Richard Brome Aphra Behn and Daughters of Ben women working in the theatre in the post Restoration period The book concludes with an extensive section devoted to modern day Jonsonians exploring how reading their work as Jonsonian might alter perceptions of contemporary theatre and how seeing them as contemporary Jonsonians might affect our understanding of Jonson s theatre The Oxford English Literary History: Volume 12: The Last of England? Songs That Saved Your Life (Revised Edition) Simon Goddard,2013-03-26 One of the seminal groups of the Eighties The Smiths career was as brilliant as it was brief Now drawing on interviews with band members producers and colleagues music journalist Simon Goddard presents a meticulous chronological survey of the group's musical evolution from their first demos in 1982 to their final fractured studio session five years later Investigating the stories behind the songs and detailing every British TV and radio session he also offers a unique analysis of each track s concert life Granted unprecedented access to The Smiths studio archives and to the private collection of outtakes and rehearsals retained by drummer Mike Joyce the author lifts the lid on unreleased material as well as the lost songs and alternate versions that have remained closely guarded Posting the Male, 2022-06-08 The essays collected in Posting the Male examine representations of secrets until now masculinity in post war and contemporary British literature focussing on the works of writers as diverse as John Osborne Joe Orton James Kelman Ian Rankin Carol Ann Duffy Alan Hollinghurst Ian McEwan Graham Swift and Jackie Kay The collection seeks to capture the current historical moment of crisis at which masculinity loses its universal transparency and becomes visible as a performative gender construct Rather than denoting just one fixed polarised point on a hierarchised axis of strictly segregated gender binaries masculinity is revealed to oscillate within a virtually limitless spectrum of gender identities characterised not by purity and self containment but by difference and alterity As the contributors demonstrate rather than a gender in crisis millennial manhood is a gender in transition Patriarchal strategies of man making are gradually being replaced by less exclusionary patterns of self identification inspired by feminism Men have begun to recognise themselves as gendered beings and as a result masculinity has been set in motion Out on Stage Alan Sinfield, 1999-01-01
