On Benefits Seneca, 2017-11-21 Among the numerous faults of those who pass their lives recklessly and

without due reflexion my good friend Liberalis I should say that there is hardly any one so hurtful to society as this that we neither know how to bestow or how to receive a benefit It follows from this that benefits are badly invested and become bad debts in these cases it is too late to complain of their not being returned for they were thrown away when we bestowed them Nor need we wonder that while the greatest vices are common none is more common than ingratitude for this I see is brought about by various causes The first of these is that we do not choose worthy persons upon whom to bestow our bounty but although when we are about to lend money we first make a careful enquiry into the means and habits of life of our debtor and avoid sowing seed in a worn out or unfruitful soil yet without any discrimination we scatter our benefits at random rather than bestow them It is hard to say whether it is more dishonourable for the receiver to disown a benefit or for the giver to demand a return of it for a benefit is a loan the repayment of which depends merely upon the good feeling of the debtor To misuse a benefit like a spendthrift is most shameful because we do not need our wealth but only our intention to set us free from the obligation of it for a benefit is repaid by being acknowledged Jesse James and the Movies Johnny D.

Secession, November 1860-April 1861 Jon L. Wakelyn, 2000-11-09 The election of Abraham Lincoln as president in 1860 initiated a heated debate throughout the South about what Republican control of the federal government would mean for the slaveholding states During the secession crisis of the winter of 1860-61 Southerners spoke out and wrote prolifically on the subject publishing their views in pamphlets that circulated widely These tracts constituted a regional propaganda war in which Southerners vigorously debated how best to react to political developments on the national level In this valuable reference work Jon Wakelyn has collected twenty representative examples of this long overlooked literature Although the pamphlets reflect deep differences of opinion over what Lincoln's intentions were and how the South should respond all indicate the centrality of slavery to the Southern way of life and reflect a pervasive fear of racial unrest More generally the pamphlets reveal a wealth of information about the South's political thought and self identity at a defining moment in American history The twenty items included here represent the views of leaders and opinion makers throughout the slaveholding states and are fully annotated An additional sixty-five pamphlets are listed and briefly described in an appendix Originally published in 1996 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
