reference Reed,1995-12 **Rising Light** Michael Hickey,2023-09-18 Rising Light begins with the Christian hope of a promised expectation of a bodily resurrection It is rooted in the resurrection of Jesus Christ and the Biblical foundation of the Old and New Testaments It carries through to the Tradition of the Catholic Christian church beginning with the Apostles and the church Fathers and then weaves through key Doctors of the church

such as St Augustine and St Thomas Aquinas It includes the institutional grounding of the Christian faith found in the church creeds The Catholic Catechism and Papal encyclicals letters and exhortations as well as the theology of prominent modern theologians such as Karl Rahner SJ and Pierre Teilhard de Chardin SJ This book will demonstrate how unlike the crucifixion and death of Jesus Christ which are historical realities the resurrection is something not only historical but also transhistorical in that it encompasses and affects all of history from its beginning to its end The concluding chapters of Rising Light focus on how the risen Christ for us has now become greater than even Christianity itself as a world religion as the risen Christ is now the Universal Christ The book ends with how the theology of Karl Rahner Theological Anthropology can show us that theology of the resurrection is not only rooted in the supernatural and transcendent divine but also in the very nature of the human person in something as universal to all mankind as our sense of humor Music of the Night Ian

Bradley,2025 This book offers readers a fascinating new look into the spiritual side of operetta and musical theatre two closely related genres often dismissed as trivial shallow and essentially secular Bradley challenges these judgements and seeks to show that there have been clear religious influences and spiritual resonances in some of the best known and most popular works in both genres He points to the darker and more serious side of operetta and musical theatre to analyse the work of Offenbach Leh r Gilbert and Sullivan Rodgers and Hammerstein Sondheim Schwartz Lloyd Webber and Boublil and Schoenberg Readers will never listen to The Mikado The Sound of Music Fiddler on the Roof Sweeney Todd Wicked Les Miserables and The Lion King in the same way again Using hitherto largely neglected sources Music of the Night explores the Jewish and Catholic roots of French operetta composers the impact of Franz Leh r s Catholic faith the effect of Oscar Hammerstein s early exposure to Universalism and the High Church aesthetic of Andrew Lloyd Webber Further chapters discuss Arthur Sullivan s softening and spiritualising effect on W S Gilbert s lyrics in the Savoy operas Stephen Sondheim s secularism and Stephen Schwartz as the reluctant pilgrim There is specific analysis of the religious influences and spiritual resonances in six key musicals The Sound of Music Fiddler on the Roof Godspell Jesus Christ Superstar Les Mis rables and The Lion King A concluding chapter briefly surveys the musicals of the twenty first century **The Protestant Review**
