**The Origins of War Prevention** Martin Ceadel, 1996 This original study aims to provide a contribution to international relations and British political history Its analysis of the birth of the British peace movement includes a historiography of British politics and many theories about international relations **The Origins of War Prevention** Martin Ceadel, 1996 This original study aims to provide a contribution to international relations and British political history Its analysis of the birth of the British peace movement includes a historiography of British politics and many theories about international relations

*The British Peace Movement 1870-1914* Paul Laity, 2002-01-03 This is the first detailed scholarly study of the late Victorian and Edwardian peace movement the campaigns of which made a significant impact on political debate especially during the Franco Prussian War 1870 1 the Bulgarian Atrocities campaign 1876 8 Britain s conflict in Egypt 1882 the South African War 1899 1902 and the intensifying international crisis before 1914 The movement s activists included Richard Cobden Herbert Spencer Keir Hardie J A Hobson and Norman Angell Among the first to benefit from the opening of the Peace Society Archive the book focuses on the specialized associations at the heart of the peace movement Paul Laity identifies the existence of different programmes for the achievement of a just permanent peace and offers a new interpretation of the reaction of peace campaigners to war in 1914 At the same time his book makes an important and original contribution to the history of popular politics and political ideas in Britain **Britain and the Intellectual Origins of the League of Nations, 1914-1919** Sakiko Kaiga, 2021-04-22 An innovative study of the pre history of the League of Nations tracing the pro League movement s unexpected development *The Oxford Handbook of Peace History* Charles F. Howlett, Christian Philip Peterson, Christian Peterson, Deborah D. Buffton, David L. Hostetter, 2023 The Oxford Handbook of Peace History uniquely explores the distinctive dynamics of peacemaking across time and place and analyzing how past and present societies have created diverse cultures of peace and applied strategies for peaceful change The analysis draws upon the expertise of many well respected and distinguished scholars from disciplines such as anthropology economics history international relations journalism peace studies sociology and theology This work is divided into six parts The first three sections address the chronological sweep of peace history from the Ancient Egyptians to the present while the last three cover biographical profiles of peace advocates key issues in peace history and the future of peace history A central theme throughout is that the quest for peace is far more than the absence of war or the pursuit of social justice ideals Students and scholars alike will appreciate that this work examines the field of peace history from an international perspective and expands analysis beyond traditional Eurocentric frameworks This volume also goes far beyond previously published handbooks and anthologies in answering what are the strengths and limits of peace history as a discipline and what can it offer for the future It also has the unique features of a state of the field introduction with a detailed treatment of peace history historiography and a chapter written by a noted archivist in the field that provides a comprehensive list of peace

research resources It is a work ably suited applicable for classrooms and scholarly bookshelves      **Imagining War and Peace in Eighteenth-Century Britain, 1690-1820** Andrew Lincoln, 2023-11-23 Is war the opposite of peace or its necessary accomplice Exploring this question in relation to eighteenth century Britain Andrew Lincoln opens up complex paradoxical and enduring issues and shows how ideas and methods were developed to provide the British public with moral insulation from violence both overseas and at home      The Specter of Peace , 2018-06-26 Specter of Peace advances a novel historical conceptualization of peace as a process of right ordering that involved the careful regulation of violence the legitimation of colonial authority and the creation of racial and gendered hierarchies The volume highlights the many paths of peacemaking that otherwise have hitherto gone unexplored in early American and Atlantic World scholarship and challenges historians to take peace as seriously as violence Early American peacemaking was a productive discourse of moral ordering fundamentally concerned with regulating violence The historicization of peace the authors argue can sharpen our understanding of violence empire and the early modern struggle for order and harmony in the colonial Americas and Atlantic World Contributors are Micah Alpaugh Brendan Gillis Mark Meuwese Margot Minardi Geoffrey Plank Dylan Ruediger Cristina Soriano and Wayne E Lee      **The Oxford Handbook of American and British Women Philosophers in the Nineteenth Century** Lydia Moland, John D and Catherine T MacArthur Professor of Philosophy Lydia Moland, Alison Stone, 2025 The Oxford Handbook of American and British Women Philosophers in the Nineteenth Century challenges the misconception that there were no female philosophers during this era It explores the diverse philosophical contributions of women including those who wrote academic texts novels pamphlets journalism and activist writings and examines women s contributions to both philosophical movements and topics in social philosophy It reveals that the nineteenth century was more conducive to women authors than commonly believed and discusses how factors like race and class influenced women s philosophical perspectives The Handbook corrects the historical narrative and broadens our understanding of philosophy by showcasing the significant contributions of women philosophers      **England, Ireland, Scotland, Wales** Keith Robbins, 2008-09-05 Keith Robbins building on his previous writing on the modern history of the interlocking but distinctive territories of the British Isles takes a wide ranging innovative and challenging look at the twentieth century history of the main bodies at once national and universal which have collectively constituted the Christian Church The protracted search for elusive unity is emphasized Particular beliefs attitudes policies and structures are located in their social and cultural contexts Prominent individuals clerical and lay are scrutinized Religion and politics intermingle highlighting for churches and states fundamental questions of identity and allegiance of public and private values in a century of ideological conflict violent confrontation in Ireland two world wars and protracted Cold War The massive change experienced by the countries and people of the Isles since 1900 has encompassed shifting relationships between England Ireland and Northern Ireland Scotland and Wales the end of the British Empire the emergence of a new Europe and latterly major immigration of

adherents of Islam Hinduism Sikhism and other faiths from outside Europe developments scarcely conceivable at the outset Such a broad contextual perspective provides an essential background to understanding the puzzling ambiguities evident both in secularization and enduring Christian faith Robbins provides a cogent and compelling overview of this turbulent century for the churches of the Isles

**A Cultural History of Peace in the Age of Enlightenment** Stella Ghervas, David Armitage, 2022-02-24 A Cultural History of Peace presents an authoritative survey from ancient times to the present The set of six volumes covers over 2500 years of history charting the evolving nature and role of peace throughout history This volume A Cultural History of Peace in the Enlightenment explores peace in the period from 1648 to 1815 As with all the volumes in the illustrated Cultural History of Peace set this volume presents essays on the meaning of peace peace movements maintaining peace peace in relation to gender religion and war and representations of peace A Cultural History of Peace in the Enlightenment is the most authoritative and comprehensive survey available on peace in the long eighteenth century

**Beyond Global Crisis** Terrence Edward Paupp, 2012 In this volume Terrence Paupp critically describes the various dimensions of today's global crisis Among other things this volume analyzes nuclear weapons proliferation climate change and international lawlessness in the form of wars of aggression Paupp argues that much human conflict and environmental degradation is the direct consequence of poverty and inequality Until these issues are addressed many of the world's problems will remain Paupp asserts that around the world peoples and nations are becoming more open to a strategy and culture of peace that evolves through discovering a commonality of interests the value of mutual cooperation and the desirability of forging consensus By using various road maps and remedies supplied by noted Japanese peace activist Daisaku Ikeda and his contemporaries viable solutions will emerge In this new endeavor equipped with some of the proposed solutions and strategies that this book provides humanity will collectively become engaged in remaking the character of global governance in order to build a global culture of peace

**Rethinking Nineteenth-Century Liberalism** Simon Morgan, 2017-05-15 Richard Cobden 1804-65 rose from humble beginnings to become the leading advocate of nineteenth century free trade and liberalism As a fierce opponent of the Corn Laws and promoter of international trade he rapidly became an influential figure on the national stage whose name became a byword for political and economic reform Yet despite the familiarity with which contemporaries and historians refer to Cobdenism his ideals and beliefs are not always easy to identify and classify in a coherent way Indeed as this volume makes clear the variety diversity and malleability of the Cobdenite project attest to the lack of a strict dogma and highlight Cobden's underlying pragmatism Divided into five sections this collection of essays offers a timely reassessment of Cobden's career its impact and legacy in the two hundred years since his birth Beginning with an investigation into the intellectual and cultural background to his emergence as a national political figure the volume then looks at Cobden's impact on the making of Victorian liberal politics The third section examines Cobden's wider influence in Europe particularly the impact of his tour of 1846-47 which was in many ways a

defining moment not only in the making of Cobden's liberalism but in the making of liberal Europe. Section four broadens the theme of Cobden's contemporary impact including his contribution to the debate on peace internationalism and the American Civil War whilst the final section opens up the theme of Cobden's contested legacy the variety of interpretations of Cobden's ideas and their influence on late nineteenth and twentieth century politics. Offering a broad yet coherent investigation of the Cobdenite project by leading international scholars this volume provides a fascinating insight into one of the nineteenth century's most important figures whose ideas still resonate today.

*The Hague Conferences and International Politics, 1898-1915* Maartje Abbenhuis, 2018-10-18 Beginning with the extraordinary rescript by Tsar Nicholas II in August 1898 calling the world's governments to a disarmament conference this book charts the history of the two Hague peace conferences of 1899 and 1907 and the third conference of 1915 that was never held using diplomatic correspondence newspaper reports contemporary publications and the papers of internationalist organizations and peace activists. Focusing on the international media frenzy that developed around them Maartje Abbenhuis provides a new angle on the conferences. Highlighting the conventions that they brought about she demonstrates how The Hague set the tone for international politics in the years leading up to the First World War permeating media reports and shaping the views and activities of key organizations such as the inter parliamentary union the international council of women and the Institut de droit international. Institute of International Law. Based on extensive archival research in the Netherlands Great Britain Switzerland and the United States alongside contemporary publications in a range of languages this book considers the history of the Hague conferences in a new way and presents a powerful case for the importance of The Hague conferences in shaping twentieth century international politics.

Designing in Ethics Jeroen van den Hoven, Seumas Miller, Thomas Pogge, 2017-10-26 Many of our interactions in the twenty first century both good and bad take place by means of institutions technology and artefacts. We inhabit a world of implements instruments devices systems gadgets and infrastructures. Technology is not only something that we make but is also something that in many ways makes us. The discipline of ethics must take this constitutive feature of institutions and technology into account thus ethics must in turn be embedded in our institutions and technology. The contributors to this book argue that the methodology of designing in ethics addressing and resolving the issues raised by technology through the use of appropriate technological design is the way to achieve this integration. They apply their original methodology to a wide range of institutions and technologies using case studies from the fields of healthcare media

and security Their volume will be important for philosophical practitioners and theorists alike *Peace David*

Cortright,2008-04-24 Veteran scholar and peace activist David Cortright offers a definitive history of the human striving for peace and an analysis of its religious and intellectual roots This authoritative balanced and highly readable volume traces the rise of peace advocacy and internationalism from their origins in earlier centuries through the mass movements of recent decades the pacifist campaigns of the 1930s the Vietnam antiwar movement and the waves of disarmament activism that peaked in the 1980s Also explored are the underlying principles of peace nonviolence democracy social justice and human rights all placed within a framework of realistic pacifism Peace brings the story up to date by examining opposition to the Iraq War and responses to the so called war on terror This is history with a modern twist set in the context of current debates about the responsibility to protect nuclear proliferation Darfur and conflict transformation **The Politics of Service**

Daniel Maul,2024-07-22 This book provides the first comprehensive history of the American Friends Service Committee AFSC the central aid agency of the Religious Society of Friends or Quakers from 1917 to 1945 Implying a thoroughly transnational approach it sheds a light on the important role American Quakers played in the emergence of a humanitarian sector both within the USA and beyond Through the Quaker lens the book addresses important tensions inherent to the history of humanitarianism in the 20th century Following the AFSCs aid operations from the First World War through post war Germany and Soviet Russia to the Spanish Civil War and into the Second World War it deals with the AFSC s conflicting roles as a specifically American aid organization on the one hand and its position within transnational religious and pacifist networks on the other and it opens a window to processes of professionalization the development of a humanitarian market place and the complex relationship of religious and secular strands in the history of international relief **A Nation of**

**Petitioners** Henry J. Miller,2023-02-09 Between 1780 and 1918 over one million petitions from across the four nations were sent to the House of Commons A Nation of Petitioners is the first study of this nineteenth century heyday of petitioning in the United Kingdom It explores how ordinary men and women engaged with politics in an era of democratisation but not democracy and restores their voices and actions to the story of UK political culture Drawing on more than a million petitions as well as archives of leading politicians institutions and pressure groups Henry J Miller demonstrates the centrality of petitions and petitioning to mass campaigning representation collective action and forging collective identities at the local and national level From the early nineteenth century the massive growth of petitions underpinned and reshaped the popular authority of the UK state including Parliament the monarchy and government Challenging accounts that have stressed disciplinary or exclusionary processes in the evolution of popular politics A Nation of Petitioners conclusively establishes the importance of the mass participation of ordinary people through petitions **Lord Robert Cecil** Gaynor

Johnson,2016-04-22 Lawyer politician diplomat and leading architect of the League of Nations Robert Cecil 1st Viscount Cecil of Chelwood was one of Britain s most significant statesmen of the twentieth century His views on international diplomacy

cover the most important aspects of British European and American foreign policy concerns of the century including the origins and consequences of the two world wars the disarmament movement the origins and early course of the Cold War and the first steps towards European integration His experience of the First World War and the huge loss of life it entailed provoked Cecil to spend his life championing the ethos behind and work of the League of Nations a role for which he was awarded the Nobel Peace Prize in 1937 Yet despite his prominence in the international peace movement Cecil has never been the focus of an academic biography Cecil has perhaps been judged unfairly due to his association with the League of Nations which has since been generally regarded as a failure However recent academic research has highlighted the contribution of the League to the creation of many of the institutions and precepts that have since the Second World War become accepted parts of the international system not least the United Nations In particular Cecil and his work on arms control lay the basis for understanding this new area of international activity which would bear fruit during the Cold War and after Through an evaluation of Cecil s political career the book also assesses his reputation as an idealist and the extent to which he had a coherent philosophy of international relations This book suggests that in reality Cecil was a Realpolitiker pragmatist whose attitudes evolved during two key periods the interwar period and the Cold War It also proposes that where a coherent philosophy was in evidence it owed as much to the moral and political code of the Cecil family as to his own experiences in politics Cecil s social and familial world is therefore considered alongside his more public life

**The Ideas That Conquered The World** Michael Mandelbaum, 2004-01-08 At the dawn of the twenty first century three ideas dominate the world peace as the preferred basis for relations between and among different countries democracy as the optimal way to organize political life and free markets as the indispensable vehicle for the creation of wealth While not practiced everywhere these ideas have for the first time in history no serious rivals And although the terrorist attacks of September 11 2001 were terrible and traumatic they did not change everything as so many commentators have asserted Instead these events served to illuminate even more brightly the world that emerged from the end of the Cold War In *The Ideas That Conquered the World* Michael Mandelbaum describes the uneven spread over the past two centuries of peace democracy and free markets from the wealthy and powerful countries of the world s core where they originated to the weaker and poorer countries of its periphery And he assesses the prospects for these ideas in the years to come giving particular attention to the United States which bears the greatest responsibility for protecting and promoting them and to Russia China and the Middle East in which they are not well established and where their fate will affect the rest of the world Drawing on history politics and economics this incisive book provides a clear and original guide to the main trends of the twenty first century from globalization to terrorism through the perspective of one of our era s most provocative thinkers
