Paul Pioneer For Israels Messiah:

Paul J. van Bruggen,2005 This detailed yet eminently readable description of Paul s life clearly shows that all sources converge to present a pioneer life adventurous unpredictable nonlinear full of risks An analysis of Paul s place in the development of the Christian church shows that Paul was not a marginal figure operating out of reaction He was instead a driven pioneer for a Christianity that is aware of Christ s kingship and that realizes it is not a new religion but the fulfillment of the messianic promises made to Abraham Thus Paul was above all the pioneer for the Messiah Jesus Christ *Romans 4 and the New Perspective on Paul* Gerhard H. Visscher,2009 In addition to examining Romans IV includes discussion of

writings supporting and opposing the New Perspective position **Coping with Violence in the New Testament** Pieter G.R. de Villiers,Jan Willem van Henten,2012-01-20 The present publication aims to contribute to the recent scholarly debate about the interconnections between violence and monotheistic religions by analysing the role of violence in the New Testament as well as by offering some hermeneutical perspectives on violence as it is articulated in the earliest Christian writings **A Legacy of Preaching: Two-Volume Set---Apostles to the Present Day** Zondervan,2018-12-11 A Legacy of Preaching Two Volume Set Apostles to the Present Day explores the history and development of preaching through a biographical and theological examination of its most important preachers Instead of teaching the history of preaching from the perspective of movements and eras each contributor tells the story of a particular preacher in history allowing these preachers from the past to come alive and instruct us through their lives theologies and methods of preaching Each chapter introduces readers to a key figure in the history of preaching followed by an analysis of the theological views that shaped their preaching their methodology of sermon preparation and delivery and an appraisal of the significant contributions they have made to the history of preaching This diverse collection of familiar and lesser known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years By looking at how the gospel has been communicated over time and across different cultures pastors scholars and homiletics students can enrich their own understanding and practice of preaching for application today Volume One covers the period from the apostles to the Puritans and profiles thirty preachers including Origen of Alexandria by Stephen O Presley John Chrysostom by Paul A Hartog Augustine of Hippo by Edward L Smither Gregory the Great by W Brian Shelton Bernard of Clairvaux by Elizabeth Hoare Francis of Assisi by Timothy D Holder Saint Bonaventure by G R Evans Meister Eckhart by Daniel Farca John Huss by Mark A Howell Martin Luther by Robert Kolb John Calvin by Anthony N S Lane Jonathan Edwards by Gerald R McDermott John Wesley by Michael Pasquarello III George Whitefield by Bill Curtis and Timothy McKnight and many more Volume Two covers the period from the Enlightenment to the present day and profiles thirty one preachers including Catherine Booth by Roger J Green Charles Haddon Spurgeon by Thomas J Nettles Henry Ward Beecher by Michael Duduit John Albert Broadus by Hershael W York D L Moody by Gregg L Quiggle Billy Sunday by Kristopher K Barnett Karl Barth by William H Willimon

Paul, Apostle of Grace Frank Thielman, 2025-03-27 An engaging and accessible introduction to the life and world of Paul In this fresh and engaging survey Frank Thielman introduces readers to the life and world of the apostle Paul Drawing on the Acts of the Apostles and Paul's canonical letters as well as noncanonical sources and archaeological records Thielman constructs a vivid picture of the complex historical period and fascinating cultures in which Paul worked At the same time Thielman guides readers toward a deeper understanding of who Paul was what he believed and how he carried out his ministry Solidly grounded in Paul's own writings as well as scholarly research the book explores a wide range of compelling questions What drove Paul to endure often treacherous journeys of hundreds of miles to establish like minded communities around the world as he knew it What spurred him to recruit a network of co workers who were willing to help him in this vast project What kept him at the task even when it landed him in prison What prompted him to produce a body of letters to these communities of such depth that millions of people still read them with profit today Addressing these questions through careful and conservative research Paul Apostle of Grace is a worthy successor to F F Bruce's classic study and an essential resource for scholars and students of the Bible today

Charts on the Life, Letters, and Theology of Paul Lars Kierspel, 2012 This useful contribution by Lars Kierspel provides us with a treasure trove of information on Paul's world life and ministry churches letters and thought All of this is condensed into a format of some 111 charts each covering a different topic related to Paul and his epistles The charts are arranged into four categories covering Paul's background and context his life and ministry his letters and finally his theological concepts Though not completely exhaustive in scope Kierspel covers the main issues in each category such as the religious and political context of Paul's world and the setting of each Pauline letter with brief introductions snapshots of its contents Current scholarly debates about such things as authorship and interpretation of problem passages are treated thoroughly and in a balanced presentation with ample bibliographical notes for further investigation Especially valuable are his treatments of topics of particular current interest and scholarly debate such as the role of women in Paul's churches the meaning of his phrase faith of Christ and the new perspective on Paul to mention but a few John Polhill Southwestern Baptist Theological Seminary

Vlachos,2009-01-01 First Corinthians 15 56 The sting of death is sin and the power of sin is the law is both puzzling and neglected It is puzzling since there appears to be no precursor in 1 Corinthians to the law critical statement found there It is neglected because of its size Nevertheless the short verse offers the opportunity to analyze in a rudimentary state Paul s law sin notion that appears full blown in Romans and the absence of a polemical setting allows scholars to examine a law critical statement issued during a polemical lull In The Law and Knowledge of Good and Evil Vlachos weighs attempts to explain the presence of 1 Cor 15 56 in 1 Corinthians and argues that the Genesis Fall narrative where the tempter plied his seductions by way of the commandment provides the theological substructure to Paul s understanding of the law s provocation of sin In doing so Vlachos contends that Paul reaches the historical high water mark of his polemic against the salvific efficacy of the law by locating a law sin nexus in Eden and contrary to some recent perspectives on Paul he argues that the edenically informed axiom in 1 Cor 15 56 suggests that Paul s fundamental concern with the law was rooted in primordial rather than ethnic soil While studies of Paul and the law have tended to bypass Eden The Law and Knowledge of Good and Evil breaks ground by moving the argument beyond Second Temple Judaism to the Genesis Fall account where the prohibition against partaking of the knowledge of good and evil led to the knowledge of sin *Beginning from Jerusalem* James D.G. Dunn,2009-03-16 Beginning from Jerusalem covers the early formation of the Christian faith from 30 to 70 C E After outlining the quest for the historical church parallel to the quest for the historical Jesus and reviewing the sources James Dunn follows the course of the movement stemming from Jesus beginning from Jerusalem He opens with a close analysis of what can be said of the earliest Jerusalem community the Hellenists the mission of Peter and the emergence of Paul Then Dunn focuses solely on Paul the chronology of his life and mission his understanding of his call as apostle and the character of the churches that he founded The third part traces the final days and literary legacies of the three principal figures of first generation Christianity Paul Peter and James the brother of Jesus Each section includes detailed interaction with the vast wealth of secondary literature on the many subjects covered

Paul and the Heritage of Israel David P. Moessner, Daniel Marguerat, Mikeal C. Parsons, Michael Wolter, 2012-03-29 As a sequel to the hugely successful *Jesus and the Heritage of Israel* this book brings together fourteen internationally acclaimed scholars in antiquities studies and experts on Paul and Luke The contributors provoke new approaches to the troubled relation of the Lukan Paul by re configuring the figure and impact of Paul upon nascent Christianity with the two leading questions as a driving force First Who is Israel and the church for Luke and Luke s Paul and secondly Who is Jesus of Nazareth and who is Paul in relation to both The contributors provide challenging new perspectives on approaches to the figure of Paul in recent scholarship as well as in the scholarship of previous generations re figuring Paul by examining both how he is portrayed in Acts and how the Pauline figure of Acts may be envisioned within Paul s own writings *Paul and the Heritage of Israel* thus accomplishes what no other single volume has done combining both the Paul of Paul and the Paul of Luke in one seminal volume **Israel, Covenant, Law** Kim Papaioannou, 2017-10-27 Pauline studies are in a conundrum The Reformation perspectives championed by great men like Martin Luther and John Calvin have been challenged recently by the rise of the new perspective on Paul The main point of contention seems to be the place of biblical law in salvation While the Reformation perspectives based in part on Paul s apparent attacks on law assert that salvation is a free gift unmerited by human works the new perspective suggests the law is an integral part of the work of salvation It holds that Paul s attacks on the law were focused only on specific aspects of law the so called boundary markers This book while having points of contact with both outlooks takes a different view on Paul and the law Building on Paul s self identification as a Christian and Christian views on the covenant it endeavors to give biblical law its due place in the plan of salvation and the
