Navy, 1956 Register of the Commissioned and Warrant Officers of the Navy of the United States and of the Marine Corps United States. Bureau of Naval Personnel, 1955 **The Washingtons. Volume 4, Part 2** Justin Glenn, 2014-07-29 This is the fourth volume of Dr Justin Glenn's comprehensive history that traces the Presidential line of the Washingtons. Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington. It continued the record of their descendants for a total of seven generations. Volume Two highlighted notable members of the next eight generations of John and Anne Washington's descendants including General George S Patton, author Shelby Foote and actor Lee Marvin. Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe. Volume Four resumes the family history where Volume One ended. It presents Generation Eight of the immigrant John Washington's descendants containing nearly 7 000 descendants. Future volumes will trace generations nine through fifteen making a total of over 63 000 descendants. Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country. Volume Four Part One covers the descendants of the immigrant John Washington's child Lawrence Washington. Volume Four Part Two covers the descendants of the Immigrant's children John Washington Jr and Anne Washington Wright. **Amateur Radio Stations of the U.S.** United States. Dept. of Commerce. The end of the war on the Western Front was at last in sight. These final days became a series of battles to capture a number of river lines as each one was captured by the Allies the German Army fell back to the next. Despite stiff resistance from the enemy the Allies slowly advanced. The Germans became increasingly demoralised and about a quarter of their army surrendered. By the beginning of November the Allies had closed in until they were flanking the Forest of Mormal surrounding the enemy. On 11 November the Canadian Corps retook Mons and following the signing of the armistice the guns finally fell silent at 11 a.m. Covering the six week period from the Battle of Canal du Nord to Armistice Day this volume tells
