Orphans Of The Empire:

Orphans of the Empire Alan Gill, 1997-01-01 *The Country of Lost Children* Peter Pierce, 1999-06-07 This book traces the figure of the lost child in Australia's history and imagination

Zimbabwe Brian Raftopoulos, Tyrone Savage, 2004 The author is from the Institute of Development Studies at the University of Zimbabwe. He examines the paradox ensuing from the Lancaster House Settlement at Zimbabwe's independence that whilst colonial rule was ended the framework was provided for continued white privilege on the basis of control of the economy by this elite and through them transnational capital. He analyses the responses of the ruling including official elite, the black petty bourgeoisie and the group associated with the former Rhodesian Front.

Empire's Son, Empire's Orphan Nile Green, 2024-07-02 A rollicking story of two literary fabulists who revealed the West's obsession with a fabricated exotic East. In the highbrow literary circles of the mid twentieth century a father and son spread seductive accounts of a mystical Middle East. Claiming to come from Afghanistan, Iqbal and Idries Shah parlayed their assumed identities into careers full of drama and celebrity, writing dozens of books that influenced the political and cultural elite. Pitching themselves as the authentic voice of the Muslim world, they penned picaresque travelogues and exotic potboilers alongside weighty tomes on Islam and politics. Above all, father and son told Western readers what they wanted to hear: audacious yarns of eastern adventure and harmless Sufi mystics' myths that, as the century wore on and the Taliban seized power, became increasingly detached from reality.

Empire's Son, Empire's Orphan follows the Shahs from their origins in colonial India to literary London, wartime Oxford and counterculture California via the League of Nations and Latin America. Nile Green unravels the conspiracies and pseudonyms, fantastical pasts and self-aggrandizing anecdotes, high stakes and bold schemes that for nearly a century painted the defining portrait of Afghanistan. Iqbal and Idries convinced poets, spies, orientalists, diplomats, occultists, hippies and even a prime minister that they held the key to understanding the Islamic world. From George Orwell directing Muslim propaganda to Robert Graves translating a fake manuscript of Omar Khayyam and Doris Lessing supporting jihad, Green tells the fascinating tale of how the book world was beguiled by the dream of an Afghan Shangri-La that never existed. Gambling with the currency of cultural authenticity, Iqbal and Idries became master players of the great game of empire and its aftermath. Part detective story, part intellectual folly, *Empire's Son, Empire's Orphan* reveals the divergence between representation and reality between what we want to believe and the more complex truth.

Nixon, 2016-02-17 Cheryl Nixon's book is the first to connect the eighteenth century fictional orphan and factual orphan emphasizing the legal concepts of estate blood and body Examining novels by authors such as Eliza Haywood Tobias Smollett and Elizabeth Inchbald and referencing never before analyzed case

records Nixon reconstructs the narratives of real orphans in the British parliamentary equity and common law courts and compares them to the narratives of fictional orphans The orphan s uncertain economic familial and bodily status creates opportunities to plot his or her future according to new ideologies of the social individual Nixon demonstrates that the orphan encourages both fact and fiction to re imagine structures of estate property and inheritance blood familial origins and marriage and body gender and class mobility Whereas studies of the orphan typically emphasize the poor urban foundling Nixon focuses on the orphaned heir or heiress and his or her need to be situated in a domestic space Arguing that the eighteenth century constructs the valued orphan Nixon shows how the wealthy orphan became associated with new understandings of the individual New archival research encompassing print and manuscript records from Parliament Chancery Exchequer and King s Bench demonstrate the law s interest in the propertied orphan The novel uses this figure to question the formulaic structures of narrative sub genres such as the picaresque and romance and ultimately encourage the hybridization of such plots As Nixon traces the orphan s contribution to the developing novel and developing ideology of the individual she shows how the orphan creates factual and fictional understandings of class family and gender **Street**

Urchins, Sociopaths and Degenerates David Floyd,2014-02-15 From the notable emergence of orphan figures in late eighteenth century literature through early and middle period Victorian fiction and as this book argues well into the fin de si cle this potent literary type is remarkable for its consistent recurrence and its metamorphosis as a register of cultural conditions The striking ubiquity of orphans in the literature of these periods encourages inquiry into their metaphoric implications and the manner in which they function as barometers of burgeoning social concerns The overwhelming majority of criticism focusing on orphans centres particularly on the form as an early to middle century convention primarily found in social and domestic works in effect the non traditional aberrant at times Gothic orphan of the fin de si cle has been largely overlooked if not denied outright This oversight has given rise to the need for a study of this potent cultural figure as it pertains to preoccupations characteristic of more recent instances This book examines the noticeable difference between orphans of genre fiction of the fin de si cle and their predecessors in works including first wave Gothic and the majority of Victorian fiction and the variance of their symbolic references and cultural implications *Contested Liberations,*

Transitions and the Crisis in Zimbabwe Oliver Nyambi,2024-04-02 How and when does culture enter the discourse on liberation transition and crisis in an African post colony such as Zimbabwe In a deeply polarised nation reeling from a difficult transition and an unrelenting economic crisis it is increasingly becoming difficult for the ZANU PF regime to prescribe and enforce its monolithic concept of liberation This book culls from contemporary counter cultures of liberation and transition the state of liberations in Zimbabwe It explores how culture has functioned as a complex site where rigid state authored liberations are legitimated and naturalised but also where they are negotiated contested and subverted *A Place in the Sun* Patrizia Palumbo,2003-11-17 This impressive volume succeeds in bringing Italian colonialism into the space of

Children, Childhood and Cultural Heritage Kate Darian-Smith, Carla Pascoe, 2012-12-12 Children Childhood and Cultural Heritage explores how the everyday experiences of children and their imaginative and creative worlds are collected interpreted and displayed in museums and on monuments and represented through objects and cultural lore Young people constitute up to half the population of any given society but their lives are inescapably influenced by the expectations and decisions of adults As a result children's distinct experiences are frequently subsumed within the broader histories and heritage of their families and communities And while adults inevitably play a prominent role in children's lives children are also active creators of their own cultures As this volume so vividly demonstrates the cultural heritage of children is rich and varied and highly revealing of past and present attitudes to children and their work play creativity and human rights The essays in this book span the experiences of children from classical Rome to the present moment and examine the diverse social and historical contexts underlying the public representations of childhood in Britain Europe North America Australia North Africa and Japan Case studies examine the heritage of schools and domestic spaces the objects and games of play the commemoration of child Holocaust survivors memorials to Indigenous child removal under colonial regimes children as collectors of objects and as authors of juvenilia curatorial practices at museums of childhood and the role of children as visitors to historical sites Until now the cultural heritage of children and the representations of childhood have been largely absent from scholarly discussions of museology heritage places and material culture This volume rectifies that gap bringing together international experts in children's histories and heritage Aimed at a wide readership of students academics and museum and heritage professionals Children Childhood and Cultural Heritage authoritatively defines the key issues in this exciting new field
