Jan Glete

Return Of The Armadas The Last Years Of The Elizabethan War Against Spain 1595 1603:

The Return of the Armadas : The Last Years of the Elizabethan War against Spain 1595-1603 R. B. Wernham, 1994-03-31

The defeat of the Spanish Armada did not put an end to Spanish sea power nor to Spain's ambitions in northern Europe. By the mid 1590s Spain had recovered from the disaster of 1588 and the renewed naval wars together with the outbreak of rebellion in Ireland form the principal themes of this book. R. B. Wernham sets out to examine these major events of the last years of the Queen Elizabeth's reign and to assess their impact on English policy. Professor Wernham shows how much of the impetus in foreign policy derived from the Earl of Essex whose personal ambition and practical incompetence brought frustration and danger and ultimately led him through rebellion to the Scaffold. It was left to Mountjoy in Ireland to Leveson and a new generation of sea commanders and above all to Robert Cecil to bring war and rebellion to a reasonably satisfactory conclusion. *The Return of the Armadas* is a superbly integrated and lucidly written study in grand strategy by a leading historian of Elizabethan affairs.

Warfare at Sea, 1500-1650 Jan Glete, 2002-01-04 *Warfare at Sea 1500 1650* is the first truly international study of warfare at sea in this period. Commencing in the late fifteenth century with the introduction of gunpowder in naval warfare and the rapid transformation of maritime trade *Warfare at Sea* focuses on the scope and limitations of war before the advent of the big battle fleets from the middle of the seventeenth century. The book also compares the social history of seamen and the early officer corps in several European countries and includes discussion on Spain, Portugal, France, Venice, the Ottoman Empire and the Baltic states.

The Return of the Armadas R. B. Wernham, 1994
The Mirror of Spain, 1500-1700 J. N. Hillgarth, 2000 Spanish national character imposed and exposed
Philip III and the Pax Hispanica, 1598-1621 Paul C. Allen, 2000-01-01 Impoverished and exhausted after fifty years of incessant warfare the great Spanish Empire at the turn of the sixteenth century negotiated treaties with its three most powerful enemies: England, France and the Netherlands. This intriguing book examines the strategies that led King Philip III to extend the laurel branch to his foes. Paul Allen argues that contrary to widespread belief the king's gestures of peace were in fact part of a grand strategy to enable Spain to regain military and economic strength while its opponents were falsely lulled away from their military pursuits. From the outset Allen contends Philip and his advisers intended the *Pax Hispanica* to continue only until Spain was able to resume its battles and defeat its enemies. Drawing on primary sources from the four countries involved the book begins with a discussion of how Spanish foreign policy was formulated and implemented to achieve political and religious aims. The author investigates the development of Philip's peace strategy: the Twelve Years Truce and the decision to end the truce and engage in war with the Dutch and then with the English and French. Renewed warfare was no failure of peace policy, Allen shows, but a conscious decision to pursue a consistent strategy. Nevertheless the negotiation for peace did represent a new diplomatic method with significant implications for both the future of the Spanish Empire and the practices of European diplomacy.

The Society of Jesus in Ireland, Scotland, and England, 1589-1597 Thomas M.

McCoog, S.J., 2016-02-24 English Catholic voices once disregarded as merely confessional are now acknowledged to provide important perspectives on Elizabethan society Based on extensive archival research this book builds on previous studies for the first thorough investigation of the Jesuit mission to England during a critical period between the unsuccessful armadas of 1588 and 1597 a period during which the mission was threatened as much by internal Catholic conflict as it was by the crown To address properly events in England the study fully engages with the situation in Ireland Scotland and the continent so as to contextualize the ambitions methods and effects of the Jesuit mission For England felt threatened not only by the military might of Spain but also by any assistance King Philip II might provide to Catholics earls and a vindictive James VI in Scotland powerful nobles in Ireland and English Catholics at home and abroad However it is the particular role of the Jesuits that occupies central place in the narrative highlighting the way in which the Society of Jesus typified all that Elizabethan England feared about the Church of Rome Through an exhaustive study of the many facets of the Jesuit mission to England between 1589 and 1597 this book provides a fascinating insight not only into Catholic efforts to bring England back into the Roman Church but also the simmering tensions and disagreements on how this should be achieved as well as debates concerning the very nature and structure of English Catholicism A second volume The Society of Jesus in Ireland Scotland and England 1598 1606 will continue the story through to the early years of James VI I s reign

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

Dynasty and Piety Luc Duerloo, 2016-04-29 The youngest son of Emperor Maximilian II and nephew of Philip II of Spain Archduke Albert 1559 1621 was originally destined for the church However dynastic imperatives decided otherwise and in 1598 upon his marriage to Philip s daughter the Infanta Isabella Clara Eugenia he found himself ruler of the Habsburg Netherlands one of the most dynamic yet politically unstable territories in early modern Europe Through an investigation of Albert s reign this book offers a new and fuller understanding of international events of the time and the Habsburg role in them Drawing on a wide range of archival and visual material the resulting study of Habsburg political culture demonstrates the large degree of autonomy enjoyed by the archducal regime which allowed Albert and his entourage to exert a decisive influence on several

crucial events preparing the ground for the Anglo Spanish peace of 1604 by the immediate recognition of King James clearing the way for the Twelve Years Truce by conditionally accepting the independence of the United Provinces reasserting Habsburg influence in the Rhineland by the armed intervention of 1614 and devising the terms of the O ate Treaty of 1617 In doing so the book shows how they sought to initiate a realistic policy of consolidation benefiting the Spanish Monarchy and the House of Habsburg Whilst previous work on the subject has tended to concentrate on either the relationship between Spain and the Netherlands or between Spain and the Empire this book offers a far deeper and much more nuanced insight in how the House of Habsburg functioned as a dynasty during these critical years of increasing religious tensions Based on extensive research in the archives left by the archducal regime and its diplomatic partners or rivals it bridges the gap between the reigns of Philip II and Philip IV and puts research into the period onto a fascinating new basis England's Colonial Wars 1550-1688 Bruce Lenman,2014-07-15 Bruce Lenman s hugely ambitious study explores three interacting themes the growth of England s sprawling colonial empire its military dimension and the impact of colonial warfare on national identity He starts in Ireland with the renewed assault of English settlers on the Irish Gaeltacht Under the Scottish Stuarts England then began a dramatic expansion across the North Atlantic In America the Indian Wars fought with minimal Crown support helped forge an independent military capability among the colonists while in the West Indies slave numbers and French intervention forced English settlers into a new dependency on the Crown In India the East India Company achieved ascendancy by sepoy armies under British control These were very different kinds of empire and a showdown became inevitable The climactic conflict the American Revolution would not only dictate the future shape of colonial expansion but also decisively reshaped the identities of all the participants **Amphibious Warfare 1000-1700** Trim,Mark C. Fissel,2005-11-01 This volume reconceptualizes amphibious warfare and also fills an important gap in its historiography examining how it was conceived practised and employed from the Crusades through the first wave of European exploration and colonization the Price Revolution and the European wars of religion up to the early Industrial Revolution and the beginnings of a new wave of imperialism Essays examine issues related to strategy operational art tactics logistics and military technology but also consider commerce and culture They reveal that amphibious warfare was often waged for economic reasons and was the quintessential warfare of European imperialism for sea power was required to deliver and sustain land power The volume is lavishly illustrated with 30 plates and twelve maps Contributors Matthew Bennett Louis Sicking Malyn Newitt Jan Glete John F Guilmartin R B Wernham Mark Charles Fissel Guy Rowlands John Stapleton David J B Trim *The Age of Wars of Religion, 1000-1650* Cathal J. Nolan,2006-04-30 The Age of Wars of Religion saw navies armies armed merchant companies and mercenaries battle one another and local potentates in many lands and along numerous shores Wars of religion were fought in and between all the major religions and civilizations from Europe to China in Africa and in the isolated Americas mixing motives of knightly idealism mercenary greed and competing claims of divine sanction

This unparalleled work traces the extraordinary upheavals of the period in military technology competing theologies and civilizational change that were brought about by or impinged upon military conflict. It offers nearly 2 000 discrete but cross referenced entries on cultural military religious and political history as well as geography biography and military literature. Close to 2 000 entries offer detailed information on the major events places battles figures technologies and ideas one must know to begin to make sense of the past six centuries of global conflicts. Though especially ferocious and intense the Wars of Reformation and Counter Reformation fought by Europeans from the 15th through 17th centuries were hardly unique in world or military history. The Byzantine Empire bastion of Christian Orthodoxy staggered to the tortuous end of its long conflict with the Ottoman Empire the Great Power of the Sunni Muslim world. The Ottomans in turn were still engaged in an equally ancient intra Muslim war between Sunnis and Shi'ites. In India the Hindu Rajputs and Marathas and also the Sikhs organized armies around religious communities to throw off the Muslim Yoke. Mughul Empire and also fought against Christian invaders from Europe. As for the isolated Americas ideas of divine kingship sustained by powerful priesthoods and religious warfare also prevailed as exemplified by the Inca and Aztec empires. **The Early Modern Papacy** A.D.

Wright, 2014-07-10 A history of the Papacy covering the vital period from the Renaissance through the Counter Reformation to the period of the French Revolution. It's a broad survey analysing the influence of Papal power not only across Europe but the wider world also. **The Oxford History of the British Empire: Volume I: The Origins of Empire : British**

Overseas Enterprise to the Close of the Seventeenth Century Nicholas Canny, 1998-05-28 Volume I of the Oxford History of the British Empire explores the origins of empire. It shows how and why England and later Britain became involved with transoceanic navigation trade and settlement during the sixteenth and seventeenth centuries. The chapters by leading historians both illustrate the interconnections between developments in Europe and overseas and offer specialist studies on every part of the world that was substantially affected by British colonial activity. As late as 1630 involvement with regions beyond the traditional confines of Europe was still tentative. By 1690 it had become a firm commitment. Series blurb. The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records. It deals with the interaction of British and non western societies from the Elizabethan era to the late twentieth century aiming to provide a balanced treatment of the ruled as well as the rulers and to take into account the significance of the Empire for the peoples of the British Isles. It explores economic and social trends as well as political. [The Oxford History of the British Empire: Volume I: The Origins of Empire](#) William Roger Louis, Nicholas

Canny, Elaine M. Low, 2001-07-26 The Oxford History of the British Empire is a major new assessment of the Empire in the light of recent scholarship and the progressive opening of historical records. The Masters of the Revels and Elizabeth I's Court Theatre W. R. Streitberger, 2017-08-17 The Masters of the Revels and Elizabeth I's Court Theatre places the Revels Office and Elizabeth I's court theatre in a pre modern patronage and gift exchange driven world of centralized power in which hospitality liberality and conspicuous display were fundamental aspects of social life W R Streitberger reconsiders the relationship between the biographies of the Masters and the conduct of their duties rethinking the organization and development of the Office re examining its productions and exploring its impact on the development of the commercial theatre The nascent capitalist economy that developed alongside and interpenetrated the gift driven system that was in place during Elizabeth's reign became the vehicle through which the Revels Office along with the commercial theatre was transformed Beginning in the early 1570s and stretching over a period of twenty years this change was brought about by a small group of influential Privy Councillors When this project began in the early 1570s the Queen's revels were principally in house productions devised by the Master of the Revels and funded by the Crown When the project was completed in the late 1590s the Revels Office had been made responsible for plays only and put on a budget so small that it was incapable of producing them That job was left to the companies performing at court Between 1594 and 1600 the revels consisted almost entirely of plays brought in by professional companies in the commercial theatres in London These companies were patronized by the queen's relatives and friends and their theatres were protected by the Privy Council Between 1594 and 1600 for example all the plays in the revels were supplied by the Admiral's and Chamberlain's Players which included writers such as Shakespeare and legendary actors such as Edward Alleyn Richard Burbage and Will Kempe The queen's revels essentially became a commercial enterprise paid for by the ordinary Londoners who came to see these companies perform in selected London theatres which were protected by the Council

Dynastic Politics and the British Reformations, 1558-1630 Michael Questier, 2019-01-17 Dynastic Politics and the British Reformations 1558 1630 revisits what used to be regarded as an entirely mainstream topic in the historiography of the later sixteenth and early seventeenth centuries namely the link between royal dynastic politics and the outcome of the process usually referred to as the Reformation As everyone knows the principal mode of transacting so much of what constituted public political activity in the early modern period and especially of securing something like political obedience if not exactly stability was through the often distinctly un modern management of the crown's dynastic rights via the line of royal succession and in particular through matching into other royal and princely families Dynastically the states of Europe resembled a vast sexual chess board on which the trick was to preserve advance and then match to advantage one's own most powerful pieces This process and practice were obviously not unique to the sixteenth and seventeenth centuries But the changes in religion generated by the discontents of western Christendom in the Reformation period made dynastic politics ideologically fraught in a way which had not been the case previously in that certain modes of religious thought were now taken to reflect on critique and hinder

this mode of exercising monarchical authority sometimes even to the extent of defining who had the right to be king or queen

Under the Bloody Flag John C Appleby, 2011-11-08 Long before Blackbeard Captain Kidd and Black Barty terrorised the Caribbean the seas around the British Isles swarmed with pirates Thousands of men turned to piracy at sea often as a makeshift strategy of survival Piracy was a business not a way of life Although the young Francis Drake became the most famous pirate of the period scores of little known pirate leaders operated during this time acquiring mixed reputations on land and at sea Captain Henry Strangeways earned notoriety for his attacks on French shipping in the Channel and the Irish Sea selling booty ashore in south west England and Wales John Callice and his associates sailed in consort with others including another arch pirate Robert Hicks plundering French Spanish Danish and Scottish shipping in voyages that ranged from Scotland to Spain The first British pirates led erratic careers but their roving in local waters paved the way for the more aggressive and ambitious deep sea piracy in the Caribbean

Court Politics and the Earl of Essex, 1589-1601 Janet Dickinson, 2015-10-06 The 1590s have long been considered as having had a distinct character separate from the remainder of Elizabeth's reign This book provides a reassessment of the politics and political culture of this significant period

Reader's Guide to British History David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

The Top Books of the Year Return Of The Armadas The Last Years Of The Elizabethan War Against Spain 1595 1603 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Return Of The Armadas The Last Years Of The Elizabethan War Against Spain 1595 1603 : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Return Of The Armadas The Last Years Of The Elizabethan War Against Spain 1595 1603 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
