

The language tree

The Bible tells a simple tale of the origin of the world's many tongues. Humanity, it claims, once lived all together and spoke just one language. The people worked together on a great tower in the centre of a great city until God came and scattered them, altering their languages until hundreds emerged, and the tower – the Tower of Babel – was abandoned.

Proto-Indo-European languages

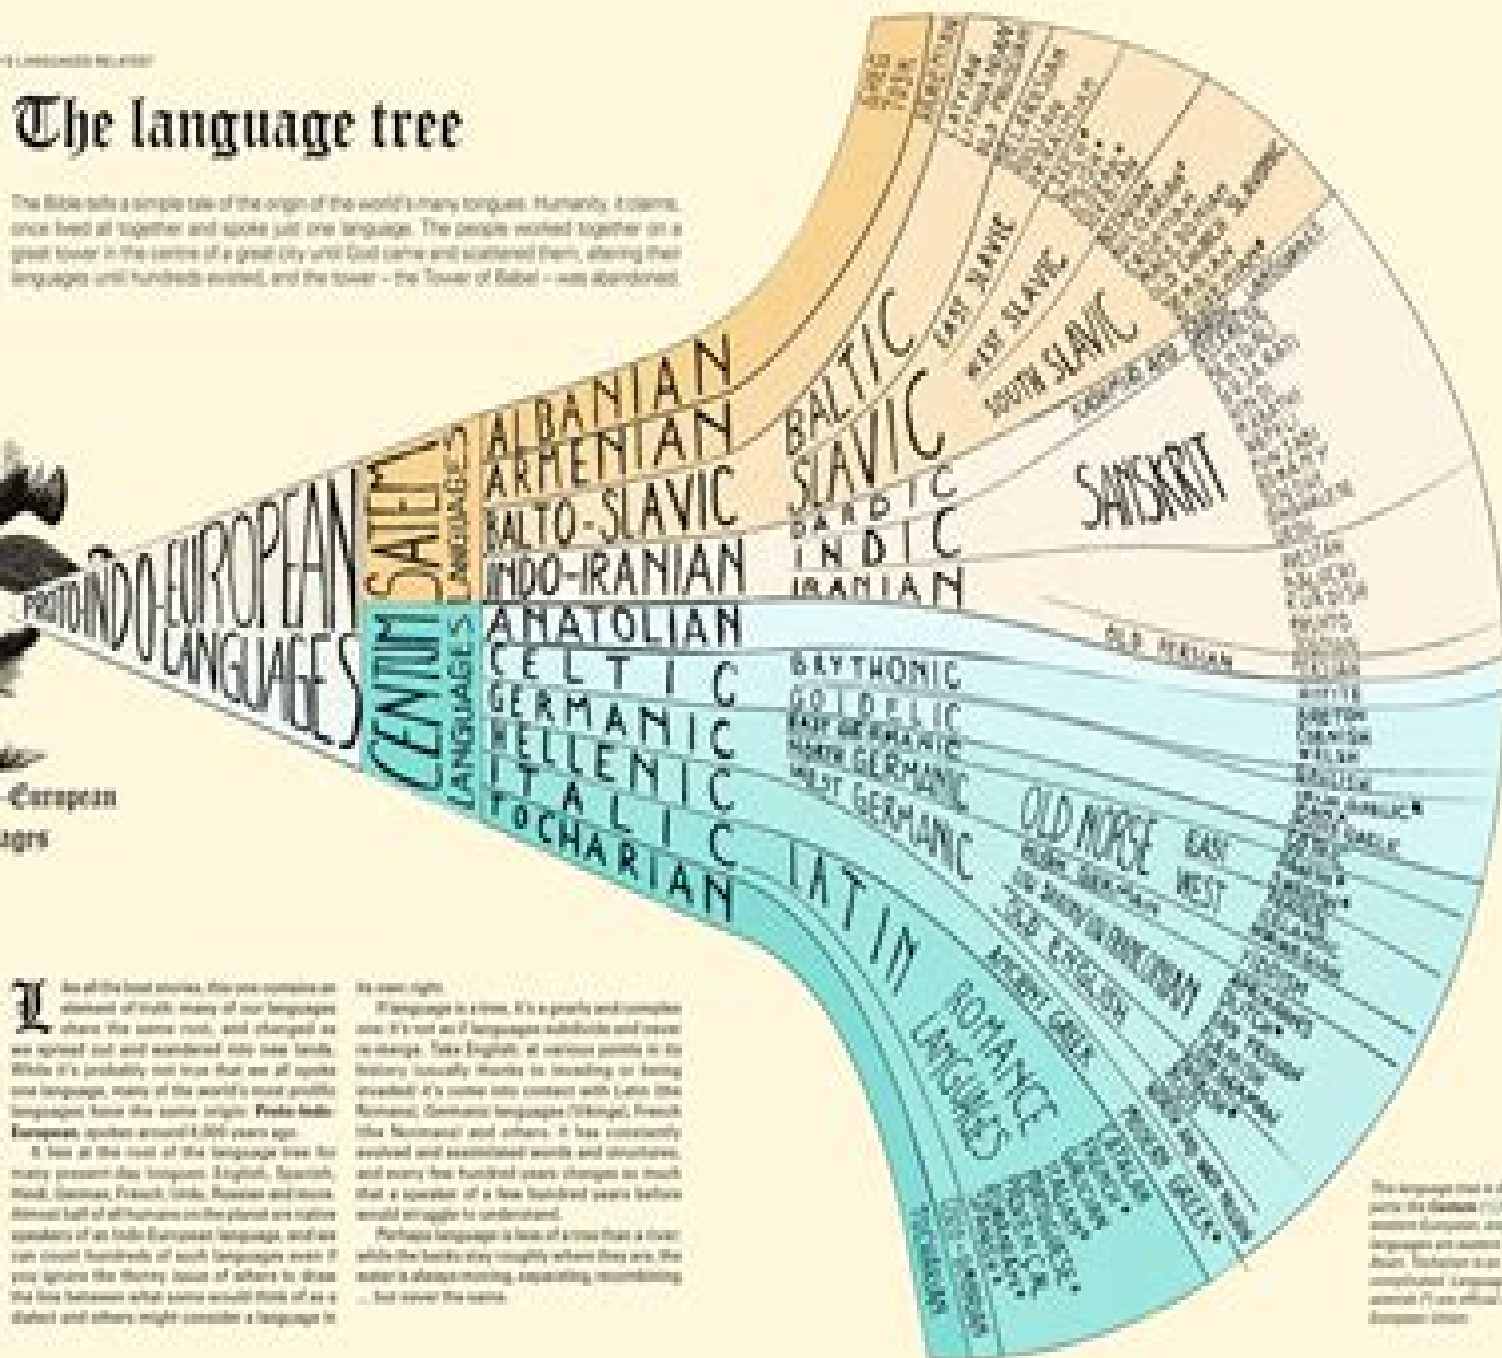

Like all of the best stories, this one compares an element of folk music from many of our languages across the same root, and changed as we spread out and colonized tiny new lands. While it's probably not true that we all speak one language, many of the world's most prolific languages have the same origin: Proto-Indo-European, another around 3,000 years ago.

It has at the root of the language tree for many present-day languages: English, Spanish, Hindi, German, French, Urdu, Russian and more. Almost half of all humans in the planet are native speakers of an Indo-European language, and we can count hundreds of such languages even if you ignore the thirty-plus of others to whom the line between what some would think of as a "dead" and others would consider a "language"

1000

If language is a river, it is a poorly mapped one. It is not an If language subdivides and recombines, some English, some Spanish, some French, some Italian, usually results in something like being created. It is some into contact with Latin (the Romans), Germanic languages (Vikings), French (the Normans) and others, it has continuously evolved and assimilated words and structures, and every few hundred years changes so much that a speaker of a few hundred years before would struggle to understand.

Perhaps language is less of a tool than a river while the boat's tiny enough where they sit. The water is always moving, expanding, receding—
—but never the boat.

The language that is divided into two parts: the **dialects** (方言) languages are ancient languages, and the **literary** (文言) languages are ancient languages and dialects. Therefore, it is necessary, but it's complicated. Languages marked with an asterisk (*) are official languages of the Japanese Empire.
