

ORPHAN egg

In the latter part of last year at a Simon and Garfunkel concert in Forest Hills, New York, a live battle of the bands contest was being held. Two bands entered in the contest were the four stragglers from all over the country and I was one of the judges. There was a representative for American International Pictures, the motion picture company who was to offer the winning group a part in an upcoming flick, I remember. And by O.K., I mean, I saw, heard and felt "ORPHAN EGG" and knew this was a group destined! This album will tell her rest. Now meet Jim Bates, the Lead Singer - excellent; Dave Manning, Lead Guitarist - hard-core and mysterious; Pat Gallagher, Bassist and Vocalist - charm of the youth of today; Barry Smith, Back-upper exponent; George Ben, Drummer - well, he looks like a sucker, but he's not! That's "Orphan Egg". This is their first album - and I'm proud to present it to you.

-Guy Henric

side one:

- "FALLING" / Orphan Egg / Rock - Moby - Duet / 3:40
- "THAT'S THE WAY LOVE IS" / Orphan Egg / Rock - Moby - Duet / 2:30

Orphan Reissue Edition:

The Washingtons. Volume 5, Part 1 Justin Glenn, 2014-09-05 This is the fifth volume of Dr Justin Glenn's comprehensive history that traces the Presidential line of the Washingtons. Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657, married Anne Pope and became the great grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume Two highlighted notable family members in the next eight generations of John and Anne Washington's descendants, including such luminaries as General George S Patton, the author Shelby Foote, and the actor Lee Marvin. Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe. Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington's descendants. Volume Five now presents Generation Nine, including more than 10,000 descendants. Future volumes will trace generations ten through fifteen, making a total of over 63,000 descendants. Although structured in a genealogical format for the sake of clarity, this is no bare bones genealogy but a true family history with over 1,200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others, great and humble, who struggled to build that country. ADVANCE PRAISE: I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself. Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century, it is surprising that no comprehensive family history has been published. Justin M Glenn's *The Washingtons: A Family History* finally fills this void for the branch to which General and President George Washington belonged, identifying some 63,000 descendants. This is truly a family history, not a mere tabulation of names and dates, providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County, Virginia, in 1657. Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented, and errors of identification in previous publications are commented upon as appropriate. John Frederick Dorman, editor of *The Virginia Genealogist* 1957-2006 and author of *Adventurers of Purse and Person*. Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible. Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail, many of them Confederates of interest and importance. Robert K Krick, author of *The Smoothbore Volley* that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain. **Orphan's Destiny** Robert Buettner, 2008-04-01 In the bold second installment of Buettner's military science fiction series that began with *Orphanage*, 25-year-old General Jason Wander is returning home after long years in space, but to what Earth is now impoverished following the alien war. The problem: the first alien invasion was merely Plan A. *Selling Rights* Lynette Owen, 2014-10-17 *Selling Rights* has firmly

established itself as the leading guide to all aspects of rights sales and co publications throughout the world The seventh edition is substantially updated to illustrate the changes in rights in relation to new technologies and legal developments in the United Kingdom and the rest of the world This fully revised and updated edition includes coverage of the full range of potential rights from English language territorial rights through to serial rights permissions rights for the reading impaired translation rights dramatization and documentary rights electronic and multimedia rights More detailed coverage of Creative Commons and Open Access The aftermath of the Digital Economy Act 2010 the Hooper Report and new UK Statutory Instruments affecting copyright Updated coverage of book fairs The implications of adding e book rights to print licences A separate chapter on collective licensing via Reproduction Rights Organizations The impact of new electronic hardware e readers tablets mobile phones the distinction between sales and licences the rights implications of acquisitions mergers and disposals updates on serial rights including online New appendices listing territories normally sought as exclusive by UK publishers and a glossary of rights specific terms *Selling Rights* is an essential reference tool and an accessible and illuminating guide to current and future issues for rights professionals and students of publishing

The Washingtons.

Volume 4, Part 2 Justin Glenn, 2014-07-29 This is the fourth volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume Two highlighted notable members of the next eight generations of John and Anne Washington s descendants including General George S Patton author Shelby Foote and actor Lee Marvin Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe Volume Four resumes the family history where Volume One ended It presents Generation Eight of the immigrant John Washington s descendants containing nearly 7 000 descendants Future volumes will trace generations nine through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country Volume Four Part One covers the descendants of the immigrant John Washington s child Lawrence Washington Volume Four Part Two covers the descendants of the Immigrant s children John Washington Jr and Anne Washington Wright

A History of Child Welfare Lisa Merkel-Holguin, 2017-11-30 As we approach the year 2000 infant mortality rates child placement dilemmas and appropriate socialization of children continue to challenge the field of child welfare It is thus especially significant to reflect on the history of child welfare The carefully selected topics explored in this volume underscore the importance of recovering past events and themes still relevant It is the aim of this volume to illumine current issues by a review of past struggles and problems *A History of Child Welfare* offers many examples of practices that have direct import for those who struggle to support children Who is not bothered by what seem to be increasing acts of violence by children against children The role of hidden cruelty to children in perpetuating violence is illuminated by

studying the past Historians and social researchers have gone far in examining the family and by implication their revelations greatly increase society's complex responses to children over time from early assumptions that children were little more than miniature adults to the discovery of childhood as a special developmental period At the start of this century women still did not have universal suffrage and brutal child labor was not unusual Harsh legal codes separating the races were widespread and those bent on improving the lot of children knew that reform meant commitment to an uphill struggle By the end of the century much has changed child labor while still present has been outlawed in most industries women vote and hold many high offices and de jure racial segregation is largely a memory Yet the state of children remains precarious with poverty a persistent theme throughout the century The fifteen articles in this volume cover a wide range of social conditions public policies and approaches to problem solving Though history does not repeat itself precisely problems controversies about solutions and certain themes do A History of Child Welfare takes up social and economic conditions that correlate with increasing rates of child abuse and neglect and an increasing number of children in out of home care This volume distinguishes approaches that have been useful from those that have failed In this way these serious reflections help build on past successes and avoid previous errors

The Washingtons. Volume 2 Justin Glenn, 2014-07-29 This is the second volume of a comprehensive history that traces the Presidential line of the Washingtons Volume one began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and was the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume two is a collection of notable descendants of the next eight generations of John and Anne Washington's descendants including such luminaries as General George S Patton the author Shelby Foote and the actor Lee Marvin Future volumes will trace generations eight through fifteen making a total of over 63 000 descendants Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country The Washingtons includes the time honored John Wright line which in recent years has been challenged largely on the basis of DNA evidence Volumes one and two form a set with a cumulative bibliography appearing at the end of volume two

Orphans Preferred Christopher Corbett, 2004-09-14 WANTED YOUNG SKINNY WIRY FELLOWS NOT OVER 18 MUST BE EXPERT RIDERS WILLING TO RISK DEATH DAILY ORPHANS PREFERRED California newspaper help wanted ad 1860 The Pony Express is one of the most celebrated and enduring chapters in the history of the United States a story of the all American traits of bravery bravado and entrepreneurial risk that are part of the very fabric of the Old West No image of the American West in the mid 1800s is more familiar more beloved and more powerful than that of the lone rider galloping the mail across hostile Indian territory No image is more revered And none is less understood Orphans Preferred is both a

revisionist history of this magnificent and ill fated adventure and an entertaining look at the often larger than life individuals who created and perpetuated the myth of the Pony as it is known along the Pony Express trail that runs from St Joseph Missouri to Sacramento California The Pony Express is a story that exists in the annals of Americana where fact and fable collide a story as heroic as the journey of Lewis and Clark as complex and revealing as the legacy of Custer s Last Stand and as muddled and freighted with yarns as Paul Revere s midnight ride Orphans Preferred is a fresh and exuberant reexamination of this great American story

Bar-20 Francis M. Nevins,1993 That gimp legged liquor swigging tobacco spitting Hopalong Cassidy couldn t have been more different from his creator or from the William Boyd movie archetype Clarence E Mulford visited the West once yet drew from a rich imagination using continuing characters such as Cassidy Johnny Nelson Buck Peters and Mesquite Jenkins who went from youth to midlife to old age in his stories Uniquely blending detective story ingredients and Arthurian and Darwinian motifs he remained faithful to his vision of the Old West Seven original stories are reprinted

Adopting for God Soojin Chung,2021-12-14 Explores the role played by missionaries in the twentieth century transnational adoption movement Between 1953 and 2018 approximately 170 000 Korean children were adopted by families in dozens of different countries with Americans providing homes to more than two thirds of them In an iconic photo taken in 1955 Harry and Bertha Holt can be seen descending from a Pan American World Airways airplane with twelve Asian babies eight for their family and four for other families As adoptive parents and evangelical Christians who identified themselves as missionaries the Holts unwittingly became both the metaphorical and literal parental figures in the growing movement to adopt transnationally Missionaries pioneered the transnational adoption movement in America Though their role is known there has not yet been a full historical look at their theological motivations which varied depending on whether they were evangelically or ecumenically focused and what the effects were for American society relations with Asia and thinking about race more broadly Adopting for God shows that somewhat surprisingly both evangelical and ecumenical Christians challenged Americans to redefine traditional familial values and rethink race matters By questioning the perspective that equates missionary humanitarianism with unmitigated cultural imperialism this book offers a more nuanced picture of the rise of an important twentieth century movement the evangelization of adoption and the awakening of a new type of Christian mission

Discover UK Shoegaze and Dream Pop Vernon Joynson,2023-10-20 Discover UK Shoegaze and Dream Pop is an excellent comprehensive guide to the development of both genres in the UK It includes detailed discographies personnel details biographies analysis of their music and where applicable rarity ratings for all the 80s and 90s acts featured You ll recognise some names but several less well known acts are included too There s also a detailed postscript section on the re emergence of Shoegaze and Dream Pop in the UK in the 21st century and the bands involved in it This book is the latest in a quartet of books Vernon has written about UK music commencing with the Two Volume Tapestry of Delights 2014 A Sharp Shock To The System 2019 and The Britpop Bible 2022 These three previous titles appeared in

print but in view of the cost of living crisis Discover UK Shoegaze and Dream Pop has been published digitally to reduce the retail price and make it affordable for more of you You will discover a lot about UK Shoegaze and Dream Pop from this book which is profusely illustrated throughout There is nothing similar out there **Meat Cake Reissues TWO** ,2009-11-01
